

## York County and Suburbs

### DUNDAS STREET PAVING DID NOT START YESTERDAY

#### Junction People Grow Impatient—North Toronto May Get High School—Items

TORONTO JUNCTION, July 18.—Chief of Police Flintoff received a telephone message this morning asking him to come with all speed and despatch to a man dog at the corner of Annette and Keele-streets, but, on locating the animal, he found that the painful operation would not be necessary, as the dog appeared to be wagging its tail and seemed to be enjoying the best of health.

The firm of Brown, Bros., a brick manufacturing establishment, at St. Dennis, has been dissolved, and J. A. Brown has become sole proprietor and will carry on the business independently.

The A.Y.P.A. of St. Mark's Church held a garden party to-night on the lawn of the old Keele homestead on South Keele-street. There was a very large attendance, and the lawn was tastefully decorated with Chinese lanterns. An orchestra was in attendance, and refreshments were served on the grounds.

Among other incidents that the people of the Junction are subjected to is the death of open cars on the Dundas route. As Police Magistrate Ellis was boarding a closed car for the city this morning he declared that it was about three weeks since he saw an open car on that line, and he thought the Junction council should stir themselves to secure a better service for the townspeople. A conductor on being questioned, admitted that there were only two or three open cars on the route.

Freddie, the one-year-old child of Gordon Patterson, who lives at the corner of Willowby-avenue and Jerome-street, received serious scalds about the head and face while playing in the kitchen yesterday, and which was his first birthday. The little fellow had set a bowl of hot syrup on the window sill to cool, and the contents upset the bowl of almost boiling syrup over his head and neck. He was terribly burned and is in a serious condition.

About 7 o'clock this evening a large moving van owned by E. Gaskin of Toronto upset on St. Clair-avenue. The van was heavily loaded with household goods, which had to be taken out and placed on the roadside. Some of the furniture was badly broken.

St. John's Sunday School picnic will be held to-night on the lake tomorrow (Friday). Special cars will leave the corner of Keele and Dundas-streets at 7:45 a.m.

Wm. Blake, 50 years old, who resides at the Heydon House, fell from a wagon on Davenport-road yesterday and sustained serious injuries about the head and neck.

The line up of the Senior Shamrocks in their game with the Maltese on Saturday afternoon at the Junction will be: goal, Campbell; point, A. Gilbert; cover point, C. Gilbert; first defence, E. Dooner; second defence, Lorne Rowntree; half-back, L. Ramshaw; centre, E. Ream; more; first home, Bert Brown; second home, G. Rowntree; third home, Max King; outside home, Gilbert or McGraw; inside home, G. Patterson. The boys are practising hard and expect to win this game, which will put them in the lead for the pennant.

Contrary to what was anticipated, the paving of Dundas-street was not commenced this morning, nor were any material on the ground. The situation can hardly be understood, as Mr. Dill, the contractor, has signed the contract, and has stated that he would commence the work to-day. The citizens are becoming impatient.

#### NORTH TORONTO.

Board of Trustees Favor the Idea of High School.

NORTH TORONTO, July 18.—Four tenders were received by the school board at 10 o'clock yesterday for the concreting of the basement of the Eglington Public School.

Repton and Copeland were the lowest and received the contract at 52 cents per square yard.

The building and sites committee was instructed to see that the lavatories be repaired and put in sanitary condition. The advisability of establishing a high school in town was discussed at some length, and the board of trustees will recommend the matter to the consideration of the town council.

Fred McGee has begun the erection of a two-story frame house at Lawrence-avenue, opposite the school.

Robert Dick of Bedford Park is arranging for a trip to England, taken with the hope of benefiting his health. Edna May, the little daughter of Mr. and Mrs. Dennis Heffron, Gordon-street, died yesterday from a complication of diseases superinduced by measles.

#### EAST TORONTO.

Building Operations Are Active—Trade Follows New Road.

