Pipe Cutting and Threading Machine

A "Made in Canada" Machine.

The Latest in Design.

Most Thorough in Construction; Simplest in Operation and Most Efficient in Service.

Cuts an absolutely perfect thread on any pipe from 1½ in. to 6 in. It does the work with one cut and does it quicker and cleaner than any other machine in America.

Weights 4,300 lbs. and is so rigid that a wavy thread is an impossibility.

This machine will save its price for you by doing more work every day and doing it better than the old machine you now have in stock.

It is fitted with the
**BORDEN PATENT SOLID
ADJUSTABLE DIE HEAD**

Everywhere recognized to be the most easily operated as well as the most perfect mechanism on any pipe threading machine in the world.

By this head any degree of accuracy may be obtained simply by the adjustment of an adjusting screw upon which the operating lever rests. Any variation may be obtained to suit any make of fitting, whether standard or not.

Write for Circular with full details.
