At St. Louis—R.H.E.
Boston.....001000021—4 12 0

ATHLETIC
Six Sport Papers.
The growth of interest in sports and athletics in Poland has led to the establishment of six sport periodicals during the last nine months, according to the Kurjer Polski of Warsaw. In addition, practically all of the leading newspapers now devote some space to sporting events. A few years ago regular sports columns in the newspapers were unusual, and it is only comparatively recently that mention of news of this type has become at all a regular practice.

Of the six new periodicals devoted wholly to sports, three are published in Carow, and one each in Lwow, Poznan and Wilno. The three more important ones, according to the Kurjer Polski, are the "Sporting Review" and the "Sporting Weekly," both of Carow, and the "Sport of Lwow."

TURF.
South Shore Wins King's Plate.
South Shore, a four-year-old brown filly, carried the Thornecliffe stable colors to victory in the historic King's Plate held in Toronto Saturday. Eleven horses started, and the time for the mile and a quarter was 2:12.

BOWLING.
Thorne Lodge Wins Series.
The second series of the I. O. G. T. Bowling League has ended and Thorne Lodge quintette emerged victorious by a wide margin. The first series was captured by No Surrender Lodge and these two teams will be pitted against each other to decide the champion. This match game will take place on Black's alley tonight, and the total pinfall shall decide the issue. Supporters of both teams are confident that their favorites will win and as the teams are fairly evenly matched an exciting game is anticipated.

The standing of the league for the second series follows:
Won. Lost. P.C.
Thorne Lodge.....21 3 .875
No Surrender.....15 9 .625
District.....7 17 .291
Dominion.....5 19 .208

AQUATIC.
Cornell Wins.
Derby, Conn., May 21—A great Cornell crew defeated Princeton and Yale in the varsity race on the Housatonic river last night. The red and white shell swept down the course of two miles in the fast time of ten minutes, eleven seconds.

Princeton was second, three lengths behind the winner, and Yale was third, nearly four lengths behind Princeton. The Princeton time was 10:25, and Yale time, 10:42. The triangular freshman race was won by Princeton which spurred in the last quarter mile after a Cornell oarsman dropped his oar for a moment. The times were—Princeton, 9:53; Cornell, 9:56; Yale, 10:18.

Because of a false start the race did not begin at the regular mark and the distance was not a full two miles.

AMATEUR SPORT.
(Moncton Transcript).
President A. C. Covey's statement to the press ought to help clear the air in M. P. B. A. U. of C. circles. Sportsmanship rests on the principle that the game shall be played according to the rules; the rules may be subject to improvement, but while they are generally accepted they should be loyally observed. Professional athletics may have its place, but the encouragement of amateur athletics is more important to a community. Whether athletes from one town win games from another community is no doubt a matter which touches local pride, but to play the game according to the rules, win or lose, is a far more important matter because it touches a community's honor.

The trouble seems to be that some athletes who occupy a doubtful border line between the amateur and professional classes have been supported by a few sports promoters in an attempt to eat their cake and have it too. But a community's interest in sport lies mainly in its value as a means of providing a healthy discipline and exercise for the greatest possible number of people.

Horse races at Moosepath 24th, May, 28:55-4-28

St. Louis.....001000110—8 11 2
Batteries—Marguard and O'Neill; Sherdel and Ainsmith.

**CHURCH WHERE
LITTLE DORRIT
WENT TO SLEEP**
London, April 24—A. P. by mail—
Lions of Dickens are preparing to participate in the commemoration of the 80th anniversary of St. George's church, where Little Dorrit rested on the morning after the party when she was too late to return to the Marshalsea Prison. Her death was a mystery, it is the church, Dickens was also a worshipper there during his boyhood and often attended the services in his life.

The present church was built in 1734 on the site of the first church, which was given by the "Mystery of the Monks" of the Benedictine Abbey in 1122.

**TO PROBE LAKE
EYRE'S SECRET**
Body of Water in New South Wales Has Mysterious Outlet—May be Underground River.
Sydney, N. S. W., May 22—An attempt to solve the secret of Lake Eyre, called the "Mystery Lake," in the interior of Australia, will be made soon by a scientific expedition. It has been announced. The lake is 400 miles from the nearest settlement.

