APPLICATION will be made to the Parliament of Canada at its next Session for an Act to incorporate The Goldsmiths' Company of Canada for carrying on the Watch and Jewellery business Generally and for manufacturing goods usually of such business—with offices at Toronto, Montreal, Halifax, St. John, N. B., and other places in any Province of the Dominion.

ENGRAVING ON WOOD SOCIETY SEALS PRESSES STAMPS BRANDS G. A. SCODDING 85 BAY ST TORONTO

WILL CLEANSE YOUR CLOTHES WITHOUT RUBBING. Every one sold is fully Warranted.

NO FLUIDS OR EXTRA SOAP USED. It Consumes less Soap, less Time and less Fuel than the Usual Method. It Saves Labor, Wear and Tear, and the Annoyance of Wash Day.

IT REQUIRES NO ATTENTION WHILE THE PROCESS OF CLEANING GOES ON. It will do the Washing of the Family while you are Eating Breakfast and Doing up Dishes.

STEAM has long been known as the most powerful agent in removing dirt, grease, and stains from clothing, and bleaching them white. Paper in boxes have for many years used steam in cleaning and perfectly pure and white until the discovery of the STEAM WASHER or WOMAN'S FRIEND, although often attempted, no method had been devised for applying steam directly to the clothing, which could be used in a portable manner for domestic purposes.

- 1. It does its own work, thereby saving a large portion of the time usually taken in a family. 2. It uses much less soap than is required by any other method. 3. It requires no attention whatever while the progress of cleaning is going on. 4. Clothing wears double the time, washed in this Washer, that it will washed by a machine, or by hand-labor, or a washboard. 5. Lace curtains, and all fine fabrics, are washed in a superior manner.

It is Truly a Labor and Clothes Saving Invention.

READ THE FOLLOWING CIRCULARS AND TESTIMONIALS:

I respectfully ask you to read this circular carefully, and candidly consider what I now propose to you as a matter of business. Before making known to you my confidential terms, permit me to state that the matter of washing clothes is one of the most common and every individual. It is something which concerns every family and every individual. It is but rarely that an individual is not a sufferer from the various diseases or machinery by which much of the labor, drudgery, loss of time, and wear of material which is so often required in the washing of clothes, has been constructed—many of which are so intricate and complicated that they are almost beyond the power of any individual to construct.

Many of my patrons have requested me to suggest to them the best method of selling the WOMAN'S FRIEND, in order to make the most of their stock, and to be able to work with the most promptness of which I will suggest: In the first place send for a sample and carefully test it, you will learn by a simple trial how to wash with it most successfully.

You can take orders from nine to ten present, to be filled afterward, at prices ranging from \$8 to \$10 each. A single trial in the manner will satisfy you that the WOMAN'S FRIEND is a success and will sell. You should, in that case, lose no time in ordering a dozen for your country, to be sent by express C. O. D., if not convenient to advance the money. You should, meanwhile, continue to take orders, and by the time your dozen would come to hand you might have a gross sale.

DIRECTIONS.

- 1. Soak the clothes over night in warm suds—in the usual manner. 2. Put in the bottom of the WASHER a quart or more of good soap, or enough to make a good suds, steeped in this, then fasten down the false bottom—so that the water valve is in the proper position; put in water enough to cover the clothes, and lay the clothes down smoothly with the solid parts well soaped, and the WASHER set rolling up, but not so fast as to generate steam; calculate freely and carefully pack the clothes down; see that the fire is hot sufficient to generate steam; when the water boils, it will begin to flow up the tubes on the outside, at the ends of the WASHER, and through the holes into the WASHER again, a steady circulation has been going on in this manner for about thirty to forty minutes, the washing will be completed. Rinse well and wring out, same as in the usual way. Colored articles not to be mixed with white. Use soft water for boiling ALWAYS. If hard, use soda, lye, or make it soft in any other way.

If it is desired to bleach with the WASHER, this may be done by adding a table-spoonful of borax of commerce to a WASHER full of clothing.

I refer you to a few extracts from letters received. I can publish hundreds of letters from parties who have used the Steam Washer, and speak in its praise. I have, thus far, declined doing so. I know full well how Certificates are looked upon. I have sold the Steam Washer upon its own merits. Thousands have used it, and it has given universal satisfaction throughout the country. I ask none to rely on what I say, or the commendations of others, but let the Washer stand on its merits. I would not ask or advise any one to engage in this business of selling Washers or rights, unless he has thoroughly tested its work, and to enable all to do so, I send a sample Washer upon receipt of \$5.00 (about half the retail price), and guarantee that if not found as represented I will refund the money. So there is little risk to begin with. I have advertised the Steam Washer in all the leading and most reliable religious papers, also the leading secular papers in the United States and Canada, and no article ever advertised before has been so extensively read by the press, and the people, as has been the Steam Washer. I shall continue to advertise it in all first class papers—of course my former patrons who have bought territory, and are selling Washers at retail and wholesale—as well as those who may hereafter engage in the business, will be benefited proportionately—I am certain the Steam Washer will be used in every family.

St. Mary's, Auglaize Co., O. Dear Sir—Having used your Steam Washer for over four months, we are prepared to recommend it to the public as far the cheapest and easiest method of washing that we have ever met with. We have tested it thoroughly, washing very dirty clothing in it, and know that it will do all that you claim for it, and more. We have never had to rub a single article on the wash-board that had been washed in the Steam Washer since we have had it, hence there is a great expense saved in the wearing of clothing. We could not do without it.

Rev. J. JACKSON and WIFE. Dear Sir—The Washer came duly to hand. I am glad to acknowledge it all your recommendation. Several have come to see it tried; all acknowledge it a perfect success. I write to order a dozen to Sampson Co., N. C. Please send C. O. D. Direct to ELDER B. JACKSON, Fayetteville, N. C.

HENDERSON, KY. Dear Sir—The Washer came duly to hand. I am glad to acknowledge it all your recommendation. I have written to several who desire me to order one for them. Several have come to see it tried. All acknowledge it a perfect success. I write to order a dozen to Sampson Co., N. C. Please send C. O. D. Direct to ELDER B. JACKSON, Fayetteville, N. C.

PROSPECTUS FOR 1873--SIXTH YEAR.

"THE ALDINE,"

An Illustrated Monthly Journal, universally admitted to be the handsomest Periodical in the world. A Representative and Champion of American Taste. Not for Sale in Book or News Stores. THE ALDINE, while issued with all the regularity of a monthly periodical, is an elegant, choice, pure, light and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is an unique and original conception—strong and unapproachable—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of the paper and engravings in any other shape or number of volumes for ten times its cost, and then there are the chronicles, besides!

JAMES SUTTON & CO., Publishers.

68 Malden Lane, New York. To be had only from THOS. MOORQUODALE, 31 King St. West, Toronto. P. O. Box 1880.
