**WITH PLAIN OR SECTIONAL BOILER**  
If so ordered. We are testing an Engine every day. Intending purchasers are invited to call at our Works and thoroughly examine the Champion. We use **KRUPP'S CELEBRATED BOILER PLATE,**

Every plate tested.  
Every boiler tested to 160 pounds, cold water pressure.

**OVER 600 SOLD**  
in 5 seasons. The favorite everywhere.

It has no equal.

The sectional safety boiler is manufactured expressly for the "North West" trade. This boiler is so arranged that it is readily taken apart in sections enabling purchasers to clean thoroughly every part of it and prevent burning out. We know from experience this is absolutely necessary with the alkaline waters of the great Western prairies. Largely used by the Pacific Railway Company and all the large Colonization and Rancho Companies.
