Farm Women's Clubs

Manitoba's New Secretary

The readers of the Farm Wom-en's Club page this week are in-troduced to Miss Mable Finch, the new secretary of the Women's Sec-tion of the Mani-toba Grain Grow-ers' Association. Miss Roe offered a position the staff

on the staff of the Guide white The resignation of the stary of the st Miss Mahei E. Finch on the staff of the Guide which she decided to accept. The resignation of Miss Roe as secretary of the Women's Section will not mean that she will be severed entirely from the work of the women grain growers. The women's organization still feel that they have Miss Roe's sympathy and as far as possible her co-operation in the extension of the work. Miss Finch, her successor, is a Manitoba farm girl from Carman. She has had experience as a teacher in the rural schools of Manitoba and Saskatchewan. She has sensed the bigness of the work of the Manitoba farm women and brings to that work a seriousness of purpose, and enthusiasm, that will go far to insure her success. Miss Finch is located in the Central office, 306 Bank of Hamilton Building, Main Street, Winnipeg, and all communications should be addressed to her. Miss Mabel E. Finch

Interesting District Report

Interesting District Report
Director Mrs. Geo. F. Root reports
well merited recognition by the Wetaskiwin branch of the Red Cross of the
work of the Gwynne U.F.W.A. At the
annual meeting of the Red Cross, Mrs.
Fred Freeman, president of the Gwynne
local was elected as a member of the
executive, because of the splendid contribution of sewing and of money from
that U.F.A.

Harvest Home, near Bittern Lake,
has organized a Juvenile U.F.W.A. with
ten members. Their first work was to
secure a subscription of \$31.50 for the
soldiers' Christmas socks. They are going to do Red Cross sewing and have
arranged to give a Japanese Tea in
November. Their leader is Miss Irene
Luther, teacher of the district who is
enthusiastic in promoting rural betterment with and through the people of
the district.

The boys and girls of Weiler U.F.A. district.

ment with and through the people of the district.

The boys and girls of Weiler U.F.A. will compete for a prize at their next meeting to be awarded to the side making the best five-minute speeches.

East side, Ponoko, has organized a U.F.W.A. with Miss Batha Laycock, secretary-treasurer, and Mrs. Wheeler, president. They make an enthusiastic start with 11 members.

Mrs. Root addressed the Fairdonia Valley U.F.W. on October 17, being the guest of Mrs. Smith, of Sedgewick. She found this local composed of many trained leaders who should be utilized by the organization.

On the evening of the 17th an organization was effected at Prairie Park, Killam, with Mrs. McGowan, president, and Miss Scott, secretary-treasurer. The schoolhouse, where the meeting was held, was one of the best equipped in the province.

October 18, the Cherry Grove U.F.W. gave a largely-attended tea. There was music, recitations and a speech from Mrs. Root, after which tea and a buffet lunch were

The women of Bear's Hill have assisted very gen-erally in major erally in major farmingoperations throughout the season. They are planning a play for future recreation.

Twin Lakes is another local of the control of the

busy farm women They, have, how munity hall, and when threshing is finished we expect to hear of good work

from there.

Lone Ridge has completed a large quota of Christmas socks for the sold-

paofa of Canada iera.

Pleasant Prairie was represented by speakers in the U.F.W. forum, both at Wetaskiwin and Ponoka fairs.

John Knox is one of the most energetic of our U.F.W.'s, due partly to the capability of its president, Mrs. B. Ballborn.

getic of our U.F.W.'s, due partly to the capability of its president, Mrs. R. Ballhorn.

The U.F.W.'s, of Ponoko district united during the fair and served lunches, cafeteria style, netting nearly \$300, which was given to the Red Cross. The federal enfranchisement of women in the Dominion of Canada has awakened farm women to a realization of their civic responsibilities; and a study of the various organizations attempting to advertise social, health, recreational and educational measures for rural suprovement leads to the conclusion that the U.F.W. is adapted to co-ordinate all these fields without duplication or waste of energy.

What is needed and needed badly is more voluntary service directed toward organizing new units. From now until convention, who will answer this call?

Cheviot Rally and School Fair

The Cheviot Raily and School Fair was a splendid success. The children from the three schools represented in the local, put on a good exhibit of school work, vegetables and grains and a little domestic science display, while the women put on a good exhibit of way cooking.

the women put on a good exhibit of war cooking.

