

## No. 282. Semi Auto Sleigh

The outlines are very pleasing, the body being constructed to give the greatest possible amount of solid comfort. The rear view shows that it is exceedingly neat and graceful in appearance. We are introducing a novelty in the painting of this sleigh, making it decidedly distinctive and classy.

**Woodwork**—Panels are carefully glued, screwed and plugged; moulding as represented, are solid not cheap transfers; best selected gearing throughout; bent knees; fenders mortised to beams and braced; patent hinged dash; shafts extra XXX hickory.

**Ironwork**—All braces, T's, etc., of steel, forged in our own factory; 1 inch projecting steel shoes; gear very strongly braced.

**Painting**—Two shades of automobile gray, or black, carmine or walnut body with black or carmine gear.

**Trimming**—Blue or green leather cloth unless ordered in green or red plush; removable trimmings; high easy spring back and spring cushion; sides of panels padded; carpet all around inside; padded toe rail; solid brass full plated screen; shafts full leathered with silver tips.

Important Note—Storm Doors can be supplied at extra cost.
