CONTROL OF THE CHURCH.

HAS BEEN ASSUMED BY CARDINAL OREGLIA.

Merry Del Val Secretary—The Conclave For the Selection of Leo's Successor Will Probably Meet on August 1.

Rome, July 22.—The government of the Catholic Church has been officially assumed by Cardinal Oreglia as Dean of the Sacred College, and as Dean of the Cardinal Bishops. He will be assisted by the Deans of the other two orders of Cardinals, Cardinal Macchi for the Cardinal Deacons and Cardinal Rampolla for the Cardinal Priests, the latter, however, merely as a substitute for Cardinal Netto, the Patriarch of Lisbon, who, when he arrives, will take over his own duties. The Cardinals present in Rome met yesterday under Cardinal Oreglia in a preparatory congregation, held in the hall of the consistory. Oreglia communicated to them the first instructions he has given since the death of the Pope, informing them of the numerous messages of condolence received from all parts of the world and of the universal mourning for Leo XIII. An exchange of ideas took place regarding the ceremonies preceding the conclave. When Cardinal Oreglia asked for the advice of one of the Cardinals present, the latter replied: "It is difficult to give advice. Indeed, you must teach us what to do, as not one of us has ever participated in a conclave."

According to a statement coming from a high ecclesiastical, arrangements at the Vatican are being pressed forward which will enable the conclave of Cardinals to begin sitting August 1. At the morning's meeting of the Congregation of Cardinals Monsignor Merry Del Val, the first Apostolic Delegate to Canada, was provisionally appointed Secretary of the Consistorial Congregation, replacing the late Monsignor Volpini. This, probably, will be followed by making the provisional appointment permanent. The position of Secretary of the Consistorial Congregation has additional importance, since it will lead to the nomination of Mgr. Merry Del Val as Cardinal by the new Pope. In London, July 22.—King Edward has commanded Irish Secretary Wyndham to express to Cardinal Logue, the Archbishop of Armagh and Primate of all Ireland, his Majesty's deep regret at the news of the death of the Pope, and to ask his Eminence to convey to the Sacred College his Majesty's sincere regrets.

ENORMOUS DEFALCATION

By Confidential Clerk of a Buffalo Law Firm.

Buffalo, N. Y., July 22.—A defalcation already aggregating \$300,000, and likely to be increased to a larger amount when all the facts are known, has been uncovered in this city.

The alleged defaulter is a confidential clerk and trusted bookkeeper in the office of one of the wealthiest law firms in this city. They handle estates valued at several millions. The alleged defaulter is under 30 years of age. He was born in this city, and every detail of his life was supposed to be known to his employers. Shrewd real estate men, bankers and lawyers unknowingly helped him to carry out his schemes.

MRS. M'KEE ADMITS GUILT.

Defaulting Irish Postmistress Taken to Ottawa.

Windsor, July 22.—Mrs. Ellen McKee, formerly postmistress at Tubermore, near Belfast, Ireland, who was arrested here Monday, charged with embezzlement of Government funds, was taken to Ottawa last night, where she will remain until an officer comes for her from Ireland. She frankly admitted her guilt, but told a sad story of how she was driven to it by the brutal negligence of a drunken husband, who sold the last piece of furniture to drink home for drink, leaving her and her children to starve. The woman's income was insufficient to support the family, and she took the money in the hopes of paying it back, but was unable to do so.

MONTEREY ABANDONED.

The C. P. R. Steamer Probably a Total Loss.

Montreal, July 22.—On the strength of an expert's report on the condition of the C. P. R. steamer Monterey, which is at St. Pierre, the vessel will be abandoned to the underwriters, as it is believed that she will be a total loss. Most of the cargo, especially the cattle, has been unloaded, but a part of it, including the grain, will be lost. The officials of the company estimate the total loss at not a great deal more than half a million. The vessel is valued by them at \$350,000, and the cargo intact at \$600,000. The shipping men think it fortunate that the powerful boat, Pease, has been stationed in the gulf, this season, where she is in close touch with all the telegraph stations. Although at Channel, Newfoundland, a hundred and twenty miles from the scene of the accident at the time the Petrel, on being notified, was alongside within twenty hours of the mishap. She is equipped with seven powerful pumps, comprising three of fifteen inches, two of twelve inches and two of ten inches, besides a powerful compressor for pumping into the hold.

Funeral of James Innes.
