Some Reasons Why

The confidence of the Canadian public in

Was never so great as at present:

- (1) Because the Company's record has been clean throughout the 37 years it has been in operation.
- (2) Because its plans of insurance are up-to-date and just what the insuring public requires.
- (3) Because its policyholders are eminently well satisfied with the results realized under their policies.
- (4) Because the general public is beginning to find out the good things the Company has in store for its policyholders, and
- (5) Because, being purely mutual, the policyholders are more than customers—they are co partners in the Company—sharing equitably in all its benefits.

Seven to

That is about the ratio. seven times as many people injured as die from all causes. Accidents are a more prolific of death than any disease lung diseases. Twice as many people are killed as die of old age. Does it not seem reasonable as a business man that it will be to your interest to carry a prudent policy.
