

## WELL SATISFIED WITH BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that the Tablets are the very best medicine she can give her baby. They are a gentle laxative; mild but thorough in action and never fail to banish constipation, colic, colds or any other of the many minor ailments of childhood. Concerning them Mrs. J. Bte. Charest, St. Leon, Que., writes:—"My baby cried continually and nothing seemed to help her till I began using Baby's Own Tablets. These Tablets soon set her right and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Electric Popcorn.

The popper that pops popcorn by electricity is a brand-new invention; much more convenient than the old style of popper, and less danger of scorching the corn.

It is a small pan of aluminum with a rectangular wire cage on top and a wooden handle. Through the handle passes an electric cord, which has simply to be plugged into the house circuit. Then you are ready to pop.

### Right Back at Him.

Editor (to aspiring writer)—"You should write so that the most ignorant can understand what you mean."  
Aspirant—"Well, what part of my story don't you understand?"

Ask for Minard's and take no other.

## A Combing Mill Needed.

The woolen industry of Canada is a basic industry and should be a dominant factor in the production of wealth for our Canadian people. Sheep raising, when properly encouraged, will be one of the most profitable departments of our agricultural life. The bulk of wool produced in Canada during the past has, through lack of a combing mill, been exported to foreign countries where, after being combed, it has been shipped back to our worsted mills at a greatly increased value.

Something like twenty-four million (24,000,000) pounds of wool was grown in Canada last year. This quantity is sufficient to provide for something like eight million (8,000,000) suits of clothes, which would sell for in the neighborhood of Four hundred Million Dollars (\$400,000,000). If the various processes of manufacture were completed in Canada this large sum would be set circulating in Canada through thousands of people employed in the combing and spinning of the wool, the weaving of the cloth and the tailoring and selling of the finished product.

The establishment in Canada of a wool combing mill would prove a tremendous benefit to the country as a whole and would undoubtedly receive the whole-hearted support of the Dominion and Provincial governments, textile manufacturers and breeders of sheep.

### Punctuation.

Returning from school the other afternoon a little girl proudly informed her mother that she had learned to "punctuate."  
"You see, mother," explained the child, "when you write 'Hark!' you put a hatpin after it, and when you ask a question you put a buttonhook!"

## GOOD HEALTH AND GOOD SPIRITS

Depend Upon the Condition of  
the Blood—Keep it Rich,  
Red and Pure.

When a doctor tells you that you are anemic, he simply means, in plain English, that your blood is weak and watery. But this condition is one that may easily pass into a hopeless decline if prompt steps are not taken to enrich the blood. Poor blood, weak, watery blood is the cause of headaches and backaches, loss of appetite, poor digestion, rheumatism, neuralgia, nervous irritability and many other troubles. To poor blood is due the pimples and blotches, the muddy complexion that disfigures so many faces. To have good health, a good complexion and a cheerful manner, the blood must be kept rich, red and pure. This is easily done through the use of a blood enriching tonic like Dr. Williams' Pink Pills. The whole mission of this medicine is to help enrich the blood which reaches every nerve and every organ in the body, bringing with it health, strength and new activity. That is why people who occasionally use Dr. Williams' Pink Pills always feel bright, active and strong.

Mrs. E. E. Cook, Simcoe, Ont., gives strong testimony to the value of Dr. Williams' Pink Pills when the blood is in an anemic condition. She says: "I have been a sufferer for some years from a run down condition of the system. I suffered from pains in the back, twitching of the nerves and muscles, my appetite was poor, I had indigestion and would get drowsy after eating. My hands and feet were almost always cold, and though I was constantly doctoring, the medicine I took did not help me. I had practically given up hope of good health, until a friend from Hamilton came to visit me, and urged me to try Dr. Williams' Pink Pills. It took some persuasion, but finally I consented to try them. I have reason to be grateful that I did, for after using seven boxes I felt like a new person. I have gained in weight, have a better color and my work is now a pleasure. For this condition my thanks are due to Dr. Williams' Pink Pills, and I cannot praise them too highly."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### The New Chief Scout.

His Excellency, Baron Byng of Vimy, Governor-General and Chief Scout for Canada, presided at a recent meeting of the Dominion Council of the Boy Scouts Association. A resolution was adopted expressing gratification at His Excellency's acceptance of the highest office in the gift of the Scout movement in Canada.

