EDISON

Diamond Disc Phonograph

A Gift that Brings Pleasure to all

In this marvellous new creation of Mr. Thomas A. Edison there is more real pleasure, for folk of all ages, than in any gift one can bestow; and it is a new development in the realm of music, its rich, mellow voice growing out of a system of tone production on which its great inventor has spent, the greater part of the past three years. With the permanent diamond as a producing point—eliminating the irksome changing of needles—the music possesses a sweetness that is unique.

The Edison Diamond Disc Phonograph stands alone in the production of all the overtones, on which music depends for sweetness, thus first opening to all the entire range of the world's music.

A few of the many styles we are showing are described below.

Of the eighteen there are four now at Salisbury Plain to whom pipes will be forwarded.

The programme otherwise included remarks by Mr. Justice Grimmer, in which he lauded most enthusiastically the spirit of loyalty which and prompted the members to give their assistance to the mother country in the conflict. He extended his congratulations and those of the order and wished them a safe return. The numbers included a solo by Mr. Garnett; comic song by S. Matthews; Tipperary, by the Temple band and sung by all present; solo, by Edward Bonnell; moving pictures; patriotic selections by the band; solos by Major Fred McKinnon, solo, by Captain D. B. URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, distaste, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralise these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralise the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.
