

GOVERNORS BEAT BRITAIN.

Boss Croker and His Followers Are Still on Top as Regards Greater New York.

REPUBLICANS GAINED OUTSIDE.

Nash is Safe in Ohio, and Republicans Gained Assemblymen in New Jersey.

New York, Nov. 8.—The receipt of later returns from yesterday's elections in this city and the State show practically no change in the figures given out last night. In New York County the entire regular Democratic ticket was elected by pluralities averaging about 2,000.

In King's County (Brooklyn) the Democratic ticket was elected by pluralities averaging 14,000, except that Gray (Democrat) for Registrar was defeated by Howe (Republican) by 488 votes. This was due to the narrow margin in the party.

The result of the election in the State outside New York city shows Republican gains in Assemblymen and in the Senate. The Republicans will probably have a majority of 24 in the Assembly, a Republican gain of 10.

Cincinnati, Ohio, Nov. 8.—Unofficial returns have been received from all counties in Ohio, with a few counties still unreported. The footings give Nash (Republican) for Governor a plurality of 49,268. The reports in most counties show the pluralities, and hence it has not been possible to give the total vote of the candidates.

The Senate stands 19 Republicans, 8 Democrats and 4 doubtful, including 3 from Hamilton County. The House stands: 53 Republicans, 34 Democrats and 17 doubtful, including 10 members from Hamilton County.

Fusion Victory in Nebraska. Lincoln, Neb., Nov. 8.—Additional returns received this morning only serve to emphasize the fusion victory in Nebraska at yesterday's election. The fusion plurality will not be less than 22,000 and may reach 28,000. The Republicans in the State are only over last year, when the fusionists fell far short of their normal strength.

Philadelphia, Pa., Nov. 8.—In this city yesterday the total vote was 122,338. The contest on the State ticket was over the office of State Treasurer, and Col. James E. Barnett (Republican) had 69,200 plurality over Metcalf (Democrat), but both were elected, as there were two vacancies in that body. For State Superior Court, Mitchell (Republican) had 57,452 plurality over general.

Utah is Somewhat Divided. Salt Lake, Utah, Nov. 8.—Thompson (Republican) for Mayor has a majority of 688. The Republicans also elected Recorder and Auditor, and the Democrats the Attorney-Treasurer and Justice of the Peace. The Council stands 9 Republicans and 6 Democrats. The Democrats elected mayors in Ogden, Park City, Provo and Logan.

Result in Massachusetts. Boston, Nov. 8.—The fall returns carried Massachusetts by 65,000 votes, and the next Governor, Merritt, will be elected by a narrow margin. The State ticket was elected by practically the same plurality as the ticket of 1900 will also be re-elected by the usual large majority, there being few changes in either branch.

Democratic Mayor in Detroit. Detroit, Nov. 8.—The official count from all of the city's 120 precincts shows that Mayor Maybury, Democrat, has been elected to a third term by 2577 majority.

Sacramento Republican. Sacramento, Cal., Nov. 8.—George Clark, Republican, has been chosen Mayor of Sacramento by 1822 majority.

Prisco is Democratic. San Francisco, Nov. 8.—The fall returns of the municipal elections are not all in, but a close estimate places the plurality of James D. Phelan, Democrat, for Mayor, at over 6000.

Virginia as Usual. Richmond, Va., Nov. 8.—The returns show that the State Senate will be entirely Democratic. The only member of the regular party nominees being W. B. Shands, Independent Republican. The assembly will be composed of 32 regular Democrats, 3 Independents and 4 Republicans. Martin will secure the nomination in the caucus for United States Senator by a safe majority.

Iowa is Republican. Des Moines, Ia., Nov. 8.—Election returns came in slowly today, but continued to be more favorable to the Republicans. Governor Shaw's (Rep.) plurality, which had to be 61,000, by the Republican Committee, the Democrats conceding 50,000. Several counties, however, have given good-sized Republican pluralities.

Republican Gains in Kansas. Topeka, Kan., Nov. 8.—The reports from the election in Kansas show Republican gains throughout the State. The votes cast were mostly for county officers. Very little interest was taken in the election, and the vote generally was light. The Republicans have elected six of the ten judges and two State Senators to fill vacancies—John F. Chaney of Shawnee County and C. C. McCreary of Jefferson. Neither had any opposition.

