LOYD GEORGE ON HOME RULE BILL

Answers Criticism of Mr. Asquith - Very Optimistic of Result of Bill.

London, March 31.—Continuing his criticism in the house of commons today of former Premier Asquith's plan for the solution of the Irish question, Premier Lloyd George asserted that one had accepted the plan of former Premier Asquith. Dealing with the suggestion of John R. Clynes, Labor, for a constituent assembly the premier emphasized that the previous Irish convention had failed and asked if it was likely that the assembly proposed by Mr. Clynes

would be any more successful. Since any proposal which Irish opinion would by a large majority accept would not be accepted by any party in Great Britain, Lloyd George declared, therefore the government must exercise its judgment for the United Kingdom and the whole empire in order to come to the wisest conclusion possible.

The premier reiterated his declaration that the government plan held the field because it recognized the fact that the house would not satisfy Irish opinion in its present state without destroying the essential unity of the kingdom. The demand in Ireland for the moment was for independence and secession and no self-government. Lloyd George said he wanted to say to "our American friends" that Eamon DeValera was putting forward the same claim in exactly the same way as Jefferson Davis and that some of the men who voted for the Irish self-determination motion in the senate the other day had ancestors who fought to the death against changing to the Southern States of America.

The acceptance of that demand, declared the premier, would never come. It was a demand which, if persisted in, he said, would lead to exactly the same measures of repression as in the case of the Southern States of America. Great Britain, he declared, claimed nothing more than the United States had claimed

for themselves. Great Britain, he added, would stand on its own legs.

There were certain powers which might be conferred upon Ireland when she settled down to an established union and accepted partnership with the United Kingdom, said the premier, but if they were given at the present they would only be wasted, to the harm of the union and of herself. It would be placing dangerous weapons in the hands of an infuriated people, he declared. The premier concluded by saying he believed the bill would result in bringing about the union of the north and the south, union with Protestants and Catholics, union with Great Britain and Ireland.

AND STILL YOU SHIVER!

Pile on all the clothes you can - and still you shiver! That is because your food is lacking in real nutritive elements, or is not perfectly digested. Bodily warmth comes from perfect digestion of real food. Shredded Wheat Biscuit is a real food. It is 100 per cent whole wheat prepared in a digestible form. It gives natural warmth in a natural way. Two Biscuits with hot milk (or hot water) make a nourishing, satisfying meal for a few cents.

DO YOU NEED GLASSES?

If you are troubled in any way with poor eyesight or if you have any symptoms of eye trouble, you will find it a great comfort to know positively whether you need glasses or not.

YOU CAN RELY UPON OUR ADVICE

Whether we sell you glasses depends entirely upon whether you need them. We will advise you honestly if there is actual need—and we know.

PURE VEGETABLE Butter Coloring
For Coloring Winter Butter and Oleomargarine

DIRECTIONS FOR USE:
Put the butter or oleomargarine in a bowl and drop on it for each pound ten drops from the bottle of coloring. If using the capsules, pierce one of these and squeeze contents over the butter. Work the butter with a spoon (a large wooden one is best), mixing color in thoroughly, and in a minute you will find it the color of June grass butter. Do not heat the butter before mixing; but if it is left in a warm room for a while before mixing it will color more easily.

Nearly all butter made in the winter time is colored in this way when it is made.

This color, which is the same as that used by the creameries, is purely vegetable and contains no harmful ingredients.

PREDICT ANOTHER FLOUR ADVANCE

Ottawa, March 31.—A material advance in the price of flour in Canada is indicated in an announcement made here on behalf of the Canadian millers by George A. Macdonald, representing the Quaker Oats Company and head of the delegation of representative millers which waited upon the government today to discuss the serious situation result of the action of the Canadian Wheat Board in continuing the restriction in the price of flour on the Canadian market, and the lack of export markets for Canadian flour. The increase will be necessary to meet the increasing cost of manufacture it is indicated.

Robert I. Cunningham, captain of a Company Salvage Corps and F. Police announced last evening that Jo Russell had donated fifty dollars to funds of the company in recognition of the good services rendered by company at the fire last Saturday evening.