In reply to the resolution, His Excellency expressed the satisfaction and pleasure he felt at becoming head of so worthy and important an organization. He believed wholeheartedly in the worth of the Boy Scout Movement and its benefits to the entire country. Very amusingly and with not a little pride, His Excellency told of how, before the war, he became so thoroughly interested in Scouting that he had studied and gone right through every grade, finally winning the Silver Wolf, which is the highest decoration in the Scout movement. He recalled the occasion when he had formed twenty-eight troops in the country in which he lived. He had also started one of the first, if not the first, scoutmasters' training course. In conclusion, he said he accounted it a pleasure, while in Canada, to do everything he could to help the movement. Very stimulating reports were heard in connection with the progress throughout the provinces, the province of British Columbia receiving special mention. His Grace Archbishop McNeill, of Toronto, was appointed to the Canadian General Council, and Right Rev. Bishop Fallon, of London, was made a member of the Dominion Executive Committee. Plans were discussed for the publication of further Scouting works, and the extension of the stores department for supplies of uniforms, the object being to have one standard uniform for the whole of Canada.

The Boy Scouts of Fort William, Ont., have proved conclusively to the local Rotarians in that vicinity the splendid worth of Scouting to the community and also the value of sympathetic interest on the part of the Rotary Club. At a recent demonstration of scoutcraft given before a large gathering of Rotarians, one of the well-known doctors of Fort William pronounced the bandaging and other demonstrations of First-Aid knowledge to have been done "without a flaw."

Scoutmaster Cooper vividly described the heroic action of two of the local Scouts in rescuing another fellow Scout from drowning during the latter part of the summer and expressed the hope that they would shortly be presented with the Scouts' life-saving medal and also the Royal Humane Society's medal. Heartily and prolonged cheers from the Rotarians present greeted this announcement.

President Jackson of the Rotary Club thanked the Scouts for their splendid entertainment and many times reiterated that co-operation and help in the splendid work would ever be the aim of the local Rotarians.

The troop bailing from Halleybury

is also putting Scouting across with a "bang." At present there are about 24 new boys studying for the Tenderfoot Test, and it will be impossible to take any more recruits until these boys have passed the test. This is the stuff that counts. Keep your troop to capacity strength. It stimulates interest from within and without.

## BITS OF HUMOR FROM HERE & THERE

### His Preference.

English Waiter—"Which side of the table do you wish to sit on, sir?"  
American Guest—"I prefer to sit on a chair, thank you."

### Cutting Him Down.

Scot (at the baths)—"What's the price of a bath?"  
Attendant—"One shilling."  
Scot—"Heh, man, that's a lot. Can ye no say saxpence and put in less water?"

### Never Touched.

"Now, sir," said the lawyer, cross-examining a witness, "your answers are not satisfactory. I am afraid you are slightly ambiguous."  
Witness (with great indignation)—"I am naething of the kind, sir. I'm a strict teetotaler."

### Reason for Asking.

Little Teddie—"What time does the tide come in, Mr. Fisherman?"  
"Why, you young rascal, I've told you three or four times already. At 5.55."

Little Teddie—"Yes, I know; but I like to see your whiskers wobble when you say '5.55.'"

### Enough at a Time.

Little Bertie obstinately refused one day to say his lesson to his teacher. "But you know it quite well, I'm sure," protested the young lady. "Yes," he admitted. "Well, why don't you say it?" she inquired.

"What's the use?" he replied. "If I say it you'll only make me learn something else."

### A Stickler for Politeness.

"I'm shocked at you, kicking your little playmate," scolded Raymond's mother.

"I got tired of playing with him and I wanted him to go home," the youngster excused himself.

"Then why didn't you ask him to go home?"

"Why, mamma," he said in amazement, "that wouldn't have been polite."

### His Hearing Restored.

The invisible ear drum invented by A. O. Leonard, which is a miniature megaphone, sitting inside the ear entirely out of sight, is restoring the hearing of hundreds of people in New York City. Mr. Leonard invented this drum to relieve himself of deafness and head noises, and it does this so successfully that no one could tell he is a deaf man. It is effective when deafness is caused by catarrh or by perforated, or wholly destroyed natural drums. A request for information to A. O. Leonard, Suite 437, 70 Fifth Avenue, New York City, will be given a prompt reply.

### Buying a Wife in Asia.

In Turkestan every wedding engagement begins with the payment of a substantial consideration to the girl's parents. If the girl jilts her lover the engagement gift has to be returned unless the parents have another daughter to give as a substitute.

Morality, study, and gaiety are three sisters who should never be separated.—Voltaire.

The expedition of Mr. Donald B. MacMillan, now well up in the Arctic regions, has one advantage that no previous expedition to those regions possessed: a wireless outfit, with which it expects to keep in some degree in touch with civilization. The time signals sent out from the Naval Observatory at Arlington will be received on shipboard daily, and it will probably be some comfort merely to pass the time of day.

## ASPIRIN

Only "Bayer" is Genuine

Warning! Take no chances with substitutes for genuine "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark, (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

## SAYS HER RECOVERY IS ALMOST LIKE A MIRACLE

From Helpless Invalid to Complete Restoration of Health, Strength and Happiness Is Wonderful Change Mrs. Root Experienced in Three Weeks—Statement One of Most Remarkable On Record.