EAST TORONTO, July 18.—Alfred Adams, the young Englishman who was knocked down and trampled upon by a bull, which he was a few days ago leading out to water, is in one of the city hospitals, whither he was taken at a hostler at Crewe's Hotel, and it was engaged in his duties that he received his injuries. The animal contented itself with knocking Adams down and trampling upon him, breaking one leg above the knee, when Adams was rescued.

The building up of Wheeler-avenue to a point a little south of Pinehurst has had the effect of wonderfully stimulating building operations in that thoroughfare. Between Queen and where the grading stop, some fourteen houses and stores are being built, or enlarged, and otherwise improved.

Mr. Clayton is putting up three fine stores near the corner of Queen, while the residence of a superior workman, The York Township council, will be urged to extend the road to Pinehurst at the same time widening it in the

ravines, where traveling is somewhat dangerous.

#### MAGISTRATE ELLIS BUSY

Puts Thru a Lot of Business on Thursday in Short Order.

Walter Meldrum of the Kingston-road, a man 42 years of age, given to drink, a janitor by trade, and who lives with his parents, and when intoxicated abuses them, was found guilty of vagrancy, but the magistrate was lenient, and gave him a chance under suspended sentence to straighten up.

On Tuesday Magistrate Ellis will have before him W. H. B. Bustable, a Scarborough farm hand, who is charged with writing threatening letters to Miss Maggie Warnick of the same place. Constables Burns and Clarke P., before whom the man was brought, handed him over to Magistrate Ellis.

#### RICHMOND HILL.

Laborer Gets Foot Crushed—Farmers Busy in Hay Fields.

RICHMOND HILL, July 18.—R. Shaw, B.A., high school principal, is spending most of his time in Toronto as one of the marking panels at the recent departmental examinations. Mrs. Rev. A. J. Paul of Allendale is spending a few weeks here with her family at the home of her parents, Mr. and Mrs. C. Mason.

Mr. Lamont, W.M. of Richmond Lodge, A. F. and A. M., is in Ottawa attending Grand Lodge.

A fine specimen of humane brotherhood was seen here yesterday. One of a gang of Syrians had the misfortune to get his foot crushed in railroad construction work. Taking it in turns his companions carried him nearly a mile to the Metropolitan Railway, and repeated it when necessary till he was safely in the hospital in Toronto.

Haying is in full swing all around, and if this weather continues a great deal will be put in by the end of the week.

Wm. Savage, until recently proprietor of the Palmer House, here, has purchased the hotel at King City. Mrs. D. Sloan has returned to her home here, after spending her holidays around Belleville.

The Metropolitan Railway is doing a greater business than ever. Besides the crowds going to Bond Lake for their annual picnic, many parties are taking trips to the various points up along the Jackson's Point extension.

#### NORWAY.

Citizens Who Lost Thru Fire Will Probably Rebuild.

NORWAY, July 18.—The monumental works belonging to J. Handy, destroyed by fire at an early hour on Wednesday morning, will, it is said, be rebuilt in the near future. The loss is estimated at about \$100,000, with an insurance of \$100,000. The origin of the fire is a mystery. J. W. Atherton of Woodbine-avenue has left for a visit to the old city. Contractor Hodgson, who was injured by falling from a building in course of erection, is greatly improved.

General sympathy is expressed for Conductor Posey of the Scarborough line in the death of his mother, which took place in Riverview yesterday.

#### PICKERING.

Balance on the Right Side—Local Man Clears Tidy Sum.

PICKERING, July 18.—Scott Leng of Jamaica, a former student of Pickering College, is on a visit here. Miss Annie Ward returns to Guelph this week after a pleasant sojourn here.

Lloyd Shirley has returned from Toronto where he has been taking his matriculation work. The freemen met on Tuesday evening and showed a balance on hand of \$250. They are taking up the raising several cement tanks in various parts of the village for a better fire protection. The company's ladders have been taken from the building, and enquiry for the culprit is being made.

