Ottawa, Ont., 30th June, 1925.

Dear Mr. Lawton,

Your letter of the 26th instant reached me andue course. I am glad to hear from you as to conditions in Saskatoon. The election of Dr. Anderson and Major MacPherson in Saskatchewan will give the party an organisation to work around, and from now on we should make headway.

The result in Nova Scotia was really an earthquake, and should have a wholesome effect on the country in general. Needless to say we were all delighted here.

I am asking Dr. Tolmie to have your name placed on the mailing list.

Yours very truly,

W. E. Lawton, Esquire,
