

A Shrewd Farmer

will always endeavor to procure the most reliable and durable Implements on the market.

He cannot afford to have a BINDER that will refuse to cut the Grain because it is tangled and laid.

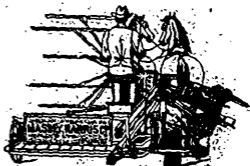

* *

He must have one that will do its work thoroughly and save ALL THE CROP, under the most adverse circumstances.

The one Machine that will do it successfully is the

**Massey-
-Harris...**

which is undoubtedly the Best, as the experience of many thousands of the world's most successful farmers, who will use no other, goes to prove.
