CONDITION OF AUSTRIAN EMPEROR IS GRAVE

London, Jan. 25—Advices received by the Vatican are to the effect that the condition of Emperor Franz Joseph is grave, says the Daily Telegraph's Rome correspondent.

NOVA SCOTIA IS EXPECTED TO GIVE 10,000 MORE MEN

The Recruiting Association has issued an appeal to the young men of Nova Scotia to enlist in the services of the Empire. Every young man physically fit and able to go to the front should answer to his country's call. So far in Nova Scotia about 12,000 men have enlisted. But we have not yet approached in proportion to our population, what Great Britain has done. Now the call comes for more men. Nova Scotia must furnish her proportion, or we shall be laggards in this great pace of patriotic service.

Upon the young men of Nova Scotia at this time rests a serious responsibility. They are the inheritors of a freedom for which their forefathers fought and died. Without effort on our part there has been given into our hands the priceless boon of liberty and free institutions. For us the testing time has come. Will we pass on unpaired to our children the liberty we did so little to obtain? In a word, are we worthy to be free?

Every young man must put this question to himself. Upon the answer his conscience makes depends the future. Here-tofore, in Nova Scotia, we have not been content to let others do our fighting and we do not believe that today Nova Scotians will fall in their full duty.

The need is great. It must be brought home to all of us. Those who cannot go to the front can nevertheless do their full duty at home. But to those who can go overseas and have not yet realized the urgency of the call—the need must be made apparent with compelling force. The time has come for enlisting our whole manhood, in one form or another, in the country's service. We have every confidence that the young manhood of this Province will not shirk from the sacrifice that the sacred call of duty demands.

Offer to Raise American Brigade of Six Thousand

Windsor, Ont., Jan. 26—Rev. Capt. W. S. Bullock, who is chaplain of the American Legion being trained at Toronto, announced yesterday that the Legion was at full strength and that an offer had been made to the Canadian militia department to raise a Brigade of 6,000 men made up exclusively of American citizens.

South American Growers Wish to Give Weight for Weight.

A large and modern cold storage has been erected in Rio de Janeiro, combined with warehouses, for the purpose of handling on a commission basis apples, pears, plums, grapes and apricots. This new concern, established partly by American funds, is also inclined to deal in fruits from other places, and Canadian growers have been invited to correspond with the managers, with a view to exchanging fruits, weight for weight. This appears to be quite a sound idea, worth studying.

Some Temperance Facts.

The American Issue has the following to say about prohibition progress. Here is ammunition for Temperance Sunday: By the rapid spread of prohibition territory the liquor traffic has been hit the hardest blow in all its history.

There was a decrease in consumption of over two gallons per capita throughout the nation.

United States revenue from liquor dropped over \$20,000,000.

The daily decrease in the use of hard liquors was enough to make a daily drop of \$39,667 in government tax.

The daily amount consumed of fermented liquors, such as beer, was lessened so much that the regular government tax on these liquors was decreased to the amount of \$17,421 per day.

Fifteen millions less whisky drank.

Two hundred - million, three hundred thousand, four hundred and thirty-six less gallons of beer. More than 17,000 fewer liquor dealers, legal or illegal.

And yet some croakers around this town say no license only causes more liquor to be sold. The above figures swat that lie and kill it forever.

WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment.

Joseph Dural, of Woodstock Street, Tavistock, Ont., says:—"Catarrh had given me all kinds of suffering for a long time. There was a swelling of the glands under the eyes and adjacent to my nose and the discharges would drop into my throat. I used several remedies, but never got the relief that I did from Booth's Hyomei. I have been so pleased with Hyomei, results that I highly recommend its use to catarrh sufferers."

J. D. Clark, druggist, will guarantee Hyomei to cure catarrh or money back. Don't delay this pleasant antiseptic treatment. Breathe in Hyomei and kill the germs.

J. D. Clark will sell you a complete Hyomei Outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, croup, hay fever and croup.

SENATOR GEO. RILEY DEAD

Victoria, Jan. 20—Senator George Riley, Liberal, died in Victoria recently, aged 73 years.

A blacksmith was arguing with a gardener as to which was the first trade in the world. The gardener said it was gardening and he quoted from Genesis:—"Adam was put in the Garden of Eden to till it." "Ah," said Pat, who had stuck up for his own trade. "Who made the spades?"

"Well, Sandy, you are getting very bent. Why don't you stand up straight like me, man?"

"Eh, mon, do ye see that field o' corn over there?"

"I do."

"Well, ye'll notice that the full heads hang down and the empty ones stand up."

Regularity in feeding and milking goes a long way toward big milk cheques:

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

Little Dorothy, whose father owned a canning factory, went to Sunday school for the first time, but soon came home screaming at the top of her voice.

"Why, Dorothy," said her father, "what is the matter?"

"O, daddy," she cried, "Don't let them do it, will you?"

"Do what, my child?"

"Don't let them can me!" she sobbed.

"Can you? What do you mean?"

"Why the teacher said for everybody to sing, 'Can a little child like me, and I ran away fore they did it.'"

The social held at the residence of Mr. George Best at Prospect was largely attended and \$37.00 realized for the Methodist cause.
