easily takes first place. They are now being shown for the first time. The Nest Railway would have cost the Govern-

ment very little more than it gave the C. P.R. in the way of a bonus. That part of the mountain section running west from

will be completed within two or three

years. The prairie section is alone uncov-

being without: Ladies' Stylish Fly-front Suits, made of fine all-wool English worsted serge, colors navy and black, the jackets are lined throughout with fine silk, finished Italian cloth, the skirts are lined with porcelain and bound with superior velveteen; these suits are made with gathered sleeves and pleated back skirt, sizes 32 to 8.50 Our supply is limited and intending buy-ers should act promptly. the Crow's Nest line will also prove an excellent business property. That there is enough business for two roads through this country is proved by the fact that Mr. Corbin was ready to build a line parallel to that of the C.P.R., without a dollar of a bonus. If two parallel lines will pay, there

must be big money in one. Here, then, we have the great fact that the mountain section of Canada's Southern Pacific Railway is a paying proposition from the start.

The Government's manipulation of the New Ontario section is on all fours with the mountain section. If anything, its pol-

icy in regard to this part of the system is even more atroclous. Here three Liberal Governments united their forces and have given, or propose to give, a subsidy suffi-

cient to build the line. The Globe admits ErieMedical Go.. Buffalo, N.Y. that the Ontario & Rainy River Railway

the Government first became responsible for the amelioration of the transportation problem it was as clear as noonday that the construction of a second line of rails from Port Arthur to the Pacific coast was a certainty within the course of a few years. the Government, and that has the people This new line, running south of the exist- of Canada entirely at its mercy. We ing railway, would open up a more valuable might have escaped this. But the Governcountry than that traversed by the C.P.R. ment neglected the opportunity. Change of Venue in Their Case. Mr. Justice Robertson on Saturday intimated to counsel that he would require the written consent of George Pare and W. II. ered. It would be an easy matter to build this gap and thereby unite the two other Holden, the two men held for robbing sections and form another great transconti- the Napanee bank, before he would change nental route. What we say is this: that the venue for their trial, as he has done

nental route. What we say is this: that the Government, recognizing these great facts, should have built these sections it-self and thereby have established a national highway from Lake Superior to Vancouver. Such a venture on the part of the Govern-ment would have involved practically no

_ 1 risk, while the benefits resulting from it would have been incalculable. It was shown at the time it was first mooted that the Crow's Nest Railway would prove a paying venture from the start, and subse-quent events have confirmed this view.

The Government gave the C.P.R. a subsidy large, enough to build the road. Such is the testimony of rallway experts who know whereof they speak. At any rate the Crow's FREE for the asking.

clerk in the Grand Trunk freight depart-ment, was found floating in the Bay at the foot of York-street bridge Saturday morn-ing. The discovery was made by W. W. Van Winkel, the boat builder, about 9 o'clock. He was standing on the wharf with two other men, when he noticed a pe-cular-tooking object in the water a little way out from land. On making an inves-tigation he found it to making an inves-tigation he found. It on be the body of a man. The police were notified, and the patrol sent down. After considerable trou-ble the body was lifted out of the water and conveyed to the Morgue. A search of the clothing was made and on papers in his pocket the dead man was identified. The deceased's widow and son, who reside in the city, were notified and Mrs. Lowe visited the Morgue. Coroner Greig issued a warrant for an inquest, but after in-vestigating the facts withdrew it. Andrew Lowe, it will be remembered, disappeared from his home last Dec. 5, and he never was heard of again. On visiting the freight office, where he was employed he told some of the other clerks that he contemplated suiciding, and his movements ware watched for seyeral days. He board-ed at 138 D'Arcy-street, and for several weeks before his disappearance had been drinking/heavily. General Saturday Budget From the City Hall-Mayor Shaw's Mission East. Sunlight soap is a practically assured To-ronto product as soon as negotiations still on have resulted in the securing of an op-tion on a suitable site. The scene of ne-gotiation has now partially shifted for the time being. The two big railways are now gotiation has now partially shifted for the time being. The two big railways are now fencing to share a site chosen which will est suit their individual convenience. The G.T.R. favors the old Baseball Grounds property, and so apparently does the soap company. The C.P.R., on the other hand,

company. The C.P.R., on the other hand, are offering their Queen's Wharf leasehold. The wharf is not large enough for the com-pany's purpose, so it is understood that the railway is working at Ottawa for an option on the Government's Oil Fort pro-perty, which is contiguous. They want ten acres of it. It is strongly suspected that the Mayor's visit to Ottawa has something to do with the Oil Fort grounds, too. Whether he is furthering his vaunted cattle market scheme or not is wrapt in sepulchral si-lence.
