THE INFALLIBLE REMEDY !!!

ERYSPELAS of eight years cried! Copy of a Letter Toom Geo. Sinclur, E-q. of Paris, Canada, daed the 18th July 1854

Professor Holloway,

S.r - I feel a pleasure and a pride bearing witness to the wonderful benefit I have derived by the use of your inestina ble Omment and Pills. For eight years I suffered unceasingly from attacks of erysip of my thinge purple blotches came all ever my body; in addition to the unpleasanteeling of itching and burning, which artected me both night and day, rendering life a misery to me, as well as to all around -so severe was the struck | I used several reputed remedies without deriving the least cessai a to my mysery. At last I de termined to try your Ointment and Pills; after taking them f r a few weeks, a visib-improvement took place, and I fed consi derably better .- in three months, by con sinuing with your medicines, I was com pletely cured and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.
I am, Sir, yours respectfully,

(Signed) GEO. SINCLAIR

of Three Rivers, Canada West, dated July 9th, 1854. To Professior Holloway, Sir,-My wife suffered most severely after

the birth of our last child with a had breast. There were several holes in it, one as large as a hand; all the devices and strategems I teted would not heal them, but assumed an espect more frightful than before, and horyour olution and pills, which she perse vered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effect

AYER'S PILLS,

A sew and singularly successful remedy for the A cure of all Billious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheamatism, Fevers, Gout, Humors, Nervounes, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Pemale complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sideness and suffering might be prevented, if a harm-less but offected (Catherite were more freely used. and Limbs, and complete supports, and as the very few are the discusses in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a humbers and suffering might be prevented, if a humbers dut offectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is a time true of Cods, Prevents symptoms, and Billone denaugements. They all tend to become or produce the deer true of Cods, Prevents symptoms, and Billone denaugements. They all tend to become or produce the dark the hearts all over the land. Hence a reliable family physic is of the first importance is the public health, and this Fill has been perfected with consummate skill to meet that demand. An extensive trial of its vittues by Physicians, Professors, and Patients, has shown results surpassing anything intherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by per one of such exalted position and character as to toolid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for those facts, are

geon of New York City.

Door, A. A. HAYES, Practical Chemist of the
Part of Poston, and Geologist for the State of Masfrom the country of the City of Lowell, who has long used beginning of the City of Lowell, who has long used

Put of Boston, and Geologist for the State of Massachisetts.

If a L. Moore, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

If. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. Davis, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass. Did space permit, we could give many hundred such naines, from all parts where the Phils have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Phils, the result of long investigation and study, are offered to the public as the best and most complete which the resent state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues colly of Vegetable remedies, extracted by chemical process, in a state of purity and combinet together in such a manner at b insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Phils both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acromonious and injurious qualities; by exity, each substance employed are left bohind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidete to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition. I have supplied the accurate Formula by which both my Pectural and Pills are made to the whole body of Practitioners in the United States and Sritish American Provinces. If however there should be any one who has not received them, they will be promptly forwa

few would be taken if their composition was known; Their life consists in their mystery. I have no mysterics.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely neknowledge their convictions of their intrinsic murits. The Cherry Pectoral was prenounced by asientific men to be a wonderful medicine sefore its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are will-tag to certify that their amticipations were more than realized by their eliects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
