## Regular \$10.00 DAY AND NIGHT FIELD GLASSES Only \$3.65

Buy direct from us and save the Wholesaler's and Retailer's Profits

We offer you the best value for the money of anything you could buy than our day and night field glasses. It is an exceptionally fine instrument, perfect in workmanship, and of the most reliable construction, and we can guarantee it to give perfect satisfaction. Its lenses are 3 inches wide, when fully extended, is strongly and handsomely made, the trip, which is very smooth and easy to operate, is nickel plated and the covering the best grade of brass. Its leather, although very fine, is provided with extra-strength material which may be pulled down, or the leather may be pulled up, the glasses to be used with a remarkable result at night, and is fitted with a very fine ground glass, the center of which is being being over 2 inches in diameter, of fine lines magnifying power, fine definition and great clearness. We could not think of offering this Field Glass at such an extremely low price were it not that we had a lot of numbers made specifically for us by one of the largest 10-14 Glass manufacturers in France, during their work, across the water. Thus by buying from us you not only save the wholesaler's and retailer's profits but get the benefit of our own price, obtained by having our goods made this way. We also sell the same glasses, but would have in any store in our line and examine the glasses before paying for them.

### SEND NO MONEY

Just your name, address and the name of your nearest Express Office and we will ship the glasses to you. If you are a regular customer with another carrying shop to your nearest Express Office, we will ship the glasses to you with any other you have ever seen at a double price, and if you find them to be of the best, we will return them to you at our expense and we will not charge you for the glasses. If you make a fairer offer? If you think of the money you will save by purchasing from us, you will be sure to write us. The glasses are due to arrive from France between the middle of February and 1st of March, but we anticipate a great demand on account of our greatly reduced price, we advise you to place your order at once.
