**The Razor Steel, Secret Temper, Cross-cut Saw.**

WE take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A saw to cut fast "must hold a keen cutting edge."  
 This secret process of temper is known and used only by ourselves.  
 These Saws are elliptic ground thin back, requiring less set than Saws now made perfect taper from tooth to back.  
 Now, we ask you, when you go to buy a Saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best.  
 Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.  
 It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work.  
 Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.

MANUFACTURED ONLY BY  
**SHURLY & DIETRICH,**  
 Galt, Ontario.

PLEASE MENTION FARMER'S ADVOCATE.

THE **NATIONAL CREAM SEPARATOR**  
 Manufactured by the **Raymond Mfg. Co. of Guelph, Limited,** manufacturers of the celebrated **RAYMOND SEWING MACHINES.**  
 The National combines all points of merit that are of real practical service to the everyday operator on the farm. Most simple in its construction. Convenient and easy to operate. Skims the cleanest; makes the sweetest cream; no numerous parts to give trouble and delay when washing; only two pieces inside of the bowl. Strong and durable, made of the finest material, so as to give the most lasting service, and most beautiful in design and finish. Every machine is guaranteed to do good work, and a trial of the "National" is solicited before purchasing. The already large sale of the "National," and the growing demand for it, shows how much the Canadian farmers appreciate a Canadian-made machine that does its work so easily and well, and at the same time returns such a large profit on the small investment. Ask for the "National"; try it and buy it.  
 National No. 1, capacity 330 to 350 lbs. per hour.  
 National No. 1 A, capacity 450 to 500 lbs. per hour.  
 GENERAL AGENCIES:
