St. Leo Court, 581, is making rapid progress. At the last meeting three new ammbers were initiated and five applicactions were received. The Auditor's report for the last quarter was read, and it showed the books to be kept in a most satisfactory manner. There was only one member sick during the quarter, and the funds on hand are rapidly increasing. Bro. P. Snew, D. H. C. R., paid the court his first official visit since hisappointment, and delivered an address that was both interesting and instructive. He has proven himself to be well fitted for the position, having a thorough knowledge of all the duties pertaining to his office. Bro. W. T. J. Lee, Provincial C. R., also addressed the meeting. He gave a history of his recurvisits to many of the different courts of the Province, and spoke in glowing terms of the very rapid increase in membership which the different courte were making and how everything points to a very successful future.

The young ladies who took part in the instrumental numbers evinced a high degree of proficiency, both as to interpretation and execution.
Not less creditable was the vocal music, under the direction of Mrs. Martin-Murphy,

was displayed, and warm applause elicited from the audience.
One of the most enjoyable numbers was the "Naughty Butterfly," by the minims of the acadery. The bright and preuly cantata "The Crowning of the May Queen," made an effective closing to one of the finest programmes ever rendered at Mount St. Mary.
At the conclusion, His Lordship thanked the pupils for their excellent entertainment and compilmented them on the admirable manner in which they had acquitted themselves, expressing a wish that they would all perform equally well their part on the stage of life.

After a few remarks from Col. Moore, Mcr. McEvay petitioned for a holiday for the pupils.

The following is a synopsis of the Secretary's report:
The work performed by the branch during the past year was marked by the great energy and enthusiasm displayed by the officers and the active men of the society.
In this zealous activity the President led the way, and both by word and example pushed forward the work of the branch in every possible direction. The work which gave the best result during the year was the plan adopted by prominent clergy and laymen on subjects intimately connected with Catholic Truth.

The lectures were made interesting and popular as well as instructive, and were accompanied on each occasion by a high class musical and literary programme. The result was very satisfactory, the capacity of St. Vincent's hall being taxed to its urmost at each of the lectures. A charge of 10 cents was made for admission, and the proceeds heiged the finances of the branch considerably.

The series included lectures by Rev. Father

The Branch returned hearty thanks to the cathedrai priests for the good-will displayed towards the society and the encouragement given so freely during the year, also to all who so kindly and gratuitously lent their services to make the concert programmes a success.

The election of officers for the ensuing year resulted as follows:

Chaplain, Rev. Dr. Tracey; Honorary President, Rev. Father Ryan; President, Mr. Mark Kleity; First-Vice, Mrs. Troemen; Second-vice, Miss Lzsaght; Secretary, Wm. M. Winterberry; Treasurer. Miss Aymong; Press Committee, Mr. B. J. Doyle and Miss Ferguson: Library Committee, Mrs. H. C. French, Mrs. Mildred Murray and Miss M. The Spaniards seemed encouraged to fire faster, knowing exactly our distance, while we had to guess theirs. Their ship and shore guns were making things hot for us.

The Olympia was struck abreast the gun in the ward-room by a shell, which burst outside, doing little damage.

The signal halyards were cut from Lieut. Brumby's hand on the after-bridge. A shell entered the Boston's port quarter, and burst in Ensign Dodridge's state-room, starting a fire, and fire was also caused by a shell which burst in the port hammock netting. Both these fires were quickly put out.

Another shell passed through the Boston's foremast just in front of Capt. Wildes on the bridge.

BURNED THREE SPANISH SHIPS.

After having made four runs along the Spanish ine, finding the chart incorrect, Lieut. Calkins, the Olympia's navigator, told the Commodore he believed he could take the ship nearer the enemy, with lead going to waten the depth of water. The flagsing started over the courses for the fifth time, running within 2,000 yards of the Spanish vessels.

The Spanish flagship and the Castilla had long been burning flerely, and the last vessel to be abandoned was the Don Antonio de Ulloa, which lurched over and sank.

Then the Spanish flag on the arsenal staff was hauled down, and at half past twelve o'clock a white flag was hoisted there. Signal was made to the Petrel to destroy all the vessels in the inner harbor, and Lieutenant Hughes, with an armed boat's crew, set fire to the Don Juan de Austria, Marquis del Anero, the Isic de Cuba, and the Quiros.

The first presbytery of Bonfield will be built during the summer. There will be no other bazaar organized, on a large scale for some time in Bonfield. Now there are four different missions attended from Bonfield once a month on week days, and those missions are quite new and poor. After having done all we could and we were oblige to do for Bonfield, the construction of a presbytery being necessary from the advantage of both parish and missions, we have to look to the organization of these missions. There, Mass is given in private houses or in school-houses, and this, as all may understand, is crly temporary. So we have to build chapels suitable for the house of God and to provide for a place were the missionary would stay when he gives the mission. Now this, I must say, has to be done for every one of the four missions. Plans have been drawn for for those little churches and steps taken for the selection, purchase and clearing of appropriate grounds. As poor old Credit seems to be, very much afraid of us; so we are pretty hard up for Cash.

The new mission dedicated to Saint Henry, Great Desert, P. O., (Nipissing Ont.) will have a Tombolo on July 14 or 15th, for their new chapel. We recommend to you this good Christian and patriotic work. The other missions to follow.

Easy laws, few laws, and laws which it is our own interest to keep—these are the characteristics of the dominion of God. Why, then, are we restless and uneasy, and not rather happily lost in amizement at the good ness of our great Creator? It seems wonderful that He who is so great should also be so good; and it is the loyous lesson which the sands of life teach us, as they run yearly out, that this very greatness isfthe only blessed measure of His goodness.—Father Fabre.

Mrs. Jas. Overand, who lives in Wiarton, makes the following statement in regard to a remarkable cure effected by the use of Dr. Williams' Pink Pilis for Pale People: "I am thirty years of age and have lived in Wiarton for the past six years. Previous to this I, with my husband, who is a stone mason, were residents of Chesley. About four years there came a swelling on the right side of my neck which grew as the time went on until about six months it had grown as large as a goose egg. I consulted a physician and he lanced it. This physician diagnosed my case as enlargement of the glands, and said I would get well after it was alneed. This operation gave me temporary relief, but it was only a short time before the lump again began to grow and in six months I was worse than ever. In the meantime I had been prescribed for by different physicians and taken several patent medicines, but none of them gave me more than temporary relief. About three years ago I lett Wiarton for Chesley thinking probably change would increase the said the trouble
