HOCKEY.

U. N. B. Defeats Neptunes.

There was a fairly large crowd at the Queen's rink, last night, when the U. N. B. hockey team, defeated the Neptunes in a close game by a score of 5 to 4. It was necessary to play 30 minutes over time, in order to score a deciding goal.

The line-up was as follows—

Neptunes, 4.

U. N. B. 5.

Miller Goal Lunney.

Inches Point Smith.

Brava Cover Gregory.

McNeil Centre Winslow.

Townsend Rover Robinson.

Blizard R. W. Malloy.

Petrie L. W. Fries.

Referee, Harry Dunn.

Scoring—First Half.

1. U. N. B.—Robinson, 3 minutes.

Second Half.

2. U. N. B.—Winslow, 6 minutes.

3. U. N. B.—Winslow, 7 minutes.

4. Neptunes—Townsend, 11 minutes.

5. Neptunes—McNeil, 19 minutes.

6. Neptunes—Blizard, 20 minutes.

7. U. N. B.—Inches, 23 minutes.

8. Neptunes—McNeil, 24 minutes.

9. U. N. B.—Malloy, 30 minutes over time.

Both forward lines played a fast game, and U. N. B.'s combination was the better of the two. Gregory at cover for U. N. B., showed up well, in rushes, and often the work of Inches in this respect. Each goalkeeper had several good stops to his credit, but at times they were weak. Winslow and Malloy were stars for the college, while Blizard and McNeil showed up best on the opposing line. The work of Petrie also deserves mention.

Sackville-Neptune Game.

The game between the Sackville and Neptunes, hockey teams, which is scheduled to be played at the Queen's rink, tomorrow night, is creating much interest and after the showing the Neptunes made when they last met, it would not surprise their friends if the Neptunes were to win out. As this will probably be the last game of the season, it is expected that a large crowd of spectators will be present.

Sackville and Trojans Tie.

Fredericton, N. B., March 9.—The champions of the New Brunswick hockey league, the Sackville hockey team, played their first game in their tour of the province here last night. The game was the fastest and most close contested ever played in the Arctic rink and ended in a tie, score, 3-3. The game was characterized by rough play on the part of the champions. Thirteen minutes after the start of the game, McManis shot the first goal for the Trojans and a few minutes later Phalen evened matters with a clean shot. This ended the scoring for the first half. After eight minutes' play in the second half, Phalen found the net once more and then McManis evened the score within a minute. Then Stuart added another for the champions and with one minute to play the Trojans evened the score from a mixup, 3-3. At the call of time Sackville refused to continue.

Referee Ferguson's work was most praiseworthy. He was sharp on off-sides and penalized none too freely. Trojans surprised their friends and made many new ones by their game and clean playing, and some are of the opinion that had the game been played off they could have won out.

During the second half, Phalen was slightly injured when McManis checked him. The check was a fair one, but had weight behind it. The teams lined up as follows:

Sackville—Goal, Hill; point, Ranley; cover point, Laidlaw; rover, Norman; centre, Phalen; right wing, Russell; left wing, Stuart.

Trojans—Goal, Ryan; point, Frank Staples; cover, Sandy Staples; rover, McManis; centre Coleman; right wing, Rowan; left wing, Denison.

The attendance was 800. The Sackvilles leave here in the morning to play Sussex tomorrow night, and the Neptunes on Friday night.

Winsor, Mar. 8.—A cablegram received here Tuesday states that the All-Windsor team was defeated in their second game at St. John's, N.B., on Monday evening. The third and last game of the series will be played tonight. The boys will start for home soon after the conclusion of the game and will likely reach Windsor by Saturday evening.

Hockey Notes.

The Toronto News says:—Should the Hart Portage seven succeed in lifting the Stanley Cup it will take some time before the piece of silverware representative of the championship of Canada will be wrested from the Ontario town. The rink is so constructed that the Thistles have a system of cannon shooting strictly their own, and few opposing sevens can hope to master the intricacies of the rink in a single game.

The second game in the Stanley Cup series between the champions and the Hart Portage team will be played tonight. The first game was won by Hart Portage by a score of 9 to 3.

The Wellington hockey team under the management of Oly. A. Townsend, challenges the Mohawks and Neptunes of St. John and the Trojans and U. N. B. teams of Fredericton. Mr. Townsend is particularly anxious to get on another game with the U. N. B. team.

CURLING.

At the Carleton Rink. The finals for various prizes were played for in Carleton rink Tuesday night. Jarvis Wilson, Jr., won the Magee Cup with 42 points; George Bailey, the rink medal, with 32 points, and William Ruddock the Bauer trophy, with 32 points.

Holly Pins Competition. In the competition for the Holly pins among the Thistle lady curlers yesterday, the results were as follows: Mrs. T. McLaren, skip, 5; Miss L. L. Robertson, skip, 4; Mrs. W. Campbell, skip, 13; Mrs. F. E. Williams, skip, 7; Mrs. F. D. Miles, skip, 11; Mrs. Walter Holly, skip, 10.

This completes the first round, and this morning the ladies started the second round.

BOWLING.

Johnston's Team Wins. Capt. Fitzgibbon's team on Richey's alley last night in the second game in the tournament for the Richey prize. The game was very interesting throughout and a large number of spectators witnessed it. There is much interest in this tournament on account of the fact that the players have to play a return match with the Eastport bowlers.

The following was the score last night:

Capt. W. John. Total. Avg.

W. Archibald 80 81 88 250 81.3

J. Matthews 77 84 77 238 79.1

G. Smith 83 113 77 273 91.2

G. Graham 72 89 74 235 79.2

The third game in the series will be played Saturday night at 8 o'clock between Captain A. King and Capt. A. McBeath.

THE RING.

