

WEEKLY NEWS RECORD

THIRTY-FOURTH YEAR.

BERLIN, ONTARIO. THURSDAY, JUNE 15, 1911.

SMITH HELD THE SOX TO SIX HITS AND BRANTFORD WON

Spectacular Fielding the Feature of Monday's Game at The Park. Visitors Got Away With the Long End of a 4-2 Score.

The Green Sox could not hit Smith yesterday, and this with Brantford's bad spells allowed Brantford to walk away with a deserved victory in Monday's ball game at the park.

The game was probably the best seen on the local grounds this season from a fielding standpoint. The players of both teams were on their toes all the time, and only two errors were made during the game, but Berlin's proved somewhat costly and resulted in a run. Rapid fielding was the order of the day. The infielders were reaching out and getting them on all sides and getting them to the initial station without a fault. The outfielders captured everything in their territory, and for the first four innings it would have been impossible to improve on the brand of baseball.

It was in the hit column that the Sox didn't figure, and neither did the Red Sox for that matter. Smith passed them over for Brantford and he had the locals guessing throughout the game. He is an off-hander and his main stay is a wide curve, which breaks beautifully and cuts the corner of the plate. It is a very deceptive ball and time after time the Berlin batters stood motionless and watched an apparently wide ball come in for a strike.

Brantford pitched good ball, but was erratic, walking men at dangerous moments, but his bad throw to third in the sixth cost a run.

Ten men faced Brantford in the first three innings, while Smith disposed of the first nine that faced him. Brantford got one run in the fourth, Duffy struck out. Kane laid down a nice two bagger to right field and scored on Barry's single. Orritt flew out to centre field and Barry was caught stealing second.

The visitors got two more in the sixth. Pitcher Smith led off with a two strike to centre and scored when Brantford threw wild to third, Burrill getting to first on a fielder's choice. Duffy went out pitcher to first. Kane got a base on balls, but was caught stealing second and Burrill scored on a wild pitch. Barry went out catcher to first.

The Sox didn't connect with the ball until the fifth when Deneau and Templin had hits, but no runs were scored. They got two in the seventh however. Templin hit one good for two stations. Cameron followed with a single, and scored second. Cameron and Haller fanned, but Dunn laid down a pretty, scoring Templin and Cameron. Brantford went out third to first.

The game was called about this time on account of a shower and a wait of twenty minutes was necessary until the rain ceased.

Brantford got its fourth run in the ninth, singles by Barry and Burke being responsible.

It was a splendid game of ball, and the 400 enthusiasts were well pleased, even though the Sox did lose, and there was a noticeable absence of complaint from the spectators.

The score.

Summary: Two-base hits—Kane, Smith, Templin. First on balls—Off Bramble, 4; off Smith, 1. Struck out—By Bramble, 5; by Smith, 10. Left on bases—Berlin, 4; Brantford, 3. Double plays—Cameron to Deneau, Cameron to Miller to Deneau. Wild pitches—Bramble, 2. Stolen base—Cameron. Smith. Sacrifice hit—Duffy. Orritt. Time of game—2 hours. Umpire—Strowger. Attendance—400.

Dunn caught several of the visitors stealing, notable among them being Manager Kane who was considerably peeved that he should be tagged.

Rube Deneau pulled off a nice double play. With one man out and a man on first and second Burrill hit one to Cameron who whipped it over to first base and Rube instead of throwing the ball started for the runner—and captured him after some exciting manueuvring. It was a pretty play.

Cameron, Miller and Deneau figured in another clever double play.

Camba jumped high and brought down a long fly from Orritt in the fourth. It was labelled with a tag good for two stations.

Smith in one occasion struck out five men in succession. Templin had two nice harvests.

Only four of the Sox had hits.

Haller misjudged an easy fly.

Sounds from the bleachers—"Get 'em up, he ain't a curpet lay-er." "You run like a hydrant."

No home games until next Monday. Umpire Strowger is improving.

MILE OF TRACK EVERY DAY

DURING 1910, ACCORDING TO REPORT OF ONTARIO'S PUBLIC WORKS DEPARTMENT.

Toronto, June 12.—Ontario's railway mileage totals 3,017.01. During 1910 there were completed and opened for traffic, according to the report of the department of public works, just issued, 357.52 miles of railway.

Of the 757.95 miles of the Transcontinental across Ontario, all of which have been located, 531 miles have been graded and 383 miles of track laid. On the Algoma Central and Hudson Bay Railway 98 miles are under construction. Survey parties have located 15 miles north from the Canadian Pacific Railway at Hoken, where some gold deposits are reported and are now working towards a junction with the Transcontinental.

Prior to Confederation the railway mileage in Ontario totalled 1,417.5 miles. Since then 7,590.44 miles have been completed. There are now 703.77 miles under construction.

Electric Lines, 721 Miles.

