CLOSING EXERCISES OF RIVERSIDE CON- SOLIDATED SCHOOL

HOPEWELL HILL, July 1.—The closing exercises of the Riverside Consolidated School, which were held on Friday last, were of much interest and attended by a very large number of visitors, who greatly enjoyed the fine programme that was carried out. The Class History, read by Miss Millicent Turner, and the class progress, and valedictory by Clyde Robinson, evoked general praise, and in fact everything on the programme was worthy of commendation. The list of graduates, eight in number, have already been printed in the Sun.

Prizes were presented as follows: For making the highest standing in their respective grades—Grade I, Harry Tarris; grade II, Halie Smith; grade III, Lucien McLeod; grade IV, Christine Crawford; grade V, Gertrude Fullerton; grade VI, Ethel Sewell; grade VII, Albert Milton; grade VIII, Lena Reid; grade IX, Chester Crossman; grade X, Augusta Copp; grade XI, Alonzo R. Stiles.

For making the highest standing in French James Carnwath was awarded a sovereign.

The winners of the prizes in the household science and manual training department were, in the former—Marion Reid, set of dishes, and Nina Fawcett, sovereign, equal standing; Emma Marks, Alberta Richardson, half sovereign each. In the manual training, Lorenzo Moore, sovereign; Odell Stiles and Bruce Kinzie, each half a sovereign. These prizes were presented in a pleasing address by Hon. C. V. Osman.

The governor general's gold medal was won by Alonzo Stiles and presented by Rev. Mr. Smithers.

The prizes of \$15 offered by Mr. Sumner of Moncton and those offered by Hon. Mr. McClellan and Rev. Mr. Smithers will not be presented until school reopens in the fall, in order that the students may have more time to perfect their collections of flowers, seeds, leaves, etc.

Mr. Trueman, the principal, reported an attendance during the past year of 233 pupils and a splendid retention of interest in the work of the school. A number of books had been added to the library, the debt on the piano paid off and about \$100 spent in the garden and grounds without a cent's direct expense to the district, the money being raised by concerta, etc. Mr. Trueman strongly urged that something be done in the way of providing the children with systematic training in singing, attention being drawn to the fact that few people in the churches today join in the service of song, and an seldom met a man who could sing by note. Mr. Trueman claimed that the only remedy for this was to teach the children beginning in the lower grades and make music a regular part of the school work. The singing in the school was excellent, but as it was all by rote, the evil mentioned was not being properly met.

The address to the graduating class was given by Hon. A. R. McClellan. Mr. McClellan spoke of the change that had come over the world in the way in which labor was regarded. No longer was it a disgrace to work with the hands, rather was it an honor. He reviewed the graduates never to shun hard work. He said that the greatest sin of the world, perhaps the only sin, was selfishness, and he urged the class to find higher motives than the advancement of purely personal interests.

At the close of the exercises gifts were presented to Miss Ruel, Miss Atkinson and Miss Turner, the teachers, who are leaving the school.

VOICES FROM THE SEA.

Common Phrases That Have Had Their Origin Aboard Ship.

It is remarkable what a number of common expressions in use every day come to us from the sea. You grumble at a third party for "showing in his ear" in a conversation. A friend inquires after your health. "Oh, first rate, thanks," you reply, using a term derived from the days of old wooden line of battle ships. Probably each of us knows of some one who is "sailing under false colors."

Politicians are not infrequently "thrown overboard" by their party when they disappoint expectations. We call tall buildings "skyscrapers," a term originally purely nautical. "Close quarters" is a very common expression, which, like "first rate," dates from the time of wooden fighting ships. The "quartars" were protection erected along the bulwarks behind which sailors could lie low and which were used to help to repel boarders.

There are others, too—"half seas over," for instance, and "high and dry." Honest men are said to be "aboveboard." We call a good for nothing man a "doodle," and we urge people to go "full speed ahead" on all occasions when we mean there is need for haste.