In New Jersey. Trenton, N.J., Nov. 8.—In New Jersey the Republicans elected their candidates for Senator, in seven of the eight counties choosing such officers. They, however, made no gain, so the Senate of 1900 will be the same politically as that of 1898. Republicans, however, made a gain in seven Assemblymen, and carried the State by a narrow margin.

EASY GOOD, EASY BAD. Discovers a Difference. "After twenty years of coffee drinking and a good portion of the time suffering from severe nervousness, I finally waked up to the fact that the coffee was the cause of the trouble."

Kingston, Nov. 8.—Intelligence was received by relatives here this morning of the death at the charge of Dundee of James O'Rourke, a former resident of Kingston, who was killed by a Boer bullet while on duty with the Irish Fusiliers.

here for a trip to his native land, Ireland, about twenty years ago, and when he joined the Royal Irish Fusiliers, serving seven years, and being placed on the reserve list only last spring. He remained at Cape Town, and when the trouble with the Boers broke out he rejoined his old regiment, and was in the ranks when that gallant corps charged the heights of Dundee, when a Boer bullet ended his career, and he is 39 years of age. One brother, Arthur, resides at Kingston.

Want British Ships Held. The Hague, Nov. 8.—The inhabitants of Vlaardingen, the great ferry port of Holland, have petitioned the Queen to interdict the departure of an English cutter with a cargo of dynamite for South Africa, and the English steamer Haria with a cargo of gunpowder for the same destination.

Austrian Officers for the Boers. Vienna, Nov. 8.—A number of Austrian army officers recently petitioned the War Office for furloughs in order to enlist in the ranks of the Boers. Their petitions were refused. An artillery officer in garrison at Lalmach, however, was on furlough at the breaking out of the hostilities, having obtained leave on the pretext of visiting his fragmentary, but he has left for the front to take a commission in the Boer army.

Cossack Horses for British. Moscow, Nov. 8.—All members of the reserve of the British army resident in Russia have been ordered to return immediately to London. English agents at Odessa are bargaining for 1000 Cossack horses for shipment to Cape Town.

Over the Good News From General White's Forces at Ladysmith. Little Faith in Kaffirgrams. London, Nov. 8.—An air of relief was observable among the British War Office officials today as a result of the reassuring news from Ladysmith, and the tone of comment on the subject is known only in Cabinet circles. I am able to say, however, that the receipt of the news so affected Lord Roberts that he threw into a state of nervous irritability extremely unusual in his case. General Buller himself insisted that no punitive action should be taken.

Some Relief in London. The proposal to send out an additional 10,000 troops is highly approved, and it is considered probable that fully that number will be required. The Boer losses reported in saying the resistance of the Boers will be the stoborn of the last, and that will not wait the resources of the two Republics are exhausted will they acknowledge that they are beaten.

No Use for Kaffirgrams. The news of a great victory which is circulating here yesterday evening is not confirmed, and the Boer losses reported by what may be designated "Kaffirgrams," ought to be greatly discounted. Buller's report, knowing the British wish to hear of Boer losses, are likely to supply them with reports of the kind, and the Boer losses reported by the Kaffirgrams are likely to be exaggerated. Gen. Buller appears to have given Gen. Joubert's forces several hours' respite, and the Boer forces justified its contention to-day that the news demonstrates clearly that Gen. Buller is able to move his army with the same ease and strike blows of such considerable force as not only to ensure the safety of Ladysmith, but to enable him to exert a telling effect on the duration and results of the pending operations. Gen. Buller's official take a decidedly hopeful view of the entire situation, and the Boer forces at the advance section of the British forces at Ladysmith have seen the worst days.

Did Boers Already Make a Mistake? It is hoped that the renewed charges of Boer violations of the sanctity of the white flag originated by the Associated Press and the Kaffirs. Though similar charges have several times been reiterated during the present campaign, and the Boer forces counts report similar practices in the former Transvaal war, there has not been any mention of war in the present campaign. The official reports received from Gen. Buller and Gen. Buller would seem to have formally renounced such quiet conduct on the part of the Boers.

