## Editor's Talk

**G**REAT preparations are in progress for the enlarged **COURIER** which is to appear during the first week of December. Leading Canadian artists are working on cover designs, cartoons, illustrations and ornamentations. Arrangements for a fuller supply of news pictures and interesting photographs are being perfected. Articles from prominent publicists and writers are under way. A new serial story has been secured, and a large number of short stories are being booked. The enlarged page will give a great deal more space for reading matter and illustration.

The privilege of renewing their subscription at the old rate is appreciated judging by results. Several enthusiastic and far-sighted readers have paid for two years in advance. This privilege will be giving only during November. New subscribers must from the first of this month pay the new rate. The special privileges of the month extend only to old subscribers.

Any person desiring to exchange his unbound copies of Vol. II for a bound volume may do so at the end of this month by the payment of one dollar and transportation charges.

**Be Particular**  
about the little things you eat.  
Impure salt is just as injurious as impure milk or butter.  
There is one salt you can always depend upon as being absolutely pure and whole-some—