Mr. N. Morrissey sold his Cobalt holdings this week, netting him \$4000. This is good money for short investment.

#### WESTON.

Reeve Trim Starts Out to Inspect Fire Appliances.

WESTON, July 18.—It is evident that Weston intends making improvements in the fire and street watering departments. The reeve, Dr. Irwin, was at the Junction fire hall this afternoon inspecting the water-gate and engine. The reeve, Dr. Irwin, was at the Junction fire hall this afternoon inspecting the water-gate and engine. The reeve, Dr. Irwin, was at the Junction fire hall this afternoon inspecting the water-gate and engine.

Funeral of Late Mrs. Boncock Held This Afternoon.

YORK MILLS. July 18.—The funeral of the late Mrs. Alfred Boncock took place at 2:30 this afternoon from her husband's residence at Lawrence-street, near St. John's Cemetery. The attendance was very large, many old-time friends from all parts of the township being present. Service was conducted at the church by Rev. Mr. Ashcroft, rector of St. John's Church. The chief mourners were the bereaved husband and sons and daughters of deceased.

#### HUMBER BAY.

Lake Shore Road Work Delayed—Teamster Delays Traffic.

HUMBER BAY, July 18.—A garden party in connection with St. James' Episcopal Church was held this afternoon on the public school grounds. Chas. Nurse has ordered the material for the new road house, which he will build on the lot adjoining the old hotel, which he sold to Mrs. Myers, and will commence building operations as soon as the material arrives.

A few days ago a summons was issued for the arrest of a teamster who gave him name as Baker, but whose real name is Hittcock, the owner of the horse, who was blocking the car tracks, and using abusive language. He was located this afternoon by Constable George Simpson.

There has been a temporary hold-

up in the road, but it is expected to be cleared up by to-morrow.

## Shirts to Order

A man who knows the pleasure and comfort of a properly made shirt for summer wear will appreciate the values we offer for Saturday's selling.

Our shirting stand as high as the imported New York goods. We want you to see them, and to make comparisons, both in quality and price.

Scottish Shirts and French Prints—Prices \$2.50 to \$5.00.

Also Men's Summer Furnishings at Fair Prices.

34-66 YONGE STREET

Up of the work on improving the

teamsters who demanded either short hours or more pay. Matters were brought to a climax yesterday by the discharge of five teamsters, and a temporary disuse of the stonecutters.

The teamsters were being paid at the rate of 4-9 cents per hour, and demanded 50 cents, the same as the city men, who they have not the necessary appliances for up-to-date road-making.

## 115 CARS AT CITY ARDS COMMON CATTLE LOWER

Sheep, Lambs, Calves Firm—Hogs Easy at Current Quotations.

Receipts of live stock, as reported by the railways since Tuesday, were 115 cars-loads, consisting of 2272 cattle, 2004 hogs, 1433 sheep and lambs, and 232 calves. Besides the above there were ten car-loads of hogs sent direct to the packing-houses and 57 car-loads of United States cattle being fed and watered in transit to the British markets.

Trade was inclined to be a little quiet for butchers' cattle, and with the exception of a few lots of stall-fed cattle of prime quality, prices were from 20 cents to 30 cents per cwt. lower.

There was little doing in this department of the cattle trade, as there were no straight loads of shipping cattle reported, and prices for these would be nominal.

Butchers.

George Rowntree, buyer for the Harris Abattoir Company, who bought 14 car-loads on Wednesday and Thursday, reported prices as follows: A few prime picked lots of stall-fed cattle at \$2.25 to \$2.75 per cwt.; these cattle were well finished and weighed 1150 to 1200 lbs. each, and equal in quality to the best exporters; loads of good, \$1.75 to \$2.12; medium quality, \$1.45 to \$1.75; heavy steers, \$1.35 to \$1.65; common cattle and good cows \$1.25 to \$1.45; common cows and cows, \$1.25 to \$1.35 per cwt.