In getting up the fair, the aim of the committee was to provide instruction as well as entertainment, and they were fortunate enough to secure three speakers. Mr. Orehard, district director, gave a splendid address, in which he outlined the origin and aim of the association, as well as some of the things they had accomplished, and ended up with an urgent appeal to any present, who were not members of the association to join without delay. The next speaker, Professor Bates, director of school agriculture, dealt with the problems confronting the rural schools of Saskatchewan, and was listened to with great attention especially by the trustees present. Mr. and was listened to with great attention especially by the trustees present. Mr. Rayner, director of Boys' and Girls' Clubs, gave a demonstration on stock judging to the boys and girls. One of the girls brought her prize heifer into the ring, and Mr. Rayner pointed out the desirable points in beef and dairy types of eattle.

the desirable points in beef and dairy types of cattle.

After the speaking was over, the sports' committee put on a good program which was well contested. The happiest part of the day for the children was when the \$45 of prize money was awarded to the winners.

The profits from the booth amounted to about \$40, which amount please find enclosed as a donation to the Red Cross.—Miss Marion Goodale, Sec.-treas., Cheviot W.G.G.A.

A Good Start for the Winter

Mrs. Beatty reports that the Nanton U.F.W.A. did not hold any meetings during the month of August, owing to the busy time on the farms. At the September meeting, 22 members and four visitors were present. Lunch was served, the proceeds of which, amounting to \$3.65 is to go towards sending parcels of good things to the bays at the front, or else for yarn to knit socks

for the Red Cross. A great many paired socks have been knitted by the member already. The local has recently had visit from Mrs. White, president of the W.C.T.U., who spoke on Child Welfar Those who had the privilege of listening to her were intensely interested Mrs. Beatty states that, on the while they having splendid meetings in the Nanton local. That they may now with even greater success during the coming winter is the hearty wish of the Central office.

· Largest Membership Increase

Largest Membership Increase
Mrs. Stevenson reports that the
Craigmyle U.F.A. and U.F.W.A. an
putting on a big membership drive in
their district, and trust that same wil
result in a greatly increased membership. She promises to send us a full
report later on. In the meantims, I
hope that each of our other locals wil
follow the good example set them, sal
see if they cannot even do better. One
again let me remind you of the prise
which we are offering to the local whi
is successful in adding the greater
number of new members to their nil
during the year. If there is any wy
in which the Central office can asse
you, let us know and we shall be glat
to do whatever we can. We want ou
membership report for this year to be a you, let us and to do whatever we can. We want ou membership report for this year to be a record breaker.—M. W. Spiller, prov. see

Young but Energetic

Young but Energetic

The Asme W.G.G.A. is only the meetings old, but owing to payion work and having some cash on hast, we were able to proceed right on win the work we had planned.

We have held a Donation and le Cream Sale for the Red Cream Find, which netted us \$161. We feel very proud of this amount as the crops have been poor in this district for the last three years. It showed the williagness and desire of those who contributed to do all they could for so deserving a cause.

ness and desire of those who contributed to do all they could for so deserving a cause.

A series of socials were planted, which have been very successful we far. Each social is under the direction of the member offering herself and she does everything toward making the event a success with the help of the association. At present, we are sawing for a fair to be held this fall, knitting socks for the soldiers, making an autograph quilt, which amount of work is keeping us quite busy.

The plan we have adopted of keeping a "Working Fund" always on half has been very successful. A sum his been set aside. If the association wishs to have a sale we use from our full and replace the amount drawn on secount, when the proceeds of sale min our hands. This does away will soliciting funds and material, and every one helping with the sewing keeps the work and support of the association more evenly divided.

We are interested in the subject of the District Nurse. We are 25 miles from our nearest town and immediate help is not always available.

We have one of the travelling libraries and our president, Mrs. Harniff Lloyd, is librarian.

We wish to thank you for the circular calling attention to the wool offers by the G.G.A. We were just on the point of sending an order, and whe we compared the G.G.A. sample with those on hand, considering the print the G.G.A. sample won.—Mrs. Chas. X. Stout, secretary. Acme W.G.G.A.

New Dayton Wiresponded to the roll call by "Help for Boys and Girls" in August They are to gim a little play estitled, "Over the Teacups." Push titled, "Over the Teacups." Push the "little community theatre" ide it is needed m today than er to take our mis the war and poor erop es
