hings, hysteria, hot-flashes or constantly returning pains and
a drain upon a woman's vitality and strength. Dr. Pierce's
on restores weak and sick women to sound health by re-
gulating the local disorders which are generally responsible for the
symptoms.

"I suffered greatly for a number of years and for the past three
years was so bad that life was a misery to me," writes Mrs. R. F. Dick-
son, of Ohio, Ohio, Sept. 4. "The doctors told me I would have to
be in a hospital before I would ever be better. A year ago this winter
I was so bad that I was in a hospital. At that time I suffered the
most in my life. I am the mother of six children. I was so bad for
five months that I knew something must be done, so I wrote to Dr. R. V.
Pierce, telling him as nearly as I could how I suffered. He outlined a
course of treatment which I followed to the letter. I took two bottles
of Dr. Pierce's 'Smart-Weed,' and have never suffered much since.
I wish I could tell every suffering woman the world over what a boon
Dr. Pierce's medicines are. There is no use waiting time and money
doctoring with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo,

every woman, single or married ought to know. Sent free

TWO CARS ARE SMASHED

Dining-Car and Day Coach Are Rolled
Over Into the Ditch and Tele-
graph When Train No. 16, From De-
troit, Hits a Defective Rail
Near Chatham—Woman Is
Internally Injured; May Die.

Chatham, Sept. 27.—A score of per-
sons were injured, one, Miss Lafferty
of Chatham, fatally, when the Grand
Trunk last train No. 16, from Detroit,
was derailed about five miles west of
Chatham about five o'clock yesterday
afternoon. The dining car and the day
coach were rolled over into the ditch
and telegraph, while the engine, bag-
gage car and the two rear-day coaches,
though they left the tracks, remained
on the roadbed.

Among those injured are Mrs. Mead,
Kent Bridge, Ont.; Mrs. Robert Coyle,
Chatham; Mr. and Mrs. J. E. Rich-
ards, Chatham; Miss S. T. Lewis, De-
troit, Mich.; Miss Cox, Toronto; Miss
Costello, Toronto; M. E. Gray, Brant-
ford.

The dining-car was almost deserted,
but the day coach was crowded with
passengers, for the most part residents
of Chatham. That the loss of life
was not heavy is little short of mir-
aculous, as it is stated by passengers
that the train was travelling at the
rate of about 50 miles an hour.

News of the accident reached Cham-
ham quickly and motor cars and other
vehicles were at once rushed to the
scene and the work of rescue began.
The injured being hurried away to the
General Hospital at Chatham. Here it
was found that Miss Lafferty's in-
juries were fatal, she being hurt in-
ternally and paralyzed. It is feared her
back is broken.

Several others required attention,
but while severely cut and bruised,
their injuries are not considered seri-
ous. Every passenger in the two
coaches was severely shaken up, al-
though the majority were able to dis-
pense with hospital attention, their in-
juries being attended to at nearby
term houses.

Engineer Overland of Toronto, who
was with the train, which was
charged of conductor Higgins, denies
that the train was going at high speed
and asserts that the derailment was
due to a defective rail.

However, say in their opinion, the
train was going at from forty-five to
fifty miles an hour, and say that the
ties appeared to have been in an un-
favourable condition.

The accident occurred on a level
stretch about two and a half miles
west of the diamond, a point where
several lines intersect. The spot has
not been regarded as a dangerous one,
there being no curve.

As soon as news of the wreck was
received, an auxiliary started from
London and reached the scene about
an hour after the accident, but despite
all efforts traffic was tied up west of
Chatham until late hours last night.

The damage to the diner and day
coach was considerable, while the road
bed was badly torn up.
Passengers on the wrecked train
were able to leave Chatham on a spe-
cial train east from Chatham late last
night.

Knox Corner-stone Laid.

Toronto, Sept. 27.—Sir John Gibson,
the Lieutenant-Governor of Ontario,
"well and truly laid" yesterday after-
noon the cornerstone of what will be
the sixth house of Knox College in
this city before a large gathering of
people interested in educational and
religious work. The site of the new
college building on the west side of
the campus of the University of To-
ronto, and between Convocation Hall
and the main building of the Univer-
sity, was able to leave Chatham on a spe-
cial train east from Chatham late last
night.

At half-past two o'clock the faculty,
the senate and the members of the
board of management of Knox College
gathered in Convocation Hall, and at
three o'clock marched to the new site
of the college.

Rev. Dr. R. P. MacKay conducted
the opening devotional exercises, as-
sisted by Rev. Dr. John Neil and Rev.
Dr. John Somerville.

Praying For Peace.
Ballymore, Ireland, Sept. 27.—Ul-
stermen are praying and hoping for
peace, but if that is denied to them,
they are ready for war, according to
the Earl of Kilmorey, while address-
ing a big outdoor demonstration of
Irish Unionists here yesterday.

Some 20,000 people from the County
of Down were present at the meeting,
which was the final Unionist demon-
stration before Easter day (Sept. 28).

