To be completed in seven semi-monthly numbers, at twenty-five cents each, or \$2 50 elegantly bound.

This work gives a complete account of the present Social and Political Condition of Mexico; a view of its Ancient Civilization; a description of Antiquities in the Museum of Mexico, and of the Ancient Remains, strewn from California to Oajaca; which are copiously illustrated. It also furnishes a record of the author's journeys to Tezcoco, and through the *tierra caliente*,—a full account of the Agriculture, Manufactures, Commerce, Resources, Mines, Coinage, and Statistics of Mexico; and, added to all this, is a complete view of the past and present history of the country: being more replete with all interesting information concerning Mexico, than any work which has appeared since the days of Humboldt. The engravings are numerous, and of the most finished character, highly illustrating the text, and adding greatly to the value of the work.

The author is a close observer of men and manners, and writes with elegance and vivacity. His descriptions of natural scenery, cities, ruins, and other works of nature and art, are graphic and truthful in the highest degree. His Sketch of the History of Mexico is also a very useful compendium for those who cannot command larger works on the same subject. The book is handsomely printed on fine paper, and bound in good style. Mr. Mayer's work on Mexico will be read with avidity by those who have read Mr. Prescott's "Conquest of Mexico," since it furnishes one of the best descriptions extant of the present condition of that country.

Any person in the country sending us Three Dollars, shall receive, by mail, two copies of the above work. The first number will be issued on the 1st of May, 1847.