MRS. JENNIE ROOT

"Just a week before I started taking Tanlac I was down in bed so crippled up with rheumatism I could not move without pain. My son had taken Tanlac, and it had done him a world of good, so one day he brought home a bottle and said, 'Mother, I want you to take this.' When I had finished that bottle, I felt like a different woman, and by the time I had finished my second bottle, I was out in the garden heeling."

"Tanalac has simply done wonders for me; it almost seems like a miracle." This is the remarkable statement made recently by Mrs. Jennie Root, residing at 1409 Powers St., Portland, Oregon, and is only one of tens of thousands from well-known men and women who are daily testifying to the powers of Tanlac.

Continuing her wonderful statement, Mrs. Root said, "For years I suffered terribly with rheumatism, and would often be down in bed for days at a time. In the last five years there was not a time that I didn't feel those rheumatic pains all through my body. About two months ago I got very much worse and my arms and legs were so bad I was almost helpless and couldn't even hold a pen to sign my name. I was so weak I could not do any housework. I couldn't even sleep, and had no rest day or night. Even to walk a few steps would tire me out completely. When I tried to walk a little way and sat down I could not get up without some one helping me. I had no appetite and hardly ate enough to keep me alive. I could not stoop over far enough to get my shoes on."

"I never knew what a night's sleep was, and would lie awake for hours. At times I would get very cold and would have to get up and sit by the fire all huddled up, and my daughters would put hot water bottles all around me. I was treated by four doctors,

and took all kinds of medicine. Nothing ever did me any good. I am just like a different person now. All those terrible aches and pains have left me, and only the other day I was able to walk up four flights of stairs in an office building when the elevator was out of order."

"My appetite is just splendid now, and just to-day for the first time in years, I felt so hungry that I had to go and eat a piece of pie between meals. In fact, I can't remember the time that I have felt as well as I do now. I have not only regained my health and strength, but I have gained fourteen pounds in weight. To tell you the truth, I wouldn't exchange the benefit I have received from Tanlac for the best ranch in Oregon, and I will praise it as long as I live."

Tanalac is sold by leading druggists everywhere. Adv.

### Old Man Worry.

Old man worry came around the other day.  
He said: "It's only foolishness to smile or sing or play:  
The sunshine may be pleasant,  
But it's only for the present;  
And you may as well get ready for the clouds all cold and gray."

A feller with a fiddle heard the things he had to say.  
He set 'em to a tune, an' then he started in to play.

Old Man Worry  
Felt his feet begin to hurry.  
And pretty soon he laughed and went a-dancin' on his way.

### MONEY ORDERS.

Pay your out-of-town accounts by Dominion Express Money Order. Five Dollars costs three cents.

Little Robert went to call on a neighbor. "I have not seen you for some time, Robert," said she. "Have you been sick?" "Yes," said Robert. "And what was the trouble?" "Four apples," was the laconic reply.

## Fisherman's Friend.

The Original and Only Genuine

YARMOUTH, N. S.

## BABY COVERED WITH ECZEMA

When 4 Days Old. Cross and Cried. Cuticura Heals.

"My baby brother had eczema which began when he was about four days old. It came in little pimples and then a rash, and he was covered. He was so cross that he could not sleep, and he cried."

"This lasted about two months before we used Cuticura. It helped him, so we bought more, and he was all healed after we had used two cakes of Soap and two boxes of Ointment." (Signed) Mrs. Almeida Williams, Yungue Cove, N. B., May 22, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.  
Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Agents: Lynette, Limited, St. Paul St., Montreal.  
Cuticura Soap shaves without soap.

## PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had  
Miserable Time Until She  
Took Lydia E. Pinkham's  
Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. EMILY BEECROFT, 269 Victoria Ave. N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

ISSUE No. 42—21.

## The Man Who Said:

"The proof of the pudding  
is in the eating"—

was only half through

He started a good pudding-  
proof, but he didn't finish it.

There's a lot of trouble in  
the world from puddings that  
taste good but don't do good.

They "eat" well, but that  
ends the recommendation.

Sanitariums are full of pud-  
ding-eaters who stopped the test at  
taste and forgot to inquire whether  
their food gave the body what it  
needed—until the body rebelled.

Grape-Nuts is a food that  
tastes good and does good. The  
proof of Grape-Nuts begins in the  
eating and goes on through the  
splendid service which Grape-  
Nuts renders as a real food.  
Grape-Nuts is the perfected good-  
ness of wheat and malted barley—  
delicious to taste, easy to di-  
gest, and exceptionally rich in  
nourishment for body and brain.

"There's a Reason" for Grape-Nuts
