

In view of the fact that the United States has not decided how the 421 to 430 MHz band will be shared between the Government and the non-Government users of the spectrum, it may be necessary, once this decision has been made, to change the coordination channel for stations in the fixed and mobile services operating in the band 421 to 430 MHz.

If the proposals outlined above are acceptable to the Government of the United States, I have the honour to propose that this Note, which is authentic in English and French, and your reply to that effect shall constitute an agreement between our two Governments which shall enter into force on the date of your reply.

Accept, Sir, the renewed assurances of my highest consideration.

ALLAN E. GOTTLIEB
Ambassador

The Honourable Alexander M. Haig, Jr.,
Secretary of State,
Washington, D.C.
