## HON. ADAM BECK WINNER AT NEW YORK

Carries Off Cup for Hunters,  
While Major Kilgour Gets  
Second Place in Heavy-  
weight Hunters' Class —  
United States Takes Highest  
International Honors.

NEW YORK, Nov. 18.—(Can. Press.)  
—The United States took highest hon-  
ors in the first big international con-  
test of this year's National Horse Show  
at Madison-square Garden today. Eng-  
land won second prize, and the United  
States took third.

Chiswell, exhibited by the U. S.  
Mounted Service School and ridden by  
Capt. Guy V. Henry, 18th Cavalry,  
in competition with chargers mounted  
by uniformed army officers from Eng-  
land, Holland, Belgium, Canada and  
this country, was awarded the Plaza  
cup, value \$200. Second award, \$75,  
went to Harmony, ridden by Col. P. A.  
Kenna, England, and third, \$25, to Ex-  
periment, ridden by Capt. J. R. Lind-  
sey, U. S. Cavalry.

All the mounts were broken chargers  
(heavyweight) up to carrying 210  
pounds.

Hon. Adam Beck's Win.  
Hon. Adam Beck, acting for the  
London Hunt Club, carried off the cup  
presented by Richard M. Woods for  
three qualified hunters from one hunt,  
shown by the master, whips or mem-  
bers of the hunt in the hunt uniform.  
Uniforms and appointments counted  
25 per cent, similarity of type, con-  
formation, quality and general excel-  
lence of the horses 50 per cent, and  
performances over fences 25 per cent.  
Frontenac, Sir Thomas and Sir Ed-  
ward carried off the blue ribbon, while  
the Blenheim Farm exhibit, Aristocrat,  
Aigral and Irish Nora got second place.  
In the class for heavy weight hunters,  
carrying up to 200 pounds, Major Jo-  
seph Kilgour of the Queen's Own Rifles,  
with Touraine, took second place to  
The Virginian, exhibited by the Glen  
Riddle Farms.

Little Miss Mona Dunn, the Canadian  
girl, who sent her horses over from  
London, England, took second prize  
with Gray Mist in the class for saddle  
horses over 15 hands 2 inches, 4 years  
or over, and third in the class for saddle  
horses 14 hands 2 inches, with  
Sceptre.

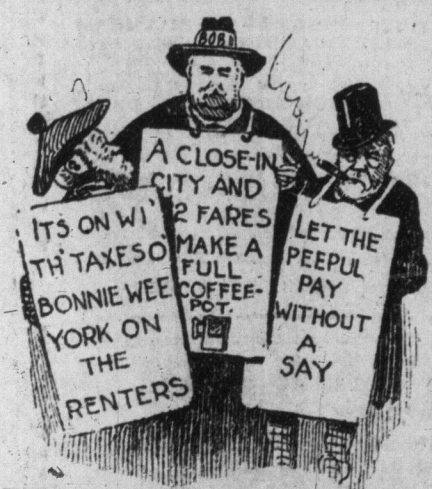

## Bank of Commerce Continues to Gain

Leads Bank of Montreal in Assets by  
Five Million and in Deposits by  
Eleven Million.

The gain of the Canadian Bank of  
Commerce over the Bank of Montreal  
shown in the bank statement last  
month has been: it is understood not  
only maintained but actually increased,  
as will be shown by the statement to  
be issued by the finance department  
on Wednesday. The statement of the  
condition of Canadian banks on Oct. 31  
will, it is authoritatively said, show  
that the Canadian Bank of Commerce  
had the Bank of Montreal in assets by  
\$5,000,000 and in liabilities, under the  
head of deposits, by \$11,000,000.

JUDGMENT RESERVED  
WINNIPEG, Nov. 18.—(Can. Press.)  
The full court of appeals has reserved  
judgment in the motion by W. H. Tru-  
man to lay a criminal information against  
Magistrate McMicken, in connection with  
his disposal of two cases of personation  
arising out of the recent by-election in  
Macdonald.

Roadside After the Battle.

