deafness is due to disease of the middle ear and eustachian tubes, caused either by acute inflammation or chronic ca-

Nearly all these cases can be cured, or the progress of the disease arrested, by inflation of the ears through the nose and enstachian tubes with medicated air.

A very safe and efficient means of accomplishing this end can te had by the use of Catarrhozone, a positive cure for catarrh in the most chronic form.

It is sure death to the microbic life which maintains the inflammed condition, and also through its healing properties restores the diseased organs to a healthy, normal condition.

It is not mere theory. The result of actual experience proves that tety-nine cases in one hundred can be cured, and stay cured of impaired aring by the use of Catarrhozone.

#### Catarrhozone Cures

Catarrhozone is a new scientific remedy for all diseases of the nasal and respiratory passages caused by microbic life, and if you are affected with catarrh, asthma, or bronchitis, is well deserving of your attention.

It never fails to cure any of these affections, because it is sure to reach the seat of the disease. That is why Catarrhozone is so far in advance of treatment by snuffs, washes, douches, etc., which are absolutely useless, because they cannot reach the root of the trouble.

You simply breathe the medicated air, it does the rest—nothing could be simpler. Complete outfit, sufficient for two months' treatment, price \$1.00, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.

Before Cartwright, Master. Michaelsen v. Muller.—R. U. Mac-pherson, for plaintiff, moved for au order to set aside order for security for costs. Glyn Osler, for defendant, contra. Judgment (B). The plaintiffs reside at Havana. Defendant bought cigars at different times from them.
One of these purchases was made in
November last and part of it is alleged
to be unsalable. Before discovering
the alleged defect defendant made a the alleged defect defendant made a further purchase to the amount of \$662.72. This he refused to pay for thy reason of his claim of a refund of \$621.07 on his former purchase, and has paid into court with his appearance \$143.68 as in full of plaintiffs claim. It is contended that this is such an admission of liability as entitles the plaintiffs to have the order for security set aside. I think justice will be done by allowing plaintiffs to give security in one-half of

tiffs to give security in one-half of the amount specified in the order. De-fendant will then have \$333.68 as security if plaintiffs pay in \$100. This will do in the meantime. Later on if necessary defendant can move for further security. Costs of this motion will be in the cause.

#### To Be Dyspeptic Is To Be Miserable.

I spepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the system to full health and vigor, and thereby cures dyspepsia and all its tributary diseases.

Mr. Amos Sawler, Gold River, N.S., writes:- "I was greatly troubled with dyspepsia, and after trying several doctors to no effect, I commenced taking Burdock Blood Bitters and I think it is the best medicine there is for that complaint."

discovery of one W. J. Green, made in March, 1906, and assigned to them, and assert that defendants, with full know-ledge of the plaintiffs' rights, applied for and obtained a patent from the Ontario Government in January, 1907.
Plaintiffs asked to have it declared that the issue of the letters patent to the defendant was erroneous, by mistake, and improvident, and that same are utterly void as against plaintiffs, for an injunction and an account, and to have the letters patent set aside as ultra vires and void as against the plaintiffs. Defendants denied that said lands were open for exploration under the Mines Act, that said Green made a discovery verified as required by act, the transfer of Green to plaintiffs, and allege want of proper parties and that they bought from the government by open sale after advertisement by the government, etc. At the trial judgment was given dismissing the action

I understood that they had money in the bank and had shipped ore this week and had 2000 tons low grade waiting for the concentrator to be able to take them; more-over, I bore in mind the statement of the president at the annual meeting that he would not consent to commence dividends until there was every prosthem regularly, so that I saw no reason to doubt that they would pay their regular quarterly dividend, especially as when I was thru the mine in November they seemed to have a large body of ore developed and available for stoping at any time.

# WHY DON'T YOU BE STRONG?

### The World Has No Use for a Weakling

There are thousands of men who lack courage, whose nerves are shaky, whose eyes have lost the sparkle, whose brains are muddled. ideas confused, sleep restless, confidence gone, spirits low and easily depressed, who are backward, hesitating, unable to venture because they are afraid of failure, who want somebody to decide for them, It is men who have all of these symptoms of nervous debility and want new life, new force, new strength, that I want to try my cure. I know what my invention has done in tens of thousands of cases in the past forty years, and so sure am I of what I can do for others, that to the skeptical, who do not wish to buy at a liberal reduction, I make this

Dr. Sanden Body Battery Free Until Cured. simple proposition: I will let you use my celebrated and not ask one cent in advance or on deposit. If it cures, or fully satisfies you in, say, two months, then pay me price of it; if it does not cure, return the battery and the transaction is closed. This offer is so straightforward that you may doubt it, but if you have the confidence to call or apply by letter, I say to you honestly that I will not abuse it by misrepresentation, or by sending you anything whatever C.O.D. Such represensible practices are not in my line.

My belt has restored health and strength to thousands of weak men. It pours glowing, exhilarating vitality into you while you sleep; it rejuvenates and animates sluggish circulation, stimulates the brain to activity, and fills the body with new life, ambition and endurance. In one night's use it will make you feel as if born anew. It furnishes the strength men lack who suffer from nervousness, varicocele or debility, and also cures lame back, rheumatism, kidney, stomach and liver complaints, general ill-health, etc., and upon the terms I offer it sufferers are simply throwing health and happiness away by not giving it a trial. I have testimonials from thousands cured after all other treatments had failed.

As the inventor, in fact, father, of the Electric Body Battery system of treatment, and having carried same to a wonderful success, I am flattered by many imitators. They imitate my goods, but my knowledge from long experience and research cannot be imitated. It is of great value and given freely to every user of my battery. Write or call today and let me assist you to health and happiness as I have so many others. I will at once arrange tot give you my Yor't for presession of property valued battery on terms stated, and also two best little books ever written upon Electricity and its medical uses. I send them free, sealed, by mail. Address
