Ottawa, Canada.

My dear Sir,-

I have forwarded by this mail a very important letter to Hon. Arthur Meighen, and I do not know just where to locate him, and I am sending this note to have you do your best to have this letter reach him at the earliest possible moment, and if not so, have the letter delivered, open it and sent him a message in reference to his coming to Hamilton.

Let me have his answer, and you will very much oblige.

Yours truly,