Seven rivers from the hills miles away penetrate Australia's great interior desert and tumble their contents into the lake. In the rainy season these rivers become enormous flooded areas covering miles. Without any apparent outlet, Lake Eyre, an inland sea as the result of the flooded valleys, collieries and becomes a lake again in a surprisingly short time. The water simply vanishes, puzzled scientists say. It has been suggested that a subterranean river may exist.

G. Halligan of Sydney, one of the party that will investigate the "mystery lake," deprecated the suggestion that the mystery may be the result of especially rapid evaporation, and said the evaporation of such a large amount of water would be impossible.

**GASOLINE PUMP BROUGHT
PRICE WAR TO PARIS**
Paris, May 2—(Associated Press, by Mail)—The war of the pump and can which has been sending the price of gasoline down sharply during the last three months has ended in a treaty of peace between the rivals.

The familiar red pump labelled "filtered gasoline" was introduced into the Paris region a few months ago by an American concern and spread rapidly, so rapidly that the big local refiners who have large sums locked up in cans grew alarmed and began cutting prices against the pump.

The pump interests responded and between them the price of the gallon dropped by stages from \$1.50 to 75 cents. The refiners then found the war unprofitable, came to an arrangement and raised the price by fifteen cents a gallon, at which advance the matter remains fixed.

NEW GREEK CABINET.
Athens, May 22—M. Protopapadakis, who was minister of finance in the Gounaris cabinet, has formed a new cabinet.

Gounaris has been appointed minister of justice, and Nicholas Stratos minister of the interior. The other important portfolios remain unchanged.

IN CHINA.
London, May 22—A despatch to the Times from Peking, dated May 20, says Dr. Sun Yat Sen, head of the Canton government, is now seeking mediation to secure an understanding with Gen Wu.

One Journal remarked "France in granting such a liberal constitution has proven herself worthy of the trust given to her by the league."

REJOICING AMONG LEBANON PEOPLE

New National Assembly Under French Mandate
Large Measure of Self-government is Accorded, but Some Hold for Independence—Details of Recent Serious Troubles.

Beirut, Lebanon, April 28—(A. P. by mail)—The people of Lebanon have been celebrating with fete the proclamation of a new constitution for Lebanon and are setting up of a new national assembly under the French mandate.

The constitution, as proclaimed by General Gouraud, the French high commissioner, affords the country a large measure of self-government.

The administrative committee of the Lebanon, which was nominated by France in 1920 for the purpose of cooperation in government affairs in Lebanon has been dissolved and has been succeeded by a representative assembly whose members are all elected by the people.

There are thirty members in the national assembly. In accordance with the French electoral law which was promulgated in Syria, there is allowed one deputy for every 20,000 inhabitants. The census just completed shows the population of Lebanon to number 600,000.

The constitution affords the national assembly absolute power over legislation, taxation, education and welfare.

France, however, retains control over foreign and military affairs. The extremists are naturally dissatisfied with the provisions of the constitution and ask for no less than complete independence. "We are worthy of independence and well qualified for it," declared the ex-mayor of Aintab, in a speech protesting against the new organic laws. "When Palestine, Syria and Mesopotamia were still under the actual sway of Turkey, Mt. Lebanon had a privileged system of government which afforded a wide scope of freedom. Why cannot we have the same privileges now?"

The liberals, however, who form the majority of the population, although not altogether satisfied with the constitution, still consider it a great step forward in their onward march to free statehood. Their leaders remind the position of the fact that the country is still under mandate according to Article 22 of the pact of the League of Nations and therefore still under tutelage.

BETTING ON DERBY
London, May 21—For the Derby at Epsom on May 21 the following is the latest betting: St. Louis, 4 to 1; Ponderland, 7 to 2; against offered and 4 to 1 taken; Re-Echo, 13 to 2; against; Tamar and Captain Cuttle, 100 to 8; against; Lord of Burghley, 22 to 1; against; Bucks Hussar, 20 to 1; against; all offered and taken. Twenty-five to one was offered against Craigplover; 66 to 1 against Diligence and 40 to 1 against Drake and Noreman.

Norseman dropped from 25 to 1 against after being defeated for the Salisbury Cup on Friday, for which he was one of the favorites.

NEW YORK DRAW
New York, May 21—Jack Sharkey, of New York, and Vincent "Pepper" Martin, of Brooklyn, featherweights, boxed a twelve-round draw at Ebbett's Field.

Joe Mandell, Philadelphia lightweight, was given the judges' decision over Frankie Callahan, of Brooklyn, in the semi-final contest of ten rounds.
