FROST WORK.

It ought to be a fair trade to
svop religions, but whare will yu
find the christian party that iz
willing to do it.

I find it iz a great deal eazier
for mi philosophy to ackount for
original sin, than for an attack ov
the jumping tooth ake.

Temptashuns iz what tries a
mans moral grip, Adam and Eve
were very good plums untill the
devil shook their bush, then they
let go their holt immijately.

Marrid life iz too often a mere
trial ov enduranse.