The Earl of Kilmorey was chairman
and in his speech declared his inten-
tion of refusing to submit to home
rule if the act passed. A large number
of Irish peers, he said, including Field
Marshal Lord Roberts, and the Mar-
quis of Dufferin had signed a pledge
not to accept a seat in either house
of an Irish Legislature.

The officers and members of King
Hiram lodge, A.E. & A.M. will please
assemble at the Masonic hall Friday
evening at nine o'clock sharp. Fare-
well and presentation to Bro. R. J.
Agar, Secretary who is leaving for
Regina.

Damage by Typhoon.

Tokio, Japan, Sept. 27.—Damage ex-
ceeding \$20,000,000 was caused by the
typhoon which swept Japan from end
to end on Sunday, while the loss of
human life was very heavy, and tens
of thousands are homeless.

The storm was the worst that has
occurred here for over a half a cen-
tury, according to reports which have
just reached the capital, which has
been practically cut off from the rest
of the country for days.

At Nagoya every house was damaged
and a great tidal wave demolished the
harbor and sank three steamers, while
several others went ashore.

At Gifu 200 people were killed and
283 injured. The whole of her crew and
passengers were lost.

At Osaka 20,000 houses were ruined
and all the breakwaters and the har-
bor piers were washed away.

At Nara the thousand-year-old Ka-
manga shrine collapsed into a heap of
ruins.

Titanic Claims.
New York, Sept. 27.—A cable from
London says the first batch of claims
against the White Star Line arising
out of the Titanic disaster will come
to trial during the approaching law
sittings. They are being brought in
behalf of the relatives of fourteen pas-
sengers who perished.

The terms of the contract under
which tickets are issued obliges the
company to pay the cost of their call-
ings, where the Merchant Shipping
Acts limit the liability of the shipping
company to \$75 per ton in case of loss
of life and \$40 per ton in case of loss
of goods. The tonnage liability of the
Titanic was \$4,521 tons gross, the
liability for the loss of life is \$3,264,
and for goods \$1,740,840, making a
total of \$5,004,910.

China to Fight Russia?
New York, Sept. 27.—A cable from
Paris says: In an interview in the
Paris yesterday on the general pos-
sibility of intervention in the Russo-
Siberian general, Spiridovich, gave it
as his opinion that one forthcoming
development would be a declaration of
war by China against Russia.

"China is obliged to follow the same
method of expansion as Japan, which
has been forced to pour her overflow
population into Korea and Manchuria.
China has now 500,000,000 inhabitants,
and there are twenty million births
yearly. Siberia is necessary to her."

state convention here yesterday. The
nominations were by acclamation.
Mr. Smith resigned a few weeks ago
his position as commissioner of cor-

POPULAR SONGS IN "THE RED ROSE"

Not since the days of "Florodora"
has there been a musical comedy with
a score so popular as that of "The
Red Rose," which will be seen at the
Griffin Opera House, Woodstock
to-night with the popular
Zoe Barnett at its head. There are
twenty-two numbers. The composer,
Robert Hood Bowers, seems to have
grasped the secret of writing musically,
yet popular airs. He insists on the
proper intonation of his work
and his orchestra skillfully accom-
pany him with the orchestra pit. The score
contains twenty-two musical numbers.

Foster OH For England.
Ottawa, Sept. 27.—George E.
Foster left last evening for England
to attend the meetings of the Impe-
rial Trade Commissions, and will be
absent until Christmas.

The commission resumes its sittings
on Oct. 9, and the list of subjects of
inquiry, as previously published, in-
cludes a general investigation into
trade conditions, a survey of the nat-
ural resources of the Dominion, their
facilities for production, manufactur-
ers, and source of supply; a general
investigation into immigration and
the efficiency of the agencies now em-
ployed; how present methods can be
improved, etc.

To cover the ground thus mapped
out, the commission will both collect
statistical information and hear evi-
dence of expert persons. New Zealand
and Australia will be visited next
spring, but the order of going to the
other Dominions will be determined
later.

Glad Hand for Wilson.
Fall River, Mass., Sept. 27.—Govern-
or Woodrow Wilson found the people
of Massachusetts, who greeted him
yesterday, as enthusiastic and demon-
strative as any he has met since he
began campaigning for the Presidency.

Great crowds turned out at Spring-
field, Barre, and Fall River, where the
governor made scheduled speeches,
but along the way his reception was
practically continuous.

The monies covered a variety of
topics in his speeches, including tar-
iff, the questions affecting monopoly
and Governmental assistance to farm-
ers. He said last night he felt deeply
pleased at the friendship he had
struck up with the people.

THE BEST PROTECTION

It always pays to get the best. This
is all important in fire insurance. You
can get cheap insurance but it is not
the best. It is usually not even good.
What is the use of paying out good
money and taking a chance that you
will have to stand your own loss? Com-
panies that sell cheap policies do pay
losses when they are able, but how fre-
quently they fail just when you want
their protection! Demand a policy in
the Manitoba Assurance Company and
get the best. A. Macaulay, agent.