Part of the Boer Army. One of the most important items to-day is that Gen. Buller is going to Cape Town. This is taken as a confirmation of the statement already made by the Associated Press that the main advance of the British force is to be made in the direction of the Orange River. The Boer forces would not have been withdrawn from Ladysmith at the present time of stress. Their withdrawal would indicate the next Boer move. It seems clear that it will be impossible for them to close their lines, and the Boer forces will be left the Boer forces to repair the line of the circle of investment, which is claimed, in circumstances, which it is claimed, it will be impossible for the Boer force to fully occupy.

Waiting for Big Guns. It is beyond belief, however, that Gen. Buller will remain at Ladysmith, as it is conjectured here that his present quarters are due to the fact that he is waiting the arrival of heavy guns from Pretoria and Johannesburg to effectually bombard and render untenable the British position.

The Armored Train, Intended to Go Through to Ladysmith, Returned to Estcourt. Estcourt, Natal, Sunday, Nov. 5.—(5.20 p.m.)—Brigadier-General Wolfe Murray has received important despatches from Ladysmith, by a runner, but their contents have not been divulged. The armored train with a detachment of the Buffs and a railroad engineering staff, which left here for Ladysmith on Nov. 3, yesterday evening, and which also intended to go through to Ladysmith if possible, has returned to Estcourt. The train was reported that he proceeded beyond Estcourt and found the dwellings there untouched. There had been no looting except in the single case of a store, which was looted by Kaffirs, and the train was escorted by a detachment of the Buffs.

Several prisoners were arranged before General Wolfe Murray this morning. It is reported that the Boers are not within 20 miles of here.

He confirms the report that Gen. Buller, while requested that the women and children be permitted to depart, Gen. Buller replied that he would only allow them to get away under the muzzle or fire of his guns.

A ROW AMONG VETERANS.

President Mair Had to Read the Riot Act Before the Disturbances Were Quelled. The Veterans of '68, at their regular quarterly meeting last night in the Ardenbury, expressed themselves by word and motion that they are willing again to go forward and help defend the interests of Great Britain in South Africa. The war with the Boers was the main topic of discussion, and many speeches were made, expressing the hope that England would have a quick and decisive victory, and that the Canadian contingent would have a successful campaign and safe return home.

The Petroleum Idea!

A Process of Education!

Toronto is at the beginning of a new enthusiasm. On top of all the claims and counter-claims of newspaper advertising we come with a new idea—new to the public, but not to physicians. This has reference to the growing use of Petroleum in medicine, to its wonderful soothing and healing properties, and more particularly in the manner in which we prepare it. But everybody won't believe in a hurry all we say. It takes time to educate people along new lines. But the fact of success in England and success in the States is all the endorsement we need in Canada.

We commenced yesterday morning by introducing ourselves. To-day we want to hold this up for you to look at:

Angier's Petroleum Emulsion is not a "patent" medicine. Its formula is known and published, and physicians prescribe it in their regular practice. During the last 20 years we've sold millions of bottles, and almost all of them upon doctors' prescriptions.

The test of all proprietary remedies is this—what does your doctor say? We believe the physician is the best judge of what is what in regard to medicine, and our aim is to make Angier's Petroleum Emulsion a useful remedy in the hands of physicians. At the same time we want to educate the public along our line, partly because thousands of people prescribe for themselves, and partly because many of the old notions are too old to be safe.

To-morrow morning we will tell you what the Emulsion is and what it does. Watch the papers.

The boys' choir rendered several selections, and solos were sung by members of the Sunday school. Miss Stansfield made an efficient accompanist. Rev. J. Pearson, pastor, and Messrs. Agar and Tupper, churchwardens, delivered brief addresses. Refreshments were served at the close.

A Pleasing Recital. A pleasing organ recital was held in St. Michael's church last evening. It was well attended. Mrs. K. Nichol Smith presided with much feeling and exquisite intelligence. The program was a pleasing one, and the choir sang two choruses. Miss A. McCarran and Mr. F. A. Anglin were the soloists. Mr. F. A. Anglin, tenor; Mr. R. G. Anglin, bass; and Miss A. Foley, soprano.
