G. A. McAlpine, Glencoe

The happy, happy days are come,  
The gladdest of the year,  
For round and rosy, juicy, sweet,  
The strawberries are here.

Have you ever noticed that when one man starts to fix up his place by planting flowers and keeping his lawn clean and tidy the fashion soon spreads to the whole block and sometimes the whole street? Get the habit.

It is stated in answer to an enquiry that promissory notes do not require a war stamp unless the notes are to be taken to a bank for collection or for negotiation. When the bank figures in the transaction in any way a war stamp is required.

Victoria Day was quietly observed in Glencoe, there being no public celebration. Many of the townspeople took advantage of the holiday to visit relatives at a distance, while others enjoyed the celebrations at the neighboring towns of West Lorne, Rodney, Alvinston or Appin.

The G. T. R. start this month to pay their employees in cash instead of the old cheque system owing to the necessity of putting a two cent war stamp on the cheque. It is estimated that the war stamp would cost the company \$200,000 per year by fixing them to the salary cheques.

Glencoe students of Toronto University were successful in their examinations, Miss Moss winning the Trinity first year scholarship in English and History, J. W. McAlpine passing the first year Faculty of Arts and Miss Florence Walker the Victoria College first year general course.

The marriage was solemnized at Toronto on Wednesday evening, May 19, of Miss Bessie M. Shaw, only daughter of Frank A. Shaw, formerly of Glencoe, to Earl Vernon Batch, of Toronto. The officiating clergyman was the Rev. A. J. Vining, of College Baptist Church, Toronto, formerly of Windsor, who officiated at the marriage of the bride's parents.

A. E. Cantelon, who conducts photo studios in St. Thomas, Dutton and other places, has reopened the Glencoe gallery, which for the present will be open every Tuesday only; but for groups or other special work Mr. Cantelon will come any day if notified at Dutton by letter or phone No. 57a. We have seen some of Mr. Cantelon's work and it is decidedly good.

An exchange says John Johnston, who has conducted hotels at Sarnia and Dresden, has bought the Hotel Anderson property in Ridgetown from Dr. Anderson, of Galt, and bought out Samuel Hart. If transfer of license is made—Mr. Johnston takes possession the 1st of June. Mr. Hart has conducted the Hotel Anderson for nearly a year, during which he made many improvements.

The roof of the warehouse at the Woodburn Mills caught fire Friday afternoon, supposed from a spark from a locomotive. Fortunately the fire was discovered before it had made much headway and it was put out by the mill hands and the fire department with the use of chemical fire extinguishers. Some 1500 barrels of flour were stored in the building awaiting shipment.

A correspondent writes:—Now, as the farmers are starting their roadwork, there are many places where the roads are high and a good winter road can be easily made which would greatly benefit the teaming such times as the sleighing is poor. On the L. W. R. near Strathroy is one of these places where the road is quite bare and the rest of the sleighing is good. By a little trouble a good winter road has been made which will save many capsize and haul pulling on ice.

A young man from Ekfrid township was up before Police Magistrate McKenzie at Glencoe on Tuesday afternoon, charged with disturbing the moving picture show at the Opera House last Wednesday evening. The complaint was laid by Constable Weaver, who had placed the man and a companion, who was alleged to be under the influence of liquor, in the lockup and subsequently released them on the evening referred to. There being nothing in the criminal code to define the disturbing of a picture show, the case was dismissed.

New time tables will go into effect on the Grand Trunk, the Wabash and the Canadian Pacific railways next Sunday. Among other changes on the Grand Trunk will be a later hour for both the eastbound and westbound limited trains in the evening. On the Wabash, trains Nos. 5 and 28 will be replaced, the former arriving at Glencoe from Buffalo shortly after 8 o'clock p.m., and the latter leaving Glencoe for the east about 5 o'clock p.m. Two passenger trains on the C. P. R. which now are scheduled no farther than Chatham will make their run as far as Windsor.

Rev. George William Wye died at his home in Neponset, Long Island, on May 10th and the funeral took place at Brantford, Ont. Mr. Wye was one of the first rectors of the Glencoe, Wardsville and Newbury parish of the Church of England. He was born in London, England, in 1829, and in 1848 came with his parents to Brantford, Ont. He was graduated in 1850 from Huron College, and was admitted to Holy Orders in the same year. His active life as a clergyman extended over forty years, in Ontario, Michigan and Maryland. His wife, two sons, George V. and the Rev. Lionel A., one daughter, Theodora F., and a grandson, George F., survive him.

