Order and Procedure, Questions of:

Bill, Amt. not accepted by Commons. Commons not concurring in an Amt. made to law of Evidence B., the Amt. was not insisted upon; Mr. Power observed that the Commons Amts. must be accepted or the B. is lost, 493.

Bill, Amt. on 3rd R. On Mr. Angers's proposed further Amts. to the law of Evidence B. on Order for 3rd R.; Mr. Vidal held that B. having been considered and amd. in Com. of the W., and B. as amd. adopted by the House, any M. must be to rescind action of Com., 443. After discussion whether notice of Amt. is necessary, on 3rd R., and whether re-committal of B. to a small Com. is desirable, Mr. Angers's Amts. were put and carried, and 3rd R. then moved, 445-446.

Bill, Amt., requiring Govt. approval.—Mr. Bowell objected to Mr. Power's Amt. to Criminal Code Amt. B. (verdict notwithstanding one dissentient juror) on the ground that such an amendment must be approved by the Minister of Justice and by Council, 472. Mr. Power was advised by other Hon. Senators not to press his Amt. at the late period of session, 472; and he withdrew it, 473.

Bill, Constitutionality of.—See the lengthy discussion on "Senate, Speaker, temporary, provision for," B. (in General Index to subjects, below).

Order and Procedure—Continued.

Bill, Notation E-F, in Orders of the Day.—Suggestion made by Mr. Bowell, to follow system of the Commons, 150; remarks thereon: Messrs. McKay, Vidal, Bowell, 150.

Bill, Principle of, discussion in Com.—The "Evidence, Law of, Amt. R." was, at request of Mr. Angers, passed 2nd R., on the understanding that discussion of the principle would be admitted in Com. of the W., 365.

Bill Proceeding at Evening Session.—Mr. Poirier having had the floor at recess, on another order (Senate, Speakership B.), Mr. Power took exception to 2nd R. of Evidence B. having been m. at evening session; Mr. Angers explained that this was done by unanimous consent, 364.

Bill, Proper stage for remarks, &c.—N. S. Building Society's B.; Mr. Bowell, in allowing 2nd R., pointed out objections for consideration of Banking Com. Mr. Almon considered it unfair to raise the point at this stage; it should have been done in the Com., 149. The course of the leader of Senate was upheld by Messrs. Dickey, Power, 149; Mr. Vidal, 150.

Bill, Received through Commons, Petition for. Discussion as to necessity for Petition in such case, on Report of Special Com. on revision of Rules, 482-3; postponement of consideration of draft of Rules till next session m. and carried, 483.

Bill, Salary clause in.—See "Estimates overriding statute" (below).

Bill, 2nd R. allowed by "courtesy."—N. S. Building Society's B.; Mr. Dickey having remarked that the Bill was passing 2nd R. by courtesy of the House, 143; Messrs. Power and Vidal pointed out that the B. had been printed and distributed, 149, 150; but Mr. Vidal held that nothing out of the way was said, when it was mentioned that 2nd R. was being allowed without any particular explanation of it, 150.

Bill, Suspension of Rule objected to.—Mr. Power objected to 2nd R. of Sessional Indemnity B., under suspension of Rule, he considering it a most improper B., 495. Mr. Bowell then m. 2nd R. at next session of House, 495.

Bill, Various Objections to.—The Drummound Co. Ry. Co's B. was opposed at every stage, on points of Order against suspension of Rules, on not being printed in French, on Ry. Com. being convened within prescribed time, &c. See "Drummound Co. Ry. Co's B." in General Index to Subjects (above), for the details of these objections, *seriatim*.

Books, purchase of, for Members.—Objection taken to purchase of Blatch's Ready Reference to Statutes; that Members should supply themselves (Mr. Kaulbach), 480; that such a recommendation should not have come from Printing Com. (Mr. Vidal and others), 480.
