LIVERPOOL MARKET

Liverpool, Sept. 3.—Wheat—Firmness in Winnipeg and steeper American cables served to cause lighter offers here, and the undertone was steady with broadened demand and millers' absorbing heavily. Spot market irregular, 1/4 higher to 1 lower. Cargo market steady, winters unchanged, Manitoba's 3d. higher. Plates unchanged, and Indians 3d. higher. Nothing offered.
There is a noticeable tightening of both American and Canadian offers and arrivals are lighter with expectations of light world shipments and a further reduction on passage.
Corn—Quiet, but steady, with lighter shipments from Argentine, and parcels 1/4 higher.
Buenos Ayres wheat closed firm with support in new crop months.

FOREIGN CONDITIONS

Liverpool, Sept. 3.—Argentine weather continues dry and cold; complaints are coming from all sections.
United Kingdom—Weather unfavorable.
France—Weather unfavorable.
India—Dryness continues. Reports from Berlin state that small progress is being made by the enemy in the Dardanelles.
Argentine shipments—Wheat, 200,000; corn, 2,976,000; oats, 590,000. Flax—Argentine shipments, linseed, 570,000 bushels, including 165,000 bushels to America. On passage to America, 1,478,000 bushels; stocks decreasing; weather dry.

The Livestock Markets

Chicago, Sept. 2.—Light hogs were in good demand today and brought better prices, but the heavies were in poor request and values showed little or no change from yesterday. There was good enough demand for choice cattle to hold the market steady, but no feature in the trading developed. Sheep were lower, a run of 1,200 being more than the trade had looked for.
South St. Paul, Sept. 2.—Estimated receipts at the Union stockyards today: Cattle, 2,300; calves, 400; hogs, 18,000; sheep, 400; cars, 135.
Cattle—Prices ruling for fat cattle today were even with Wednesday, but showed full force of the 15 to 25c discount made the first half of the week. A moderate supply of native Canadian and Dakota grassers comprised the run, nothing dry fed arriving. Stocker and feeder buyers continued very partial to good to choice steers, yearlings and heifers, neglecting inferior sorts while paying fully steady rates for the kinds they wanted. Similar conditions prevailed in the

dairy division, whose quality was strongly emphasized. Outlet for veal calves was unchanged, top holding at \$10.50.

Hogs—The following shows the weight, cost and price range of hogs for Wednesday, Sept. 1: Average weight, 245 lbs.; average cost, \$6.85; price range, \$6.35 to \$7.50. Hog prices were practically steady today, although there was a slight tinge of strength in some spots. Receipts were light in this department. Light droves were quoted at \$7.00 to \$7.50, mixed at \$6.60 to \$7.00 and heavies at \$6.40 to \$6.60.

Sheep—Light receipts of sheep and lambs today enabled sellers to dispose of such stock at steady rates, notwithstanding the weak news from other points where supplies were relatively larger. Lambs topped at \$8.50 and ewes at \$5.50, practically inferior offerings commanding corresponding rates. The demand for good to choice feeding and breeding stock continues ahead of available supplies.

Toronto, Sept. 1.—Business at the local livestock yards was a little slow. The market for cattle has been gradually weakening. Except for extra choice heavy steers, the prices of butchers' have been pared. Shipping cattle was lacking, but better classes of butchers' sold a little lower than on Monday, while common butchers, bulls and cows were down a full half dollar from a week ago. Some fairly choice weighty butchers' sold at \$8.00 in load lots, with good between \$7.50 and \$8.00, and medium at \$7.00 to \$7.50 and common at \$6.25 to \$7.00. Quite a large proportion of offerings were commonish bulls and prices of these were down. While good beans brought \$6.00 to \$7.00, bologna were as low as \$4.25 to \$5.00.

With a moderate run of stockers and a fair inquiry market, values were barely steady. From \$6.50 to \$7.00 was paid for best, with fair at \$5.75 to \$6.50 and poor at \$5.00 to \$5.50. Milkers found a ready market again, the supply being limited. For choice \$80 to \$90 was given, for medium to good \$60 to \$80. Calves sold about steady with the easier rates prevailing on Monday. The run of sheep and lambs was light. An inquiry was keen the result was a recovery in prices of about 25 cents per cwt., the bulk of lambs going between \$9.00 and \$10.10. Sheep were steady, light ewes selling between \$5.50 and \$6.50, heavy and bucks between \$4.00 and \$5.00, with culls between \$2.00 and \$3.00. Swine held at Monday's sharp advance, bacon hogs going at \$9.40 to \$9.65 off cars, at \$9.15 to \$9.40 fed and watered and at \$8.80 to \$9.05 f.o.b. country points. Light hogs and heavy hogs sold at 50 cents per cwt. less.

Winnipeg, Sept. 4.—Receipts at the Union stockyards during the past week were: Cattle, 3,918; calves, 173; hogs, 1,367; and sheep, 287. Receipts of cattle have been fairly light during the past week, but owing to outside markets being lower the local one has been weaker in sympathy. All grades of fat steers are about a quarter lower than last week and female stuff is also lower. Stockers and feeders are in good demand and as is noted under "Western Market Conditions" in another column, most of the local receipts are half fat cattle which are going south and being bought up to be finished off in the North Central States. Oxen and bulls are about steady and good milkers and springers are in demand. There is a probability that the market will be weaker this week owing to holidays and any large run of stock would quickly depress prices.

Hogs are selling very well at 9 cents. Offerings are light and are snapped up eagerly. Rough sows \$6.50 to \$7.50 and stags \$4.50 to \$5.00. Sheep and lambs are not very fixed in price owing to uncertain shipments. For lambs from \$8.00 to \$8.65 is being bid, but an 8 cent market is likely to hold for a few days. Sheep are quoted at \$6.50 to \$7.00.

Country Produce

Winnipeg, Sept. 4.—Note.—Prices quoted are all f.o.b. Winnipeg, unless otherwise stated.
Butter—The market for butter is very quiet