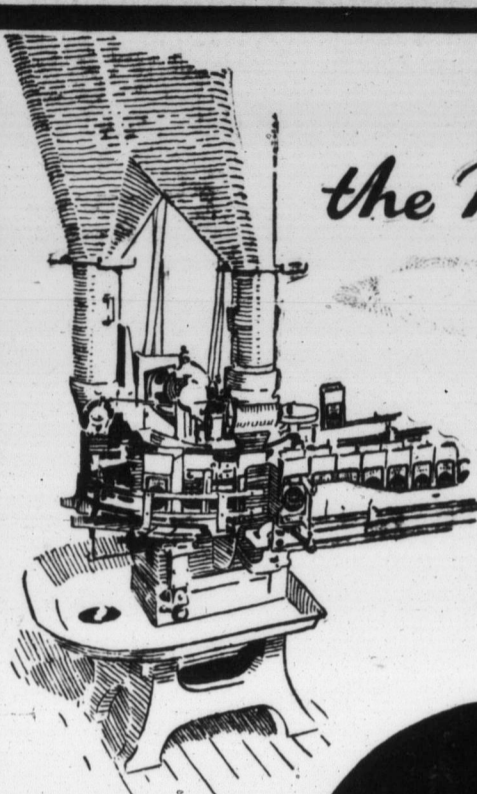

Rev. John Griffith, missionary from Honan, China, addressed the Glencoe Presbyterian congregation on Sunday evening. He gave an interesting and lucid account of the general conditions and life of the people in Honan. Density of population, superstition and suspicion were the chief factors which militated against the progress of civilization, Christianity and the development of the country's resources. The soil of the country was rich and productive and was so thoroughly cultivated that scarcely a weed or a thistle was to be seen, yet there were so many people to be fed that the great middle classes were no better off than the poorest people in the slums of our large cities, their daily food being with rare exception a mixture of millet seed and straw or chaff. Tradesmen, such as carpenters and bricklayers, received a daily wage equal to only 12 1/2 cents of our money, and yet the cost of food-stuffs and other commodities was but little less than in this country. While the country was vastly rich in iron ore and coal, the superstitious nature of the Chinese forbade them developing these resources. Suspicion as to the objects of the missionary was a great hindrance to his work.

Preparations for the celebration of the semi-jubilee of Glencoe Presbyterian church on June 13th, 16th and 20th are going on apace. The event will be made one of unusual interest and entertainment.

Mr. and Mrs. H. D. Johnson, of Strathroy, announce the engagement of their daughter, Herta Hughes, to Hugh Umstead Robison, of Moose Jaw, Sask. The marriage will take place early in June.

Peter McArthur, appointed to organize the selling and marketing of fruit in the Hamilton and Niagara districts, has suggested that the first fruits of the Niagara orchards be given to the wounded soldiers.

The Grand Trunk Railway is furnishing six carloads of gravel to assist in building a grandolithic walk on the west side of Main street from the approaches to its tracks on Main street. It is proposed by the council to construct a uniform granolithic walk on the west side of Main street from McRae street to Concession street, and on the east side from McRae street to Graham street. When this is completed the whole of Main street from end to end, both sides, will have the granolithic walk.

The  
"Mark of  
Quality"

## This is the Package Machine

which accurately weighs,  
and automatically seals  
**Lantic Sugar** in dust-tight,  
germ-proof cartons.

By this method of packing  
no hand touches the sugar  
from the Refinery  
to your pantry.

## Lantic Sugar

Look for the  
**Lantic Red Ball**  
on each package

## This is the Bag Machine

which automatically packs **Lantic Sugar**  
in white cotton and jute bags.

Wonderful machines weigh and stitch  
tight each bag—no hand touching the  
product.

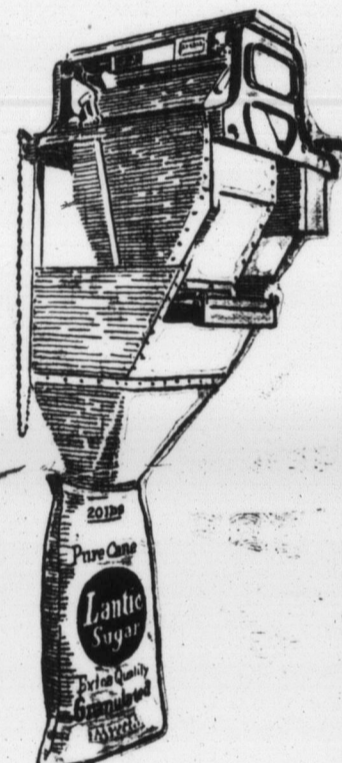

These machines give an idea of the up-  
to-date methods employed in our new  
Model Refinery—where every step in  
the process of manufacture is planned  
to make—"Sugars of Extra Quality."
