**DR. FOWLER'S EXTRACT OF WILD STRAWBERRY**

It has a reputation of over 65 years' standing, and never fails to either relieve or cure.

Do not be imposed on by any unscrupulous dealer who wishes to substitute the so-called Strawberry Compounds for "Dr. Fowler's," as these no-name, no-reputation substitutes may be dangerous to your health.

MADE UP HER MIND TO NEVER BE WITHOUT IT.

Mrs. Joe Parent, Campbellton, N. B., writes: "During the hot season last summer I had a bad case of diarrhoea. I tried several medicines with no benefit. At last I tried Dr. Fowler's Extract of Wild Strawberry. The first bottle nearly cured me, and the second did it. I was so satisfied with the medicine that I made up my mind never to be without a bottle of it in the house in case of emergency."

**EXPOSURE OF POLICE GRAFTING**

Continued from page 1.

Three Others Implicated.

Mr. Whitman it was learned, has the names of the other three police officials whom Rose has named and his further efforts in this most sensational police exposure, that New York has ever seen, will be directed toward strengthening the evidences which point against them. One of the officials named, it was learned, holds a position at headquarters, and is in a strict sense a civilian employe. The name of a former prominent city official has been brought to the attention of the district attorney, who is having been closely connected with the graft system, but it was learned that the evidence, however, is being closely followed by the detectives in the employ of the district attorney.

It also becomes known tonight that if Lieut. Becker will tell all he knows, not only in respect to his own alleged complicity in the murder, but will unfold the inner workings of the graft system insofar as it may involve the men higher up, he will be granted money, and on that condition only.

Handled \$600,000 Yearly.

The alleged fact of the \$2,400,000 graft fund was told to Rose by Becker, the inner workings of the graft system, said in a sworn statement today. Becker, he said, told him that he handled some \$200,000 a year and that equal amounts were handled by three other officials. This, he said, came in collections from gambling houses, pool rooms, houses of ill-repute and the like.

Rose said he had collected gambling graft for Becker for months and he promised the district attorney that he would obtain for him the rates paid by gambling houses, making a tabulation of these receipts amounting to monthly and yearly, and how the money was handled. That there were other collectors besides Becker is the assumption of the district attorney, who hopes to identify them.

Becker, he said, gave him a liberal commission for his work.

"Becker paid me liberally out of my collections," Rose said, "but I never was able to keep what I got. I was a fool gambler and gambled it all away."

"Bridgie" Webber, the gambling-housekeeper, who has also confessed and whose story largely corroborates that of Whitman, today admitted to the district attorney that \$2,000 was the sum which he received to pay Becker, who actually fired the shot which killed Rosenthal.

Retain Hyde's Lawyer.

The retention of Max D. Steur, counsel for Mayor Gaynor's protegee and former city chamberlain, Chas. M. Hyde, a native of Toronto, N. S., in connection with the strike of the dock laborers for depositing city funds in the bankrupt Carnegie Trust Co., to defend Webber, is said to have been the thing that gained Rose's consent to confess. Rose had come to suspect that the plan were to make him the scapegoat. The employment of new counsel for Webber is said to have been suggested by the newspapers were correct and he demanded to be heard at once.

The hopes of the authorities that another of the men accused as the actual slayer of Rosenthal had been arrested were disappointed late today when Inspector Hughes received information that a man held at Syracuse on suspicion of being "Gibbie Lood" is not the much wanted gunman.

**TO HELP NATURE SHED A BAD COMPLEXION**

Beauty devotees are enthusiastic over the beautifying qualities of mocolled wax. Perhaps nothing discovered within recent years accomplishes so much so quickly, without harm, without detaching one indoors, and at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding, or "curing" complexion defects, it removes them. The wax actually takes off the aged, faded, sallow or blotchy cuticle, gently, gradually, causing no inconvenience. It is Nature's way of renewing complexion. When the natural process is retarded because of deficient circulation or nerve tone, mocolled wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mocolled wax, get an ounce of it at the drug store, and at night like cold cream, washing it off in the morning. Another natural beautifying treatment—for wrinkled, flabby, skin—to bathe the face in a lotion made by dissolving an ounce of salixite in a half pint witch hazel. This is remarkably effective.

Exhaustion and Bodily Tiredness Every Day Being Turned into Vigor and Ambition by Dr. Hamilton's Pills.

From Chebogue Pt., N. S., comes the following from Mrs. W. A. Reynolds: "A year ago my health began to fail, I lost appetite, became nervous and sleepless. My weight ran down, I became thin, hollow cheeked, and had black rings under my eyes. I really felt as if the charm of life had left me and when springtime arrived I was in the 'blues.' I read of Dr. Hamilton's Pills and got five boxes at once. "Within a month my appetite and color were good. I gained strength and felt like a new woman. New life and vigor returned, and my friends scarcely knew me. A medicine that will do this should be in every home. Good health means much to you. Success and happiness depend upon it.
