A Petition for Justice Put in the Terms of a Painful Surprise to a Friendly Republic, NEW YORK, Nov. 16.—The New York Evening Post has received the text of the Colombian protest. It is addressed to the United States senate and is signed by President Marroquin. The Evening Post's despatch is as follows: "The president of Colombia has today addressed the American senate in the following terms: "To His Excellency, the President of the Senate, Washington, D. C.: "Excellency—The government and people of Colombia have been painfully surprised at the notification given by the minister of the United States to the effect that the government at Washington had hastened to recognize the government consequent upon a barracks coup in the department of Panama. "The bonds of sincere and uninterrupted friendship which unite the two governments and the two peoples; the solemn obligation undertaken by the American Union in a public treaty to guarantee the sovereignty and property of Colombia in the Isthmus of Panama; the protection which the citizens of that country enjoy and will continue to enjoy among us; the traditional principles of the American government in opposition to secession movements; the good faith which has characterized that people in its international relations; the manner in which the revolution was brought about and the precipitation of its recognition; the solemn obligation undertaken by the government and people of Colombia to assist us in maintaining the integrity of our territory and in respecting the instruction, which is not even the result of a popular feeling. "In thus demanding justice, Colombia appeals to the dignity and honor of the American senate and people. "Signed) MARROQUIN. "It is to be hoped that the petition for justice which Colombia makes to the American people will be favorably received by a sound public opinion among the sons of that country. "Signed) MINISTER OF GOVERNMENT, "ESTEBAN J. ARMILLO."

A high French official informed the Associated Press that the only condition for full recognition of the republic of Panama was the receipt by the government here of a formal official communication from Panama under which the new government will assume responsibility for the obligations of Colombia. It is evident from this that the French authorities have no intention to take any part in the efforts of a certain section of the press to induce the company to build the canal.'
