QUEEN ALEXANDRA FILM

Noble Women of England Shown in "The Great Love"

It is not often that a motion picture producer can call to his aid the services of a Queen and women of the most exclusive nobility of England. But David Wark Griffith, producer of the famous "Birth of a Nation," "Intolerance" and "Hearts of the World," has succeeded in accomplishing this in "The Great Love," his photoplay which will be shown at the town hall, Glencoe, one night only, Wednesday, Oct. 15th, under the auspices of the hockey club.

In this photoplay, Queen Alexandra and many titled ladies are seen engaged at their various duties in hospitals and on their estates—some scrubbing, some mopping floors, others engaged in attending convalescent soldiers, while others do menial work, but which they do not deem degrading because it is necessary for them to do their bit in order that the cause of world democracy may triumph.

This is a remarkable photoplay and the hockey club are preparing to handle record-breaking crowds at the premier of "The Great Love" at the opera house. There will be a special orchestra and up-to-date vaudeville. Seats on sale at Lumley's drug store.

Internally and Externally it is Good.

The crowning property of Dr. Thomas' Electric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pain in the chest, colic and many hundred ailments it has curative qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it at hand.

ONE MORE EFFORT

Far beyond the expectation of the Empire and the world, Canada fought and strove and paid gallantly for five years. Indeed it may be doubted if any native Canadian witnessed the notable effort of the Dominion without amazement. The true spirit of the people was not understood until the guns began to speak in Belgium.

It rose, month by month, to greater and still greater heights. The double climax came in 'the autumn of 1918 when the Canadian corps marched from Cambrai to Mons, and when the nation subscribed \$610,000,000 for Victory Bonds.

In the war Canada found herself. The name "Canadian" is respected the world over, not only in the nations allied with the British Empire in the defence of liberty, but in Germany itself.

The fighting is over. The great task of dearticulating the organization built by four years of ardent effort is almost complete. The work of maintaining the army until it is fully repatriated and of fulfilling completely the national obligations to the soldiers

has added much to Canadian War expenditure.

For that reason there is instant need of a new Victory Loan. The patriotic people whose ardor and energy brought Canada into the sunlight are asked to keep the Dominion there by buying Bonds. The honor of the nation is involved in the success of the loan. The people who supported the soldiers constantly while they were in Flanders will not fail in one particular to continue that support until the men are re-established in profitable civilian occupations.

Considering the achievements of this proud people, there is reason for the belief that the success of this latest Victory Loan will be instant and overwhelming. But all citizens must have a part in it. It is not a task to be half done by the whole people or wholly done by half the people. Let every citizen subscribe!

The Navy League of Canada Its Vital Work for Canada

THE Navy League of Canada fosters the splendid spirit that made the British the greatest of maritime nations. It organizes loyal Canadians so that practical work may be accomplished for the development of Canada's direct interests at sea.

The human side of Canada's Mercantile Marine is the League's especial interest—training Canadian boys to become the sturdy type of British manhood that won its laurels again and again in the great war—relieving distress among victims of the submarine warfare—and giving the sailor ashore an alternative place for rest and recreation to the places of doubtful entertainment that abound in port.

Why the \$500,000 is needed

On Nelson Day, October 21st, starts a 3-day campaign throughout the Dominion to raise \$500,000 necessary to finance the coming year's work of the Navy League of Canada. Help the work by giving liberally. As a nation whose expanding trade will depend on exports, we must educate our boys to the highest type of seamanship so that they will be equipped to man our ships to carry our exports to foreign markets.

You will do your part in this work by contributing liberally to the support of the Boy's Navy Brigades, the organizations by which the Navy League trains boys for our merchant marine.

Every dollar subscribed will be used to further the work of the Navy League in Canada—the work in which you are personally interested as a patriotic citizen. Help by giving.