## MONASTIR WITH 50,000 TURKS FALLS INTO HANDS OF SERBS

### Turks Lost 200 Killed and Wounded Before the Surrender of Monastir

BELGRADE, Nov. 18.—(Can. Press.)—The fighting  
which preceded the surrender of Monastir lasted two days. On Satur-  
day a Serbian division was ordered to storm a position west of  
the town held by 20,000 Turks with 17 guns.  
According to unofficial accounts the Turks suffered the loss  
of 200 killed and wounded, including several superior officers.  
In the meantime the Serbian right wing swung around and  
seized the Dolnitsze-Glawar road, cutting into the Turkish line of  
communication. The Turks thus surrounded fought desperately,  
and it is supposed that the arrival of the Greek army from the  
south rendered surrender inevitable.

## MRS. DAVEY DIED FROM HER BURNS

Aged Widow Failed to Recover  
From Terrible Injuries Re-  
ceived While Alone in  
Her Home.

Mrs. Johannah Davey, the aged  
widow who was burned in her home at  
275 Concord avenue on the evening of  
Nov. 16, died in the Western Hospital  
last night about 9 o'clock. Mrs. Davey's  
body was taken to the morgue, and  
Coroner A. J. Johnson will open an in-  
quest today.

Mrs. Davey was busy prepar-  
ing her evening meal when she met  
with the accident. In some accidental  
manner her clothing caught fire from  
the gas stove and was burned in its  
entirety. Without a vestige of a gar-  
ment she was forced to flee from her  
house and seek assistance from Mr.  
John Irving, a neighbor living at 377  
Concord avenue, who heard her cries,  
and on opening the front door found  
her on his veranda.

Mr. Irving called to two boys who  
were passing, and they notified No. 7  
police station. Mrs. Davey was taken  
to the Western Hospital, but it was  
believed from the first that she could  
never recover.

The dead woman's husband died two  
years ago, and she has no children.  
Miss Margaret Dwyer, 29 Broad-  
bent street, is a sister.

Mr. Somers Homeward Bound.  
Mr. G. T. Somers, president board  
of trade, sailed from Liverpool by the  
Mauretania on Saturday; in Toronto  
next Monday.

## HYDRO BYLAWS CARRY EASILY

North Bay and Beaverton Give  
Overwhelming Majorities  
in Favor of Public  
Power.

NORTH BAY, Ont., Nov. 18.—(Can.  
Press.)—North Bay electors voted to-  
day for municipal ownership of the  
electric lighting plant, the hydro-elec-  
tric bylaw being carried by a majority  
of 473, while the ten year franchise  
asked by the Nipissing Power Co. was  
snuffed under by a majority of 537.  
The success of the hydro issue was  
largely due to the efforts of Gordon  
Wilson, M.L.A. for Wentworth, who  
spent last week in North Bay at the  
request of Hon. Adam Beck, minister  
of power. Other outside speakers in-  
cluded Hon. Adam Beck, Mayor Scott  
of Galt and Messrs Yates and Lea-  
cock of the hydro commission staff.

## BEAVERTON ALSO

BEAVERTON, Ont., Nov. 18.—A by-  
law was submitted today on the ques-  
tion as to whether the ratepayers are  
in favor of a supply of electric power  
from the hydro-electric power com-  
mission of Ontario, resulting in favor  
of the bylaw. Votes polled for hydro-  
electric power, 154 against 3.

A Great Detective Story.  
Undoubtedly the best detective story  
ever unfolded on any stage is that told  
in "Officer 666," the Conan and Harris  
melodramatic comedy which opened a  
week's engagement last night at the  
Princess Theatre.

## Blow Is Most Crushing Yet Delivered by Al- lies—Three Generals Among the Captured-- Turks Still Fighting Stubbornly To Pre- vent Enemy Entering Constantinople, But Cause is Lost.

LONDON, Nov. 18.—(Can. Press.)—  
Any idea that the Turkish Govern-  
ment may have had of benefiting by  
continued resistance must be shattered  
by today's news of the fall of  
Monastir. In the capture of that im-  
portant town the Serbians took three  
pashas, including the commander-in-  
chief, Zekki Pasha, 60,000 men and 47  
guns, thus achieving the greatest in-  
dividual success of the war.

Monastir was the second city of im-  
portance in European Turkey. It was  
Turkey's stronghold in Macedonia,  
and by its downfall Macedonia passes  
completely out of Turkish hands.

What part the Greeks played in the  
capture has not yet been ascertained.  
It is known that the Greek army was  
marching to the assistance of the Ser-  
bians, and it is supposed that the  
Greeks were able to cut off the Tur-  
kish retreat to the south.

