If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

JOHN SAVIDANT INSTANTLY KILLED and Went Under Train— Funeral

Campbellton was deeply stirred by the tragic fatality which occurred at the Andrew street crossing, Saturday evening, when John Savidant, aged 18, a popular young machinist, was instantly killed by falling under the wheels of the suburban, which leaves here for Newcastle at 6 o'clock.

Workmen returning home along the railway track a few minutes after six o'clock, found the mutilated remains. One of the first on the scene was Divisional Superintendent Devenish, who immediately sent word to the coroner and police. The boy's father, William Savidant, was also among the early ones at the scene of the accident, and recognized the body as that of his son.

The coroner, A. Martin, M. D., ordered the body removed to Graham's undertaking rooms, where an inquest was held later in the evening.

The jury chosen consisted of David Champoux, Alex. Mowat, Donald Trueman, Charles A. Alexander, Henry Currie, Peter McNichol and James Parker.

From the evidence it appears that young Savidant, who was employed at McLennan's foundry, left his work as usual on Saturday at 4 o'clock, and came out with a number of his mates. Near the station they found the suburban just hauling out and Savidant calling on another workman to "come and have a ride" ran up and climbed on the iron ladder of the box car next the engine. That was the last seen of him till his body was found near the track, and it is presumed he attempted to jump off when nearing Andrew street and was thrown back under the train. The body was dreadfully mutilated.

The jury returned a verdict of accidental death attaching no blame to the I. C. R. or to any of its employees.

The sympathy of the entire community goes out to the bereaved family. The mother had hardly recovered from the severe shock of the news of her other son's death and is now in a very critical condition. Almond Savidant was killed recently while fighting for his kind and country.

Besides his parents, a brother and two sisters survive.

The funeral was held Monday afternoon and was very largely attended. "A" company of the 132nd Battalion with their bugle band, with muffled drums, and playing the dead march preceded the funeral cortege. The body was taken to the church of Our Lady of Snows, where an impressive service was conducted, after which it was taken to the Catholic cemetery for interment.

ASSIGNMENT

Mr. Chalmers Jack Mersereau, surviving partner of the firm of Kierstead & Mersereau, of St. John, has made an assignment on behalf of the firm to Sheriff Wilson for the benefit of his creditors. A meeting of the latter is called for February 4th.

ILL WITH PNEUMONIA

W. R. McMillan, Esq. of Durham Centre received word last week that his son Robert E., who is taking the military course for Lieutenant at Halifax, was seriously ill with pneumonia. Mr. McMillan immediately went to Halifax and reports that his son is much improved.

Liquor License Commissioners
Met Tuesday Evening and
Granted Licenses

The Liquor License commissioners held their meeting Monday evening to consider the applications for liquor licenses.

There were applications for three wholesale and five tavern licenses. The meeting was adjourned until Tuesday evening, Jan. 25th, when the following licenses were granted.

Wholesale—N. Bernatchez, Isaac Boudreau.
Tavern—John McIntyre, Henry Cormier, J. I. Boudreau, Aime LaCase.

This is one less than last year when there were five tavern licenses granted.

Council then adjourned.

RECEIVES CALL

TO DALHOUSIE

Rev. John Hugh McLean the
Unanimous Choice for St.
John's Church

At the meeting of the congregation of St. John's Presbyterian Church, Dalhousie, held Monday evening, Rev. F. L. Jobb presiding, a hearty and unanimous call was extended to Rev. John H. McLean, at present supplying the pulpit of St. Andrew's church, Chatham. The stipend promised is \$1100 and a manse, with one month's yearly vacation. Commissioners were appointed to support the call when it will come before Presbytery at the regular meeting to be held in Chatham early in February. Mr. McLean did not preach as a candidate at Dalhousie, but was called on the recommendation of some of the ministers of Miramichi who know him and his work somewhat intimately and in whom the congregation of St. John's church has full confidence.

SMELT FISHING

Fair catches of smelts are being taken during these tides. The price, 7 cents, is unusually high and the fishermen will make some money if the run continues. Last year the fishing was a failure.

SUPPLYING ICE

Mr. Thos. Ellsworth is busy filling the I. C. R. ice houses. This will take considerable time as the contract is a large one.

