TRADE NOTES

STEEL SHOES ARE COMFORTABLE

Public interest in steel shoes continues unabated, and the big factory in Racine, Wis., that turns them out is almost snowed under with business. A great many subscribers of this paper are wearing these shoes, and wearers express unbounded satisfaction. Never in recent years has an invention been brought out which promises to save the farmers such an enormous expense as will be effected when steel shoes are almost universally worn. One pair of steel shoes are said to outlast from three to six pairs of the best leather-soled work shoes. This means a saving of \$5 to \$10 a year in shoe bills, besides the advantage of wearing shoes that are absolutely waterproof, always easy and comfortable, and that never get hard warped and run over at the heels.

An interesting little book, "The Sole of Steel," issued by the Steel Shoe Co., Dept. 216, Toronto, Canada, gives full information in regard to these popular work shoes. Send for a copy of the book or turn to the company's advertisement in this issue and order a pair of steel shoes on the order blank furnished for that purpose. The company is thoroughly reliable. N. M. Ruthstein, the secretary and treasurer of the Steel Shoe Company, is the man who invented the shoe.

Owing to the fact that the business was so much bigger than anticipated, the company was not always able to fill orders promptly last season. The manufacturing facilities have been increased to such an extent that orders can now be filled as fast as received. Not only has the factory in Racine been greatly enlarged, but the capacity of the company's large plant in Toronto, Canada, has also been increased.

BUYING LUMBER AT COAST

Messrs. Marriot & Co., Vancouver, B. C., are using space in this paper to bring before lumber users of the prairie provinces, the offer which they have to make to every consumer of lumber in Western Canada. Their offer briefly is this: They will ship direct from their British Columbia mills building material of all kinds to contractors and farmers, thus enabling lumber buyers to procure what stock they need at close to wholesale prices. This is the first opportunity prairie farmers have had of purchasing building material direct from the coast mills. Manufacturing lumber is the business of Messrs. Marriot & Co. Between them and the consumer there are no dealers, whose profit adds to the ultimate cost of the material. They sell direct, and from their shipping mills at Swanson Bay, Pinston Creek, Abbotsford, New Westminster, Eburne, Sidney and Vancouver they are able to forward lumber shingles, doors, and building material of all kinds promptly on receipt of order.

Questions & Answers

BRANDING CATTLE

Man and wife have been married about ten years. At the time of marriage wife's father gave her a start in horses, also gave her a paper for proof of same, the animals having no brand on but her father's. A few years after wife thought she would like to have a brand of her own on the increase. Husband preferred only one brand, and branded same with his brand on right shoulder with a small bar on right jaw for her.

1. Can wife claim her stock by law?

2. Is he liable to a fine for using an unregistered mark?

—MRS. THOMPSON'S WIFE.

Big Contrast

The only piece in Dairy Tubular Bowls

You would not bother with a cultivator that had 40 to 60 useless shovels.

Then why bother with a disk-filled cream separator, with 40 to 60 useless disks in the bowl, when the Sharples Dairy Tubular has nothing in the bowl except the piece here shown on the thumb?

52 Disks from one Common Bowl.

Sharples Dairy Tubulars are the only modern, simple, sanitary, easy-to-clean cream separators. Most efficient, most durable, lightest running. The manufacture of Tubulars is one of Canada's leading industries. Sales exceed most, if not all, others combined. The World's Best.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill. I can do this for you and will if you will assist him.

All you need do is to write for a free box of the remedy (Orange Lily) which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c. (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. F. CURRAH, Windsor, Ont.

For Sale

The Okanagan Creamery at Armstrong, B. C., including about two acres of grounds and all machinery and equipment. Tenders will be received to October 15th. For full particulars write or call on

Okanagan Creamery Association, Ltd.
A. E. Sage, Sec., ARMSTRONG, B. C.

"Young man," said a rich and pompous old gentleman, "I was not always thus, I did not always ride in a motor car of my own. When I first started in life, I had to walk."
"You were lucky," rejoined the young man. "When I first started I had to crawl. It took me a long time to learn to walk." — Democratic Telegram.

Ball Bearings insure easy running. Strong Spiral Springs reverse the motion, and really do half the work. Wringer Stand is strong and rigid—and so attached that it is always in the right position.

Price \$9.50—delivered at any railway station in Ontario or Quebec.
