

NON-OFFICIAL PART.

Conservatism vs. The Rage for Novelties.

The Seed Annual for 1890, issued by D. M. Ferry & Co., of Detroit, Michigan, has reached our table. Its cover this year is especially artistic and attractive, and its contents as usual, interesting and instructive. Ferry's seeds are thoroughly reliable, and always come true. The directions given in the Annual for the cultivation of both flowers and vegetables are so full and explicit that no one can fail of success who uses their seeds and follows the instructions.

D. M. Ferry & Co. are very conservative, both in offering new sorts and in their claims for them when offered; but they take pains to inform themselves as to the true character of all new varieties, so if some much lauded novelties are not found in the Annual, the probability is they have tested them and found them of no value.

A request sent to the firm at Detroit, Michigan will bring you a copy of the Seed Annual for 1890 by return mail.

WHAT IS WANTED

Is something that will make a man sleep well, eat well and rise in the morning refreshed and strong, with none of the worn out tired feeling sure to be found where constipation, dyspepsia or diseases of the stomach, liver, bowels and blood exist. Burdock Blood Bitters meets every indication expressed shows.

A letter from Dr. Hans Von Bulow.

The Knabe Pianos which I did not know before, have been chosen for my present Concert tour in the United States by my impressario and accepted by me on the recommendation of my friend, Bechstein, acquainted with their merits. Had I known these pianos as now I do, I would have chosen them by myself, as their sound and touch are more sympathetic to my ears and hands than all others of the country.

The Prize Butter at the Paris Exposition.

We had hoped that some Canadian butter maker would get the Gold Medal for the best butter at the Paris Exposition, but in that we were disappointed. However, the medal did not stay on the other side of the Atlantic, for it was won by Moulton Brothers of West Randolph, Vermont.

They owe their success, in part at least, to a Canadian product, for the butter that was awarded the Gold Medal was colored with Improved Butter Color, made by Wells, Richardson & Co., of 200 Mountain Street, Montreal. Inquiries amongst the winners of awards at the different dairy shows in the Dominion brings out the fact that with but few exceptions, prizes have always gone to butter in which this Color has been used.

We have before us a circular sent out by the manufacturers of Improved Butter Color, in which they claim that the Color is a perfectly vegetable product, free from taste and smell, and the strongest butter color made. All of these claims are substantiated by the certificates of reputable chemists and butter makers. If any of our readers have not tested this article, we would advise them to do so at once.

IMPORTANT TO WORKINGMEN.

Artisans, mechanics, and laboringmen are liable to sudden accidents and injuries, as well as painful corde, stiff joints and lameness. To all thus troubled we would recommend Haggard's Yellow Oil, the handy and reliable pain cure for outward or internal use.

CONSUMPTION CURED.

An old physician, retired from practice, had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and a Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints. Having tested its wonderful curative powers in thousands of cases, and desiring to relieve human suffering, I will send free of charge to all who wish it, this recipe in German, French or English, with full directions for preparing and using. Sent by mail, by addressing, with stamp, naming this paper, W A Noves 820 Powers' Block, Rochester, N. Y.

THE BEST EVER MADE.

GENTLEMEN,—My trouble was heart disease and dyspepsia, but I took two bottles of Burdock Blood Bitters and one of Burdock Pills and got well. I never felt better in my life. My brother has also tried B. B. B. and thinks it a splendid medicine.