The Serbians naturally will be elated  
at this victory, which outlines the  
capture of Saloniki and must have a  
great moral effect on the future course  
of the war.

## Sultan Appeals to Powers

Another of the strange silences which  
have been characteristic of this war  
appears to have fallen over Constanti-  
nople, from which city only brief dis-  
patches have been received telling of  
the resumption of the Tebatalla bat-  
tle, and that the sultan has made a  
fresh personal appeal to the European  
sovereigns to intervene for the ter-  
mination of the war. Quite as little  
may be expected to come of this appeal  
as of the previous attempt at media-  
tion of the powers.

With the cholera and typhus ravag-  
ing her demoralized army and a pow-  
erful enemy hammering at the gates of  
the capital, Turkey must again ap-  
peal to the allies for terms. Undoubt-  
edly the object of the commanders in  
ordering the attack on the Tebatalla  
lines was to compel this course. It

Continued on Page 7, Column 2.

## PROVINCE WILL GRANT \$50,000 FOR RESEARCH WORK ON CONSUMPTION

Much-Needed Fund is to Be Established, Which  
Will Lead to the Ultimate Prevention of  
Consumption Rather Than the Cure.

It was learned from authoritative circles yesterday that the  
provincial government might help the fight against consumption  
by making a grant of \$50,000 to the National Sanitarium Associa-  
tion. This fund will not be placed at the disposal of the association  
to help swell its building and endowment funds, but is to be devoted  
wholly to research work.

The fight being waged since 1896 has been towards effecting the  
cure of consumption rather than prevention of infection, and it has  
been definitely decided that this department should be developed.

It was decided at the recent convention of medical officers of  
health that the disease was being treated in such a manner as not to  
sufficiently prevent its spread, and that something should be done  
towards trying to effect some improvement in the matter of scien-  
tific research work.

## GOVERNMENT CONSIDERING PARCELS POST EXTENSION U. S. EXPERIMENT WATCHED

Postmaster-General Pelletier Likely to Send Representa-  
tives Across Border to Get First Hand Information  
on Workings of Comprehensive New System—Pel-  
letier Progressive Member of Cabinet.

OTTAWA, Nov. 18.—(Special.)—That  
the government will follow with keen  
interest the operation of the new  
parcels post law in the United States,  
with a view to the prompt expansion  
and wide extension of the system in  
Canada, was stated this morning by  
Postmaster-General Pelletier.

The "Bourne bill," which passed the  
U. S. congress at the last session,  
brings into effect on Jan. 1 a com-  
prehensive parcels post system. The  
charges are regulated by distance, the  
country for this purpose being divided  
into eight zones or districts, the weight  
limit is increased from four pounds to

seven pounds. The bill has been sharply  
criticized in the United States, and  
the Dominion Government is naturally  
anxious to observe its practical work-  
ings before framing the details of its  
own policy of parcel post extension.

In this connection it may be stated  
that the department may detail an  
official to visit various points in the  
United States for the purpose of ob-  
serving the administration of the new  
parcels post regulations after Jan. 1.

## May Send Investigator

"That will be a matter for the de-  
puty postmaster-general," Mr. Pel-  
letier observed, this morning. "We  
want to learn the facts thoroughly, and if  
satisfactory to the United States for  
an inspection tour will add us that  
will certainly be done. If the new law  
proves to be a success in the United  
States, we will not be slow to profit  
by the example. At this present moment  
Dr. Coulter has under consideration  
the anomaly by which our domestic  
rates for parcel post are higher in  
Canada than are the rates for like ser-  
vice between Canada and the United  
Kingdom."

Dr. R. M. Coulter, deputy postmas-  
ter-general, asked about the forego-  
ing, agreed with the postmaster-gen-  
eral that the conditions in the United  
States were to such an extent analo-  
gous with conditions in Canada, that  
the department would be keenly inter-  
ested in the working out of the new U.  
S. parcels post regulations. It might

Continued on Page 7, Column 1.

## BIG DAY IN \$5000 CONTEST

Special Free Coupon Offers  
Attract Many New Entrants  
—A Good Time to  
Begin.

Yesterday proved another record-  
breaking day in The Toronto World's  
Proverb Contest department.

Many persons called at the office of  
The World to take advantage of the  
Special Free Coupon offers, now in  
effect, and many more sent their or-  
ders by mail.

