

### MARITIME PRESBYTERIAN SYNOD IN SESSION AT FREDERICTON

Dr. Ross Elected Moderator for Ensuing Year—Name Placed in Nomination by Judge Forbes of This City—Over Four Hundred Delegates in Attendance—Real Work of Synod Begins Today.

Special to The Standard. Fredericton, Oct. 7.—The Maritime Presbyterian Synod opened here this evening at St. Paul's church with approximately 400 clerical and lay delegates in attendance from the three provinces and Newfoundland, as well as a delegation from the Province of Quebec.

The Christian Faithfulness and its Reward was the theme of the Synod sermon, which marked the opening session, and was preached by Rev. Angus McMillan, of Cape Breton, the retiring moderator, before a congregation which entirely filled the large edifice.

Rev. Mr. McMillan took his text from Revelations 11: 19—"Be Thou Faithful unto Death, and I will give thee a Crown of Life," and he concluded with a declaration that "in view of the great forward movement upon which our church has embarked, and that the world may know what we stand for, it is fitting that, as officers and members of the church we should reaffirm our faith without reserve."

After the conclusion of his sermon Rev. Mr. McMillan addressed the synod as follows:

"Fathers and brethren: the synodal year that ends here tonight, has been one of the most memorable years in the world's history since the resurrection of our Saviour. A year ago, when we solemnly adjourned in Charlottetown to meet here this evening, the cloud of war, with all its terrors, was hanging over us and over the whole world. During the year that closed has been removed by the help of God. For this we have reason to be thankful and rejoice; but our rejoicing is mingled with sorrow and sadness when we remember the many whose remains lie buried in the far off fields of France and Flanders, and the many hearts and homes reared and sorrowful in its own name land."

"A peace covenant was signed by the leading nations of the world. A great league of nations was organized, having in view the prevention of war in the future. A great movement was commenced in the Protestant churches in North America, including our own church, for the purpose of awakening the people to take a deeper interest and a more active part in all religious activities. Let us resolve to do our part to make this movement a success."

"Fathers and brethren, in retiring from the moderatorship of this synod, allow me to express my high appreciation for the honor you conferred on me and the courtesy you accorded me during my tenure of office. I now call upon you to appoint my successor."

Rev. James Ross, of Halifax, for fifteen years superintendent of missions, was then elected moderator, being nominated by Judge Forbes, of St. John, and the nomination being seconded by Rev. Thomas Stewart, of Halifax. The new moderator was then escorted to the chair and assumed his duties, first of all expressing his appreciation and gratification at his election to the responsible and honorable position.

Rev. Frank Baird, of Woodstock, was elected assistant to Rev. Dr. Stewart and that completed the business of the evening. The opening service was of a most impressive nature, and was marked by exceptionally attractive musical numbers, including a duet by D. B. Tees, of Minto, and Miss Edna Baird, of this city.

Almost 200 of the delegates came by special train over the C. N. R. via Moncton and McDevine Junction, from Nova Scotia. This train was due here at 8:30 p. m., but was almost three hours late, and the delegates in this party did not reach the Sydney meeting until just about the time adjournment was reached.

The Synod will get down to real business tomorrow morning, when Mayor Hanson will deliver the civic welcoming address, and expressing Mr. Kenzie, of Dalhousie, and Principal McKinnon, of Pine Hill College, are to speak.

Lieut.-Col. the Rev. Dr. Pringle, moderator of the Presbyterian Church in Canada, is to arrive tomorrow, and tomorrow evening Rev. E. A. Armstrong, General Missionary Secretary for the Presbyterian Church of Canada, of Toronto, will be the principal speaker at the special missionary session of the Synod. He has recently returned from an extended tour of the Far East.

After the Synod had been properly constituted Dr. Thomas Stewart, clerk of the Synod, read the list of Presby-

### The Von Der Goltz Troops Menace To Allied Interests

Berlin Gov't Has Lost Control Over the Forces Estimated at from 35,000 to 60,000.

Paris, Oct. 7.—Diplomats and military men of all the Allied and associated powers are agreed that the troops under General Von Der Goltz are a menace to Entente interests at they are now operating and should be withdrawn. But there is a great difference of opinion as to the best means of effecting their disarmament and disbandment.

The fear is expressed by many officers who are familiar with the situation that a considerable number of Von Der Goltz's troops may lapse into Bolshevism as they are for the most part men whose properties and employment have been ruined by the war, and they have sought the Baltic provinces as a pioneer country where they could re-establish their fortunes.

Many of these soldiers are Germans who were expelled from Alsace-Lorraine, and there are numerous ex-convicts, without the prospect of employment because of the lack of any navy and merchant marine. Consequently they are foot loose, desperate and eager for any adventure, and ready to follow any bold leader.