LARGER SHIPMENTS FROM RESTIGOUCHE Show Healthy Increase Over 1914

Statistics of the lumber shipments from New Brunswick during 1915 show that there has been a large increase over 1914.

Shipments from North Shore ports have been as follows—

Year	No. of Vessels	Tons	Sup. feet
1914	20	27,828	37,370,851
1915	34	32,793	42,131,020

Year	No. of Vessels	Tons	Sup. feet
1914	36	38,601	12,000,000
1915	46	37,415	17,000,000

Year	No. of Vessels	Tons	Sup. feet
1914	10	7,172	10,779,943
1915	19	17,667	26,126,424

It will be seen that there has been a large increase from the North Shore ports. A recapitulation of the shipments for New Brunswick in 1915, compared with the last three years, gives the following result:

Year	No. of Vessels	Tons	Sup. feet
1912	245	806,682	
1913	270	963,621	
1914	217	906,818	
1915	325	890,743	

As prices were good, the trans-Atlantic wood business was profitable during the year.

TO-DAYS WAR NEWS
London, Jan. 26th.—Socialists and anti-war speakers win no sympathy at great labor conference.

Allied blockade tightens with support of the French.

Police warning said to presage Zepelin raids.

Smith Dorian begins march on East Africa.

French retake crater.

London, Jan. 27.—Germany reports stiff fighting on western front with usual successes.

Austrian Emperor reported rapidly growing weaker.

Austrians and Bulgarians attacking Albania. Serbians retreat to Durazzo, which city is full of starving people.

NO CHANGE IN DALHOUSIE SERVICE

Dalhousie is still without a night train service. The last train leaves Dalhousie Jct. about 7 o'clock, if the limited is on time, and does not go out again until about 6.30 next morning. A very unsatisfactory arrangement.

Passengers going to Fredericton have to take a day train to Newcastle and stay over until the next day, go by way of St. John or drive from Dalhousie to the Junction. The same applies to the return journey.

As regards mail, matters are as bad. The post office closing is so near the time of the arrival of the train at Dalhousie that if there is any delay the mails are not sorted until the following morning, and consequently there is a delay of twenty four hours in answering important business correspondence.

It's time for a change, politically and otherwise.

STOLE TOBACCO BOX

Some one stole the box which was placed at the Post Office for the reception of money with which to buy tobacco for the boys at the front. There was a small amount in the box. Pretty small business to steal from our soldier boys.

RECRUITING NEEDS A STIMULANT HERE Only a Few Men Being Signed on—Getting Settled in Barracks

Recruiting matters are very quiet here at present, only ten signing on in the whole county last week.

The recruits signed on since last published are

D. B. Jones, Pensac Jct., N. B.
James Verette, Campbellton.
Wm. Dedam, St. Anne de Restigouche.

F. A. Firlotte, Jacquet River.
Andrew Julien, St. Anne de Restigouche.

F. Rose, Shelburne, N. S.
Nathan Frost, Glace Bay, N. S.
Jos. Arseneau, Green Point, N. B.
W. S. O'Neill, Grand Caspédia, P. Q.
Albert Revere, Quebec, P. Q.
Jos. Arseneau, P. E. I.
Harry P. Callahan, Maple Green.
James A. Gregoire, Kempt Road, P. Q.

"A" company is moving into barracks today. The delay was occasioned by the non-arrival of kitchen utensils and supplies. These arrived this week.

This afternoon the men were being issued blankets, and having bunks assigned them.

Tomorrow (Friday), they will eat their breakfast in their new quarters.

A large number of the men are suffering from severe colds, and some have been confined to their homes through illness, but none are seriously ill.

Recruiting needs some sort of a stimulant as very few men are offering, and plans should be made for a demonstration of some kind.

Recruits wishing to join should apply at the Barracks or at McDonald's Drug Store.

CAMPBELLTON TRACK TO BE ON CIRCUIT

D. A. Stewart, M. P. P. Chosen
To Represent Campbellton
Horsemen

At a recent meeting of those interested in horse racing held here, it was unanimously agreed to apply for admission to the Maritime 1916 Racing Circuit, and to push the matter, Mr. D. A. Stewart, M. P. P. was chosen to look after Campbellton's interests at the preliminary meeting being held at St. John today.

Campbellton now has a first class track and it is felt that a race meet could be held here this coming season, which would be a success.