TOO SHORT NOTICE

Manufacturers Want Time to
Consider Preference Proposal.

"PART OF POLITICAL GAME"

President Curry's Reply to Winnipeg
Grain Growers' Paper, in Which He
Said the Association Would Not
Assent to a Sweeping Proposal
Without Consideration, Is
Endorsed by the Delegates.

Ottawa, Sept. 27.—Without a dis-
senting voice the Canadian Manufac-
turers' Association yesterday endorsed
the attitude of President Curry as
shown in his reply to a telegram from
The Grain Growers' Guide asking that
the association declare for a duty on
British goods equal to only half that
on imports from the U. S. President
Curry, in addressing the convention,
said he thought the message was part
of a political game. His reply was:
"The Grain Growers' Guide Winni-
peg, Man."

"The association acknowledges the
receipt of the message from The Grain
Growers' Guide, dealing with the two
questions—first, Canada's loyalty to
the Motherland; second, the question
of a larger preference on British
goods."

"Our association believes that all
Canadians, regardless of their calling,
are doing what they can to promote
the feeling of loyalty and closer union
between all parts of the British Em-
pire."

"The attitude of the C. M. A. on the
British preference has been set forth
in resolutions and adopted after long
and careful consideration of the varied
interests involved. It believes that no
adequate consideration of such a
sweeping proposal as that embodied
in your telegram, received only this
morning in the closing hours of the
convention, is possible."

"If any organization or organiza-
tions, representative of all productions
in this, or both the middle and the
farthest West, desire a conference on
any matter looking to the advance-
ment of Canada as a whole, or as an
integral part of the British Empire,
our association will gladly co-operate."

R. S. Gourlay of Toronto is now
president of the Canadian Manufac-
turers' Association, with C. B. Gordon
of Montreal, vice-president. Vice-
presidents for the provinces are: On-
tario, J. W. Woods, Ottawa; Quebec,
D. J. Frazer, Montreal; Manitoba,
J. A. Parkin, Winnipeg; British Co-
lumbia, A. O. Plummer, Vancouver;
New Brunswick and P.E.I., S. E.
Elkin, St. John; Alberta and Sas-
katchewan, W. Geoghegan, Calgary.
Nova Scotia will be chosen later.

As a fitting climax to an eminently
successful convention, the C. M. A.
held a banquet last night in the Cham-
berlain Hotel, which fully 500 were
present, among the honored guests
being Premier R. L. Borden, Sir
Wilfrid Laurier, Hon. J. D. Hazen,
Hon. J. D. Reid, Hon. J. C. De-
berry, Hon. A. E. Kemp, John Kirby,
Jr., president of the American Asso-
ciation of Manufacturers.

The new president, Mr. Gourlay, oc-
cupied the chair and acted as toast-
master for the toast which was toast
to the King.

None of the speeches was lengthy.
The Premier, in some sincere com-
pliments to the American people and
the American nation and in a splen-
did oration urged all Canadians not
to forget the importance of promoting
the ideals of nationhood and charac-
ter.

Sir Wilfrid Laurier made some hu-
morous references to the tariff ques-
tion and spoke in an appreciative way
of the growth of Canadian industries.
Hon. Mr. Hazen advised the man-
ufacturers to establish a Canadian
Lloyds and act as that the Government
would do all that it possibly could to
get better marine insurance rates for
vessels on the St. Lawrence.

After dealing with facts and figures
showing the growth of Canada in the
last few years Mr. White appealed to
the Canadian manufacturers to recog-
nize the importance of higher educa-
tion.

Fall River, Mass., Sept. 27.—Govern-
or Woodrow Wilson found the people
of Massachusetts, who greeted him
yesterday, as enthusiastic and demon-
strative as any he has met since he
began campaigning for the Presidency.

Great crowds turned out at Spring-
field, Barre, and Fall River, where the
governor made scheduled speeches,
but along the way his reception was

and Governmental assistance to farm-

man to the Grave.

Kingston, Sept. 27.—In the family

Cartwright were yesterday afternoon

Cathedral.

Upon arrival at the cathedral the
remains were met by the Dean of On-
tario, Rev. E. J. Bidwell, Rev. O. G.
Dobbs of Brockville, a cousin of the
deceased, and the clergy of the cathe-
dral. Chopin's funeral march was
played while the body was being con-
veyed up the aisle of the cathedral. A
full choral service was conducted.
"Lead, Kindly Light," were the hymns
sung while "The Dead March in Saul"
was played as the body was removed
from the cathedral.

The funeral cortege was very large.
Senator Loughheed, Ottawa; Senator
R. J. Laflair, Toronto; and Hon.

The floral tributes were many, in-
cluding wreaths from the Dominion
Government and the Senate, the
Montreal Liberal Club and the King-
ston Reform Association.
