

PERSONALS.

Rev. Principal MacVicar was at New York recently, attending a meeting of the American Section of the Presbyterian Alliance's Executive Committee.

Rev. A. Lee, B.A., of Russelltown, a graduate of 1884, has received a unanimous call to the congregation of Hyndman and Osgoode Line in the Brockville Presbytery.

We had a flying visit the other day from Rev. R. Stewart, B.A., '85. He says he esteems more highly than ever his Alma Mater after having seen a little of other institutions. He will settle in North Gower, Presbytery of Ottawa.

Rev. J. P. Grant, late of Laguerre, has been inducted to the charge of Dunbar in Brockville Presbytery.

Mr. McCusker, student of this College, now laboring in the Ottawa Presbytery, narrowly escaped being crushed to death by a hand-car, while travelling by this means between two preaching stations on the line of the Canada Atlantic Railway. He was caught by the handles and thrown in front, the car passing over his body. Fortunately he escaped with only a few bruises; and we are glad to learn that he is rapidly recovering from the shock.

OUR REPORTERS' FOLIO.

THE MONTREAL CELTIC SOCIETY held its first regular meeting in the Principal's class room on the evening of Oct. 29th. Rev. Dr. Macvicar, Honorary President, in the chair. The principal features of the meeting were the election of Rev. Dr. Mackay, Formosa, honorary member; Mr. Alex. Watson, Cornwall, life member, and Prof. Bryce, Winnipeg, corresponding member; and the reading by Mr. M. J. McLeod of a paper written by Mr. N. McNeil Brodie, entitled: "Is it right to encourage the perpetuation of the Celtic language?" and answered in the affirmative.

LITERARY SOCIETY—A special meeting was called on Oct. 27th to

elect a French editor for the JOURNAL, *vice* Mr. Rondeau resigned. Mr. A. J. Lods was elected.

The second regular meeting was occupied principally in making arrangements for the public meeting.

There was also a debate on the question: "Resolved that prizes given by our Society should be awarded by an outside committee."

Mr. R. Johnston opened the discussion on the affirmative and Mr. W. M. Rochester followed on the negative.

The debate was then left open, and after some expression of opinion from other members, the Society's decision was given in favor of the affirmative.

Mr. A. Currie, B.A., was critic for the evening. Mr. Baron, B.A., gave some selections on the violin.
