## Your Bath

You will find an Ivory Soap bath different. Ivory works up instantly into a thick, soft, copious lather which spreads easily over the body and does not dry on the skin. It rinses easily; no soap remains in the pores. The body glows after the "drying off" but does not shine because there is no unsaponified oil in Ivory. Your skin never smart or burns after an Ivory Soap bath. Instead, you have a feeling of delightful exhilaration. An added advantage of Ivory in the bath is that it floats and is always within reach. You are not likely to slip on it in getting out of the tub.

## One Cause of a Bad Complexion—the Remedy

"Look at a section of skin under the microscope and you will readily understand why cosmetics generally injure the complexion," says a well known physician. "The skin, smooth as it looks to the naked eye, under the glass exhibits a labyrinth of tiny holes, mouths of tiny glands, and a network of tiny blood vessels. To keep the skin healthy these holes must be unobstructed, that the perspiration and natural oils can escape. Should the glands be blocked up with irritating particles, a common skin disease, eczema, is the result. This produces a natural, healthy, youthful complexion. One ounce of this wax, to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on nightly like cold cream and washed off mornings."

As a substitute for all cosmetics I recommend ordinary mercuric wax. It not only does what the various preparations are supposed to accomplish but its peculiar absorbent action frees the pores from the daily accumulation of impurities, also absorbing the devitalized particles of surface skin. This produces a natural, healthy, youthful complexion. One ounce of this wax, to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on nightly like cold cream and washed off mornings."

THE CANTEN INQUIRY.

Major F. H. Rowe, who had presided at the district court of inquiry which investigated canteen affairs, was before the general court martial yesterday afternoon on the charge of suppressing evidence. Evidence was given by Brigadier-General Macdonnell, Major S. S. Wetmore, Lieut. J. H. Belyea, Capt. R. Ingleton and Sergt. G. Evans. The hearing was completed and arguments by counsel heard. The court considers.

**Simple Way To End Dandruff**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arrow from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

**To Relieve Catarrhal Deafness and Head Noises**

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.
