NOVA SCOTIA SANATORIUM.

A Military Service was held at the Sanatorium on Sunday afternoon at four o'clock. The Soldiers with their Officers, marched to the Vocational Building and filled every seat in the large Auditorium. Rev. A. M. Bent, Rector of St. James Church, Conducted the Service, and preached an able sermon on the text. It is I be no' afraid. The organist, and Choir of the Church attended, and led in the singing of the Military hymns. Fight the good fight, with all thy might" a favourite of the Soldiers, was joined in by all, and the sick men in the adjoining Pavilion, enjoyed hearing the familiar hymn, as it reminded them of many gatherings overseas, where their lusk voices had helped sing the same words. Dr. Miller and his staff are to be congratulated on having this fine Vocational Building, which has been erected on the Sanatorium grounds, for the use of the returned soldiers, many of whom are able to take up their chosen line of work. This building is being rapidly supplied with the necessary appliances, while skilled instructors are engaged to aid the men in whatever work they undertake. A visit to this building found some young men busy with shorthand, others diligently practising with the typewriter, others lads will take up telegraphy, basket making, rugcovering, or any other branch of work, that is desired. One young man has continued his law studies, and another has knitted a pair of woolen socks for the Red Cross. The different Clergy of the town take alternate Sundays to minister to the spiritual needs of this fast growing Community.

Did you say? Nay only Haven Sped.
Just Safe in God's home port They are not dead.
"LOST"
Did you think? How can Such lives be lost.
Just gathered up: His Jewels rare of cost
GONE
Nay Just waiting on God's wide shore-line.
The coming of life vessels— Yours and mine.

GERMANS SUMMON FLEMISH TO LABOR.

AMSTERDAM, Feb. 7.—The Telegraaf has received advices from the frontier that an order has been issued by the Germans summoning the male population of the Flemish coast for military labor. The age limits of the conscripted persons are from thirteen to sixty years.

At the Annual Meeting of the Kings County Farmers' Association, Mr. Geo. R. Pines, Mr. A. N. Griffin and Mr. W. H. Woodworth were appointed a committee to find out and report upon the fertilizer, seed, and spray material situation. The finding of the committee is as follows.

Both fertilizer and spray materials are scarce, and in order to be sure of obtaining what is required, orders should be placed at once. The price of these articles is advancing and this advance, owing to scarcity, is likely to continue. Placing your orders now, not only will better prices than are possible later be obtained, but late orders may be difficult to fill at any price.

Dealers in these supplies are in a position to quote prices, which are as fixed at present as they will be, except that there will likely be a gradual advance, therefore, if your regular dealer is not in a position to quote prices, get them from the one who is. Get in touch with your nearest dealer at the earliest possible date. The United Fruit Company have placed large orders for their members at a price much below prices ruling today, and in some lines these orders can be increased, as this was stipulated in the contracts. The Manager has stated to your Committee that he is prepared to handle orders up to the limit of possible purchase at old prices, at a price very little in advance of that given to members, providing farmers outside the Company place orders immediately. These orders to be placed through your nearest Fruit Company.

Ground limestone can be obtained by any farmer through their nearest Fruit Company, in car lots at \$3.00 per ton f. o. b. Windsor. The freight rate from Windsor is low; up to 30 miles 50 cents; to 50 miles 60 cents; to 75 miles 70 cents. Farmers not wishing a whole car can combine in purchasing a car. Minimum carload weight 20 tons. We advise ordering now when cars are available and roads are good. Government inspected, re-cleaned seed wheat can be obtained through the local Fruit Companies at the price of \$3.00 per bushel, Berwick bags furnished by purchaser, if orders are placed at once. Your Committee have made every effort to gain a full knowledge of the situation respecting the above, and would urge all farmers to make up their orders at once, otherwise disappointment is likely to result. The seed supply includes wheat, oats, barley, clover, timothy, turnip and other seeds. The fertilizer include, mixed fertilizer, 3-10 and 4-10; Bone Meal, Acid Phosphate, Slag Nitrate of Soda and Ground Limestone. The spray materials include arsenate of lead and arsenate of bluestone, hydrated lime, lime sulphur and black leaf 40.

Should any Fruit Company refuse to take orders, make the fact known to the undersigned.
