MANAGERS' REPORT.

For the first time in a number of years, the Financial Report comes before the congregation under the depressing, though possibly salutary, shadow of a deficit. It accentuates, in a practical way, that the congregation cannot afford to overlook its own responsibilities, come what may, on the one side, and shows the necessity of that unpopular thing --economy on the other. When we come to look the deficit—another unpopular thing, but perhaps not quite so much so as economy—squarely in the face, it does not look so bad as at first appears. It springs, chiefly, from an excess of expenditure over previous years, for which full value has been received. As an instance may be mentioned the interest on Repair Work, new Organ, Carpet, &c., amounting to \$157.50. But this is not the only considerable item of outlay, not in the expenses of two previous years, which may be seen by comparing the subjoined figures with those of these years. tion-no receipts, offset to amounti arrears, does not is \$28.7 Eigl Fund, c \$108.08 the exp cerned.