That the special offers are already  
attracting widespread attention was  
borne out by the steady stream of  
men, women and children, who kept

Continued on Page 2, Column 1.

Extra Fine Golf Caps.  
The Dineen Company  
is showing today some  
extra fine golf caps, at  
all prices, from fifty  
cents to three dollars.  
There is a special line  
of fine imported caps  
by Heath of London,  
England, which are  
special value at \$2.50  
and \$3.00.

## MUST DECIDE BRINGING IN OF CAR LINES

Route of C. N. R. Roads Into  
Toronto Now Fully Settled  
—Faced With Problem of  
Giving Leaside Electric  
Service.

## MAY COME THRU MOUNT PLEASANT AND ROSEDALE

Annexation of C. N. R.'s Sub-  
division Big Point on City's  
Side—Facts About New  
Steam Roads from the  
East.

The Canadian Pacific and Canadian  
Northern, and eventually the Toronto  
and Eastern, which will in all likeli-  
hood come in more or less over the  
right of way of the Canadian Northern  
and which is to be a radial road from  
Bowmanville to Toronto thru Oshawa,  
Whitby, Pickering and Scarborough Jun-  
ction—all these will give a good radial  
and local service to the new North  
Toronto Union Station, but real estate  
men for the last few days have been  
wondering what sort of a street car ser-  
vice would be available for the Leaside  
subdivision of 1200 acres immediately  
adjacent to the new stations of the  
two railways at Leaside. The C.P.R.  
Station, it must be remembered, will  
be moved easterly about a quarter of a  
mile, in order to accommodate the im-  
proved grade that is to be given its  
line up the Don Valley to Leaside  
Junction.

One suggestion talked a good deal of  
is that the civic car lines on St. Clair  
avenue be extended from Yonge street,  
easterly to the Belt Line railway, at the  
end of St. Clair avenue, where a diver-  
sion could go northeasterly thru the  
east end of Mount Pleasant Cemetery,  
and then along Morton street to Bay-  
view. At Bayview it might go directly  
north a mile and a half to Kilgour's  
gate, or at the end of Morton street  
on Bayview it could cross the road in-  
to the Leaside subdivision of the Can-  
adian Northern and take the diagonal  
road thru that subdivision, known as  
McRae Drive, and proceed by it north-  
easterly to the terminal at the north-  
erly part of the subdivision and ad-  
joining the Kilgour property, at the  
end of which Mr. Kilgour is building  
his new residence, and where he is  
awaiting the drive to give him a swell  
ride with the best compliments of the  
Canadian Northern syndicate.

## Line Thru Rosedale.

Still another proposal is to build a  
civic line from the Rosedale terminal  
of the present Toronto Railway Church  
street line and which now ends at the  
Glen bridge, and go from there up by  
St. Andrew's College, across the C. P.  
up the hill into Moore Park, across  
Mount Pleasant Cemetery and then  
angle over to Bayview and connect  
more or less with one of the other of  
the lines mentioned above.

But all this, of course, in so far as  
civic lines are concerned, depends on  
the Canadian Northern subdivision be-  
ing annexed to the city forthwith, and  
on this there are several views. It is  
said that the company would prefer to  
lay out their own streets, and in their  
own water mains and sewers and lay  
more or less pavements and charge it  
up against the land, and then have the  
city take over the sewers and annex  
this area. There are, however, a  
good many real estate men that think  
that the subdivision will be offered to  
the city almost immediately and on  
terms satisfactory to the city and to  
the present owners, or those who buy  
from them.

## Use the City Tubes.

And still another important question  
is where all the radials of the Cana-  
dian Northern syndicate are to con-  
centrate. Everything points to their  
concentration at the new Union Station  
up Yonge street, and that later the  
owners of the radials will be only too  
glad to pay a wheeler rate or a pas-  
senger rate for all their passengers or  
cars going down the new city tubes  
under Teraulay street to the south  
limit of the city at the foot of Bay  
street, and with transfer tickets on the  
city system.

And it is further believed that the  
report of the experts retained by the  
city on the traction situation will have  
some reference to what is set out in  
the above surmise.

## New Cut Off Figures.

There is a lot of interesting infor-  
mation in the plans filed by the Cana-  
dian Northern of the location of its

See Page 2 for the Special Coupon Offer--A Splendid Chance for Beginners and Contestants
