Liberals Have Only Three Members Returned With 43 Candidates in The Field-Labor Unrepresented

PREMIER ARMSTRONG IS DEFEATED

Premier-elect Rhodes Secures Great Personal Victory-Victoria County Elects One of Each Side-Barnjum Goes In on Tidal Wave in Queens

HALIFAX, N. S., June 26.—Nova Scotia found itself this morning in the hands of a Conservative administration-elect for the first time in 43 years, while the Liberal forces which had wielded uninterrupted power during that period found themselves with but three sure representatives in an assembly of 43, as a result of the most astonishing political upheaval recorded in Nova Scotia since Confederation, achieved at the polls in yesterday's provincial general election. The Liberal government went down with only three survivors, and Premier Armstrong went down with it, when Shelburne county, which he contested, returned two Conservative LUUL DLI UUIIU

field, was elected in Victoria county.

LABOR OBLITERATED.

Labor was obliterated and eight of candidates are believed to have lost their deposits. In this connection it may be noted that Archibald Terris, Labor member of the last House, was returned in Cumberland county, where he ran under the endorsation of the Conservative party.

Great enthusiasm greeted the victory of the Conservatives throughout the province, wherever returns were publicly posted, but the celebration was greatly curtailed and moderated by a drenching downpour of rain that started early in the afternoon and continued until midnight, especially in Halifax, where newspapers had made elaborate arrangements for showing the returns on screens.

The storm, which was accompanied in some districts by thunder and lightning, rendered quick transmission of the returns difficult for the telephone and telegraph companies, but the result was not in doubt after 11 o'clock.

Premier Armstrong is expected to return to Halifax today from his constituency, where he and his coleague, Hen. Robert Irwin, Speaker of the House, received the news of their defeat last night.

PREMIER ARMSTRONG. Last night Premier E. H. Armstrong at Shelburne gave out the following

at Shelburne gave out the following statement:

"Latest information unmistakably indicates that a substantial majority of the electors have come to the conclusion that a time for a change had arrived. The outstanding majorities in many of the counties clearly show that a popular verdict has been rendered against the government. It is quite impossible at this distance, and without the full facts before me, to arrive at any well reasoned cause for the defeat of the government. The Liberal party had as fine a lineup of candidates in the field as ever presented themselves to the electorate for support, and that they put up a gallant fight against overwhelming odds, will be admitted. The decisive character of the verdict would seem to indicate that there is no very practical desire for a redress of our economic ills. I am satisfied, however, that the determination of our people to secure a redress of their grievances will have to be dealt with.

EXPRESSES THANKS.

"I wish to express my sincere and warmest thanks to all candidates and party friends for their splendid support and hard work during the campaign. The government appealed to the people with a constructive programme that we felt deserved support. It can only bow to the popular will. I am convinced, however, that the policy which the government put forward and supported must, in the interests of the province, some day be ripened into action.

"There is little doubt that there were many causes contributing to our defeat for which the government was held responsible. It, was more than evident that many irrelevant issues were raised by the opposition for which the government was neither directly nor indirectly responsible. These all had their effect. The opposition have sown to the wind—they must now reap the whirlwind."

NEW LEADER.

Last night Hon E. N. Rhodes gave out the following statement:

"The magnificent victory achieved by the forces of the Opposition in today's contest, I do not regard as a victory for the Conservative party alone, but rather a victory of the whole people—Liberal, Conservative,

The Halifax Chronicle editorially

"It is a veritable opposition sweep from end to end of the province. The opposition have elected forty of their candidates, and only three of the Liberal candidates have been returned. Not only have the opposition secured a majority in the House of Assembly, which has not been approached since the general election of 1901, when 36 Liberals and two Conservatives were elected; in practically every case the Conservative candidates have been returned by majorities so large, as to be quite abnormal if not phenomenal — majorities which count up into the thousands in several counties, and in Halifax, Colchester, Cumberland, Cape Breton and Pictou, run into very large figures. The opposition have won close fighting constituencies, and they have carried as well old-time Liberal strongholds.

HARD TIMES.

"HARD TIMES.

"However greatly we regret the outcome, we have no desire or intention of minimizing the extent either of the victory for the opposition or of the reverse suffered by the Liberal party throughout the province. It is too early to estimate the influences which brought about the downfall of the government, but probably the chiefest of these was the prevailing business depression, and cry of 'hard times,' which always is the strongest and most deadly foe of a government, and the party in power, notwithstanding the fact that the provincial government was not responsible for and had no control over the state of business, and industrial inactivity, attributable largely to world-wide conditions."

NOT PARTY WORK. The Halifax Herald editorially

The Halifax Herald editorially says in part:

"The decision of yesterday is not the work of a party. All classes of Nova Scotians, men and women, of every shade of political conviction, united in bringing about the downfall of machine government in this province. The people had been exceedingly patient and enduring. They had waited on successive governments, reposing confidence in them, ever and anon giving them fresh opportunities to prove their patriotism and faithfulness. But patience was exhausted. Confidence was betrayed. Opportunities were wantonly disregarded For this unworthiness, the Armstrong government paid the penalty yesterday, when the people's opportunity was given to them at the polls.
