

HE FEELS AS YOUNG AS EVER

Mr. Chester Loomis Took Dodd's Kidney Pills.

And from a Used up Man he Became as smart as a Boy.

ORLAND, Ont., Mar. 5 (Special).—Mr. Chester Loomis, an old and respected farmer living in this section, is spreading broadcast the good news that Dodd's Kidney Pills are a sure cure for the Lane Back and Kidney Disease so common among old people. Mr. Loomis says:

"I am 76 years of age and smart and active as a boy, and I give Dodd's Kidney Pills all the credit for it."

"Before I started to use Dodd's Kidney Pills I was so used up I could hardly ride in a buggy, and I could not do any work of any kind. Everybody thought I would not live long. Dodd's Kidney Pills are a wonderful remedy."

The Kidneys of the young may be wrong, but the Kidneys of the old must be wrong. Dodd's Kidney Pills make all wrong Kidneys right. That is why they are the old folks' greatest friend.

Women Angrily Aroused All Over the Dominion.

Information from various provinces of Canada points to the fact that many women have been deceived and induced to use the weak and adulterated package dyes put up by unskilled and unscrupulous manufacturers to imitate the popular DIAMOND DYES.

Our Canadian women, thoroughly aroused, after loss of time, money and valuable materials through the use of muddy, blotchy and weak dyes, have directly laid the blame for their losses on the retail merchants who sold them the deceptive dyes.

This action of our retail and wholesaler has caused many of our indignation dealers to pack up and return to the manufacturers responsible, their worthless and dangerous dyes.

MORAL:—When ladies decide to do home dyeing, it pays to use the celebrated and popular DIAMOND DYES, which have been the home friends of the ladies for over 25 years. When buying see that each package handed to you bears the words DIAMOND PACKAGE DYES. Users of DIAMOND DYES soon become experts in the fascinating work of home coloring, and find that a ten cent package will renew the life of any faded and dingy suit, dress, shirt, blouse, jacket, cape or husband's or son's coat, vest or trousers. Allow no dealer to offer you the something he calls "JUST AS GOOD." No other dyes equal the DIAMOND DYES.

Send your name and address to Wells & Richardson Co., Limited, Montreal, P. Q., and you will receive free of cost new Dye Book, Card of Dyed Cloth Samples and Booklet in verse, entitled "The Longjohn's Trip to Klondike."

TRUE LOYALTY IS NOT A PURCHASEABLE QUANTITY.

Mr. Fisher denounces as 'a calumny' the statement that 'unless Canadian products are granted a preference in the English market Canada would be liable to break away from the Empire'.

We farmers of Canada want no preference in the English market. Why is it that we as farmers want no preference? England under existing conditions takes and absorbs everything in the nature of food products we can send. She opens her ports to us, so we are able to sell everything there that we have to sell, and sell it at profitable prices. And if we do not send more it is because the productive capacity of the agricultural population of Canada is not able to produce it. There has been no check in the export of these articles to England. The farmers of Canada are not worrying about preference for their food products, and if they are not worrying there is no necessity for other people to worry.

If he were an elector in England, he would be a Liberal Free Trader, and the Liberal Free Traders there had his sympathy and his belief in the right of their cause. England had not adopted Preference for Canada, and he thought she did right. The circumstances were absolutely different. What would Preference for Canada mean in England? England to-day, being a Free Trade country, could not give a Preference without changing her Fiscal policy. It would mean the imposition of a tax on imported goods for the express purpose of giving a Preference to Canada or other Colonies. That would mean the obstruction of her own trade, increased taxation, and the entering into the complicated problem of a Protective policy. It would in England's case be a radical change for the worse.

We are not in the least surprised at this, for we have always felt that the attempt to coerce us in the name of the Colonies came not from the Colonies but from Birmingham.—*Westminster Gazette.*

In a letter from Professor Goldwin Smith, of Toronto, to Mr. Reid, the leader of the Free Trade Party in the Commonwealth Parliament, the veteran Anglo-Canadian scholar and political economist says: 'All my political friends in England tell me that the Chamberlain policy is dead. In Canada it has never been alive.' After some strictures on the methods of Canadian Protectionists, Professor Goldwin Smith remarks: 'Of all things, that which most needs adaptation to the special circumstances of each community is the tariff, and the enforcement of artificial conformity in this respect upon a number of scattered communities widely different in their circumstances would be the most certain way of setting them by the ears.'—*Westminster Gazette.*

AN UNUSUAL DECISION.

Temperance people in Canada will note with interest a decision given recently in the Quarter Sessions Court of Chicago, when Judge Tuthill awarded \$17,500 damages against three saloon-keepers in favor of the children of John Hedland. The man in question was a journeyman carpenter and five years ago was earning a salary which allowed him to keep wife and children in comfort. He began to drink, lost his position and his home and left five children starving. A guardian was appointed who, on behalf of the children sued the three liquor men who had supplied Hedland most regularly with alcohol. They naturally, put up a strong fight, but their arguments failed to win over the judge who held that they were liable for damages to the amount stated above to the children who have been deprived of a father's care. The case will probably be carried to the Supreme Court, and defeat there will mean a powerful blow to the liquor interests.