The Von Der Goltz forces are variously estimated as from 35,000 to 60,000. In the opinion of Entente officers who have recently been in the Baltic territory the Berlin government has unquestionably lost control over the Baltic troops.

There was a magnificent challenge in the docket which was to be brought down before the Synod. He said that he was under the direction of the Synod and would work in its interests at all times.

Rev. Dr. Thomas Fullerton, of Charlottetown, P. E. I., then moved that the Synod express its appreciation of the retiring moderator for his splendid work during the past year, and also for the fine expression of the orthodoxy of his faith as shown in his address to the Synod last night.

### CONDITIONS IN STEEL WORKERS' STRIKE WITHOUT MARKED CHANGE

No Additional Plants Reported to Have Started up and Strikers Do Not Anticipate Material Additions to Their Ranks—Pittsburgh Central Labor Union Met Behind Closed Doors Last Night.

Pittsburg, Penn., Oct. 7.—Conditions in the steel workers' strike in the Pittsburgh district were without marked change today. No additional plants were reported to have started up and the strikers did not anticipate material additions to their ranks. The works that resumed yesterday in the non-union section, after an absence of two weeks, were reported as having continued operations today, while strike headquarters received word from organizers that some men are in the various works, but there is little if any production.

All the big plants of the Carnegie Steel Company in this district, which the strikers failed to shut down when the walkout began are continuing to operate. The company reports that men are slowly returning to their old jobs. The executive council of the Pittsburgh central labor union met behind closed doors tonight to discuss the steel strike situation and the refusal of the authorities to permit the holding of mass meetings in the open, and in some places in halls. Complaints against the state police and deputy sheriffs were also under discussion, it was said.

The meeting gave rise to a report that the council might consider the question of a general strike. When asked as to the possibility of the strike spreading beyond the steel industry, W. B. Rubin, counsel for the steel workers, said that "unless the lawlessness of the state police and other officials is stopped, the workers get justice, Pittsburgh will probably see one of the greatest strikes in its history."

### CANADIANS KNEW HOW TO ACT WITH PROMPTNESS

Railroad Tie-up in England Didn't Prevent Them Making Their Boat for Home.

London, Oct. 7.—The recent railway strike brought out a smart piece of Canadian resource and organization at Buxton discharge depot.

On Saturday six hundred men were to join the Belgic at Liverpool and a special train had been arranged for Saturday morning, but on Friday evening it was cancelled. Colonel Hanson, commander, and his staff, not to be beaten, however, began to organize a road transport and, with the assistance of Captain Smythe, of a local volunteer detachment, it was all fixed up in four hours from Manchester and London, and by Saturday morning the lorries were all on hand. Saturday evening brought news that the last man was aboard the Belgic.

At a civic farewell ceremony at Buxton on Saturday night, Colonel Hanson will plant a maple tree commemorating the Canadians long and intimate association with the town.

Into a one quart bottle, pour 2 1/2 ounces of Pink (50 cents worth); then add plain granulated sugar syrup to fill up the bottle. ### HOME MANUFACTURE PERMITTED IN DRY BILL AGREED ON

The 285 Liberalizing Amendment Accepted—\$2,000,000 Fund Law—Burden of Proof on

Washington, D. C., Friday.—The House and Senate conference on the prohibition enforcement bill reached a complete agreement Wednesday.

The bill, which establishes one-half of one percent, as the maximum alcoholic content of beverages, was passed by the House July 22, and by the Senate September 5. The conference report will be acted on first by the Senate, to which it will be reported today and then sent to the House.

The bill will be returned from conference without fundamental changes in its plans for district enforcement both of the war time prohibition law and the constitutional amendment by the Commissioner of Internal Revenue and the department of Justice. Provisions for manufacture and sale of industrial spirits and of spirits for sacramental and scientific use are retained but rigorous safeguards against manufacture and sale of spirits for other purposes are provided.

The Senate conferees, however, succeeded in retaining virtually every one of the 285 liberalizing provisions adopted by the Upper House, which comprise mostly administrative features. The principal "liberal" amendment of the Senate permitting home manufacture and consumption of cider and light wines was approved as well as another Senate amendment extending application of the constitutional amendment to the Panama Canal zone.

In the principal conference dispute over imposition of the "burden of proof" in prosecutions, the Senate prevailed. The Senate bill, as agreed on provides that the government bear the "burden of proof" and prove its case in prosecuting those selling beverages that show that the beverages concerned contained more than the alcoholic limit of one-half of one per cent. Manufacturers, however, as provided both by the House and Senate bills, must bear the burden of proof.
