A communication from the Dominion falliance requested this body to appoint four representatives to that body.

Nane ministens were reported absent, three because of age four because of illness, and two proceeding with their studies.

This morning Rev. F S. Hartley was spointed auditor pro tem.

C. W. Weyman, from Lower Millstream. Kings county, church, invited the conference to meet with them next year. Resolved that its location be left to the conference executive, and that hereafter the session shall be held on the Friday preceding the full moon in October.

District meetings for the ensuing year were appointed as follows: District No. 2, Lindsay, Carleton county; No. 3, Gibson, York county; No. 4, Russagornish, Sunbury county; No. 5, Bald Hill, Queens county; No. 7, Seal Cove, Charlotte county.

After discussions by Revs. Dr. Hartley, McLeod, Dagget, Rideout and Dewitt, and Messrs. D. McLeod Vince and G. McLeod the committee to consider the question of union with the Union States General Free Baptist Conference reported that while

union with the Union States General Free Baptist Conference reported that while they appreciated the kindness of the suggestion it was thought best that the conference should remain as it was, making no alliance at present.

The Women's Missionary Society in confection with the Free Baptist General Conference met in the afternoon, the president, Mrs. J. S. Smith, of St. John, in the chair. The corresponding secretary.

adent, Mrs. J. S. Smith, of St. John, in the chair. The corresponding secretary, Mrs. C. W. Waynard, of Apohaqui, reported the work of their missionary, Miss. Gaunce, at Belasore, India, as progressing favorably. The secretary, Mrs. Vince, of Woodstock, reported the finances in a fiourishing condition.

The reports were adopted, after which the meeting adjourned.

Marysville, Oct. 9—At the Free Baptist 280.14. conference Tuesday afternoon it was re-solved that matters pertaining to the

Religious Intelligencer, the organ of the conference, be left to the executive.

Rev. Gideon Swim, from the committee on literature, reported that great care should be exercised in the literature put in our homes and churches. The hymn books recently chosen should as speedily as preside he not in all our churches. as possible be put in all our churches. Care should be taken that no quarterly or papers be admitted teaching doctrines contrary to the denomination's beliefs.

Again hearty approval of the Religious Intelligencer was expressed.

Rev. Dr. Hartley, from board of managers, reported there was no processity.

dian government, or by Col. Biscoe the senior imperial officer in command at Halifax as the war office had decided in a previous case, will likely be decided by the major general staying away and allowing the command of the militia to devolve upon Lt. Col. Irving, the D. O. C. of the district who would, of course, rank below Col. Biscoe. This would be a good way out of the difficulty, should no satisfactory answer be received by the Canadian government to its representation that the major general commanding militia ought to command, and not the senior time of the places at which smallpox exists in the province. The information was secured for Two of the places from where the militiar veriew will take place as already arranged for. A DEATH "DODGER"

Ohronicle all the escapes from death and put them in letters that all the world can see, and you'll find if history were written faithfully, Dr. Agnew's Cure for the Heart will hold the record for having "baulked death's rampage."

It goes to the very brink and snatches from the death Angel's grip. Gives relief in thirty minutes. It is a heart specific. A few doses relieve the most stubborn of cases, and a few bottles will turn the scale of health. It never fails to cure.

GENERAL VACCINATION CANADA MAY BE NEXT DEMANDED.

Ottawa, Oct. 9.—(Special).—The director general of public health is of the opinion that vaccination should be general throughout Canada to protect the dominion from the invoads of smallpox from the lunited States.

Smallpox exists at numerous points in Uanada already but its prevalence here is almost insignificant compared with the number of cases reported in the United States and that is probably considerable below the actual number, because the disease is of such a mild type that in a good many instances the health authorities are never notified.

The present outbreak of smallpox is threefly traceable to the United States.

Hour or five years ago the mild type of the disease now so prevalent made its appearance in the southern states. Nothing definite as to its origin can be ascertained. It has since then been gradually working northward. Its mild character bas been the means of its spreading despite the efforts of the well organized health departments of even such old states.
