

REPARATION AND GUARANTEES THE KEYNOTE OF PEACE TERMS

Declares Premier Borden, Speaking in Dominion Parliament—Session May be Brief

Ottawa, Jan. 23.—"When this war broke out and before my colleagues had assembled in Ottawa I took upon myself the responsibility of saying to the British government that Canada would stand with Great Britain in this war, I was ready to stand or fall by that then, and I am ready to stand or fall by it now."

This declaration by Sir Robert Borden, coming at a time when opponents of the government are stating that Canada should make no further sacrifices in the war, formed one of the striking passages in a notable speech delivered by the Prime Minister in the House of Commons today. It was received by the Conservative side of the House with an outburst of cheers.

The opening stage contained an offer from Sir Wilfrid Laurier somewhat along the line of that made by the Conservative Opposition nine years ago, when the question of interrupting the session of parliament to allow him to attend an Imperial Conference arose. Sir Wilfrid proposed today that the war credits should be passed, together with such

dian Government at home, with intent to disparage the latter, and submitted as his material the published correspondence between Sir Robert Borden and Sir Sam Hughes. This, he argued, showed a lack of unity in the Cabinet and a lack of decision on the part of the Prime Minister.

Sir Robert Borden, after a lengthy and detailed survey of Canada's work in connection with the war, came to the question of the War Council of the Empire and reiterated his statements, made repeatedly on the public platform, that no peace would be acceptable which did not grant reparation for the past and guarantees for the future. Reparation must be made to Belgium, Serbia and other countries which have been devastated and desolated and such guarantees must be provided as would ensure the world against aggression in the future. Neutral nations, he said, were profoundly interested in such a conclusion and peace would be useless, to Germany herself, without such guarantees. The Prime Minister met Sir Wilfrid Laurier's criticism regarding alleged discord in the Cabinet. He recalled that it was authoritatively said of Sir Wilfrid's own Cabinet that "they fought like blazes." An Administration, he pointed out, was composed of men of different temperaments, but he declared he had been loyal to his colleagues and he believed his colleagues had been loyal to him. Speaking of the suggestion that he himself had shown lack of decision and firmness, he pointed out that he had displayed no such indecision as Canada's course at the beginning of the present European conflict as had Sir Wilfrid Laurier at the beginning of the South African War.

BOSTON CREEK --- A WORD WITH YOU

Boston Creek remains the leading feature of the Toronto mining share market, both in activity and price advances.

I recommend its purchase by investors—by semi-investors for the long, full and large market profits—by investors for extraordinary indicated earnings and dividends.

BOSTON CREEK IS UNDOUBTEDLY THE SENSATION OF THE NEW YEAR FROM THE NORTH COUNTRY. NOT SINCE THE DISCOVERY AND DEVELOPMENT OF PORCUPINE, WHICH REQUIRED THE BUILDING OF A RAILROAD INTO THE CAMP, HAS THERE BEEN A MINE AND CAMP OF THE NORTH BROUGHT TO PUBLIC ATTENTION WHICH INVITES INVESTMENT AND SPECULATION TO AN EXTENT EQUAL TO BOSTON CREEK, WITH A RAILROAD AND STATION ON THE PROPERTIES.

I believe present buyers of Boston Creek have but to stay with the development of 1917, as already announced through the management, to see this company push very far on the road to permanent earnings and extraordinary dividend payments. I believe those who buy now and stay with this proposition will count their profits in figures of from 100 to 500 per cent. And I believe those who buy and await the dividend-paying period, which should not be long in following the inauguration of bonanza ore shipments this month or next, will have reason to regard their holdings highly for the exceptionally high net yields which they will make on the basis of stock purchased anywhere from \$1.25 to \$5 a share.

Boston Creek is today the sensation of the Toronto Standard Stock Exchange and the New York Curb Market. Its recent volume of transactions recalls the days when the Porcupine gold issues were advancing in price. On the New York and Toronto markets the transactions as shown on the sheet in Boston Creek recall the heavy and sensational trading the latter part of October in Magna and at an earlier date in United Verde Extension.

Buy Boston Creek now. The company has a management with abundant financial and technical means to carry it to success. It represents an expenditure to date of a quarter of a million dollars. The management plans to expend as much more in providing accommodations to increase the working forces from 50 to 200 men and in the building of a mill to treat the ore on the ground. A large tonnage of the highest grade ore in the north has been developed underground and placed on the dump, and shipments are now about to start which will startle the country with the remarkable sustained showings of value—thousands of dollars to the ton—which will appear in the settlement sheets from the reduction company. The company has developed ore of such fabulous value that it is now estimated that \$1,500,000 already is available. The mine grows richer with depth and has been pronounced by the best experts to have the earmarks of a WHALE OF A PERMANENT BONANZA PROPERTY. There are two big parallel vein systems and the formation has been passed upon favorably by geologists, who are of the opinion that the ore will "go to the deep," just like the mines of Porcupine—like the great deep-vein copper mines of the United States.

I URGE IMMEDIATE ACTION IN PURCHASING THIS STOCK BY WAY OF ANTICIPATING HIGHER PRICES. BUY BOSTON CREEK FOR INDICATED REMARKABLE DIVIDEND RETURNS WHEN THE COMPANY ENTERS THAT STAGE AND FOR IMMENSE MARKET PROFITS.

P.S.—We advise the immediate purchase of Boston Creek Mines, Ltd., stock at going market prices through your banker or your broker, or place your order direct with us at our head office—Standard Bank Building, Toronto, Ontario—or any one of our nearest offices, as we specialize on this issue, and are in position to give the earliest and most complete information on the mines. Buy this stock for large indicated market profits and for the promise of an early and permanent dividend-payer.