Baltimore, March 7.—Kid Murphy, of New York, was able to carry out one-half of his contract, before the Nonpareil, A. C. tonight. Murphy was to have knocked out both Jimmy Farren, of this city, and Kid Egan, of Washington, each within ten rounds.

Farren, who had stood up before Murphy before, was easily disposed of tonight, two sharp punches in the second round, sending him to grass. Kid Egan, however, was a different proposition. He not only stood his ground, but became aggressive in the second round, giving as much as he got. Later, however, he got a good beating, but proved game, and was in comparatively good condition, when the 10-round limit had expired.

Dover, N. H., March 7.—Ralph Kelly, of Boston, and Kid Carter, of Chelsea, were the star attractions before the Franklin A. C., at Lowell's hall tonight. The go was lively throughout the 10 rounds. While both men fought with great clearness, Referee Patay Haley gave Kelly the decision on points.

Carter forced the fighting nearly all the way through, and frequently rushed Kelly to the ropes. But the latter showed wonderful alertness in dodging Carter's blows, and during the clinches, drubbed Carter fiercely. It was one of the best bouts seen here this season.

John L. Sullivan, will not have to worry about having no one to meet him in the roped arena.

Although Jeffries has turned his challenge aside, and Fitz has treated it as a joke, old John L. may have a battle if he wants one.

Waddell, the famous "Rube" an eccentric ball player, has come forward and issued a challenge to the one time champion of champions, in which he says that he will meet Sullivan at any time.

Odds and Ends of Sport.

The "Rita M" cigar is the latest of

Youngheart's brands, Montreal, of which W. Chas. Ackhurst is Nova Scotia representative. It is named after Rita M., 2,191, the fastest green pacer in the province.

Tod Sloan rode two winners at Panama Park, Tuesday. The other day Tod received an ovation for riding Garnish to victory, and incidentally set at rest the reports that he had lost his cunning.

A new world's fly-casting record was made Friday at the Motor Boat and Sportsmen's Show in Madison Square Garden.

The event was for bait-casting with the single hand, and R. C. Leonard made the remarkable feat of 143 feet 7 inches, surpassing the previous world's record, also held by himself.

Eight competitors took part in the event, all well known fly-casters, and when Leonard made the wonderful throw, and the frog on the end of his line went way over the limits of the tank and landed on the rustic bridge, there was a burst of applause from the spectators grouped around the galleries. The tank is 130 feet long. E. J. Mills, the youngest fly-casting contestant, was second with 124 feet 8 inches.

The Summerside Driving Park management will hold a Futurity Stake Race on their track on a date in April, but not yet decided upon. The classes will be for 2-year-olds, 4-year-olds, and three minutes.

New Haven, Conn., March 9.—The Yale football management announced today that Nov. 8 has been decided on as the date for the Yale-Princeton football game at New Haven next fall, and Nov. 25 for the Yale-Harvard game at Cambridge.

Berlin, March 4.—Win. Caspar and Randolph Aronson signed contracts today to take thirty champion wrestlers to America. The latter have been engaged in international matches at the Busch circus here, and include champions of Denmark, Belgium, France, Bulgaria, Jacob Koch, of Germany; Poland, Turkistan and Austria.

Messrs. Caspar and Aronson arranged for a four weeks' season at the Paris hippodrome, where the European wrestling championship will be contested, and then in New York later the wrestlers will compete for the world's championship, open to all comers.

The Corinthian football team's tour programme includes play at St. John, Aug. 5, Saturday; Halifax, Aug. 7, Monday; The Corinthians are a crack English football team. They play the association game. They will reach Rimouski, August 4, and tour Canada and the United States.

THE TAMMANY HOLDUP POLICY.

Murphy System of Graft Keeping New York in a Condition of Servitude and a Menace to Civic Progress.

(New York Commercial.)

Must New York city and every citizen, firm and company desirous of doing business of any considerable magnitude in it "give up" something to the Murphy-Gaffney "combine" for the privilege? That the political machine now in control of affairs municipal is fast bringing about just such a deplorable situation as that is only slowly dawning on the consciousness of the average New Yorker.

Every day of late has added a new chapter to the startling story of how the present leader of Tammany, through the adroit use of his political and family connections and the employment of methods that border closely on criminal practices, is enriching himself in a system of all-round business graft of a sort and size that Tweed himself never dreamed of and that already so far outstrips the most ambitious schemes of Croker that it will make the Sphinx of Wantage grow green with envy.

Murphy has for more than a year past, day and night, been "laying the pipes" for the upbuilding of a colossal personal fortune and for the adequate enrichment of all his beneficiaries. The foundations of it are already well established—established by methods differing only slightly from those of the highwayman and the blackmailer.

The people presently have been asleep.

While it may be too late to destroy the Murphy-Gaffney graft structure, through which the ring is now handling about \$80,000,000 of "fat" contract work, it is not too late to check the further development of the disreputable system.

Chairman Sullivan ("Little Tim") of the Aldermanic committee on bridges and tunnels, the plant tool of Murphy and his superior in the darker and more vicious ways of graft politics, is right now holding up the franchise for a railroad and bridge extension that then one learns so much about other people, you know.

I called up no less than three numbers this afternoon and I was told in each case that the line was busy. Now, I shouldn't have known that if I hadn't had a telephone myself.

Charles Stewart, a colored man tall to the sidewalk in a St. on Leinster street yesterday. Dr. Barry who happened to be passing at the time rendered assistance and Stewart was able to proceed to his home.

The door of White's Express Co.'s office on Mill street and that of T. B. & H. B. Robinson's office on Prince Win. street, were found open and secured by the police last night.

Hicks—"The telephone is a confounded nuisance."

Wicks—"Well, yes, I suppose it is. That is to say, it is not always satisfying, but then one learns so much about other people, you know."