The total electric mileage is 721.73. There are under construction 67.5 miles.

The lock on the Magnetawan River, which is of timber, is to be torn out at the close of navigation and replaced by one of concrete. The old lock is in a very dangerous condition, its further use would be a menace to safety.

During last season 193 miles of colonization roads have been constructed, 1,180 miles have been repaired and 101 bridges, aggregating a length of 5,893 feet, have been constructed. Eighty-one municipalities have taken advantage of the "Colonization Roads Act," under which the Government contributes a portion of the roads, usually one-half of the expenditure. The Government's proportion

last year amounted to \$80,500.

Use of Prison Labor.

By the use of prison labor on northern roads it is estimated that \$5,000 was saved. This does not take into account the benefit done to the prisoners by keeping them out in the open and improving their physical condition.

For the erection and maintenance of public buildings last year \$892,923.10 was paid out, an extraordinary expenditure. This was caused by the construction of the new wing of the Parliament buildings, the restoration of the west wing and the addition to Osgoode Hall and the new prison farm at Guelph.

LIGHT COMMISSION SEEKS AID FROM WATER COMMISSION

Ask That it Provide \$746.80 For Construction of Transmission Lines To Glasgow St. Wells

Because the council has refused to ask the municipal Railway Board to endorse the defeated by-laws of the Light Commission, this latter body is requesting the Water Commission to instruct them, to order supplies and become responsible for the payment of them, for the construction of a transmission power line, from Gault street to the Glasgow street wells. The Light Commission in a communication to the Water Commission, states it is without funds, and can only build the line on those conditions. An itemized statement, totalling \$746.80, for the construction and material, was presented.

The Water Commission in dealing with the request at a meeting Monday night, decided to bear the cost of the construction of this transmission line, provided, it is considered as payment on their power account.

The commission decided to lay a six inch main on Victoria street, with a hydrant at Bantz Bros and Winder's factory, as per the request of the council.

Mr. H. J. Bowman and Supt. Hyman, who were present at the Rochester Waterworks Convention, presented verbal reports. Accounts amounting to \$3925.98 were ordered to be paid.

JARDINE WILL APPEAL TO KING

But Prisoner Is Told Not to Hope for Relief—Mother and Brothers Pay Farewell Visit.

Goderich, June 12.—Edward Jardine, with only four days to live, still holds to the hope that his sentence may yet be changed. When he heard the news last Wednesday that the department of justice had refused to grant mercy in his case he appeared to give up, but has now decided to make another appeal for his life. L. E. Dancy, the counsel for Jardine, has been asked by the prisoner to appeal for mercy to the King himself. The appeal will be made through His Excellency Earl Grey, with all speed. The prisoner has been told, however, to hope for nothing from this source and yesterday his mother and brothers paid a farewell visit to the doomed man. His mother has made the wish that she might be with her boy at the last. A jury of seven was empanelled this morning to serve on the inquest.

BARBER KEPT OPEN TOO LONG

And As A Result He Was Fined \$1.00 In Police Court This Morning.

It cost a local barber \$1.00 this morning to discover that the recently-passed early closing by-law in respect to barber shops was made to be observed.

The barber in question has not been complying with the law since it was passed, and accordingly he was summoned to appear in court.

To the bench he stated that he had not been asked to sign any petition for early closing and therefore thought he was included not in the places which had to close. He also made the statement that he did not know a by-law had been passed.

His alleged ignorance of the law was not a sufficient excuse and he was fined \$1.00 without costs, and warned to observe the by-law in future.

REV. HOFFMANN AGAIN PRESIDENT

Of German Synod Lutheran—Another Delay in Location of Seminary.

At the final session of the Synod of the German Evangelical Lutheran Church at Toronto, Rev. Dr. R. Hoffmann, was elected president for another year. The other officers are as follows:—Vice-President, Rev. H. C. Mans of Zurich; Secretary, Rev. H. C. Henkel of Pearl Lake, and Treasurer, Rev. H. T. Tietmeyer of Hanover.

The question of establishing a training seminary in conjunction with the English Lutheran Church in Canada, was again brought up. The German faction desires that the school be established either in Waterloo or Berlin, each of which towns has offered a free site. The English section desires a location in Toronto. As a result the matter was left in the hands of a board. It will be brought up again before the English Synod, which meets in Guelph in July. If no satisfactory agreement is arrived at there will be a separation and the Germans will erect a seminary for themselves.

It was decided that the next meeting of the Synod would be held a year from date in New Hamburg.

There were a large number of floral contributions adorning the white caquet, among them being a beautiful maltese cross of red and white carnations from the I. O. F. Others were:—Spray carnations and roses from the boys; spray roses, Miss Happe; spray carnations, Albert Krieger; spray roses and carnations, Mrs. E. J. Repath; spray carnations, Miss E.
